Cal Poly founding Angel

Myron Angel, 1903

During Cal Poly's Centennial it is only fitting to pay tribute to Myron Angel, a San Luis Obispo newspaperman whose efforts to establish a polytechnic institute led to the founding of California Polytechnic School, a vocational school that would "teach the hand as well as the head." NSF awards Cal Poly nearly $400,000 scholarship grant

The departments of Computer Science, Industrial and Manufacturing Engineering, Mathematics and Mechanical Engineering, along with Student Academic Services, received an almost $400,000 grant from the National Science Foundation. The $399,367 grant will provide 29 scholarships of $3,125 each to students in those departments during the next four years.

To be eligible for an "NSF Centennial Scholarship," a student must demonstrate financial need and strong academic potential. New undergraduate students and new or continuing graduate students may apply. Undergraduate scholarship recipients will receive advising coordinated by Continued on page 4
Library resources, services to be focus of workshops

The Kennedy Library is sponsoring two November workshops designed to familiarize faculty members with library services and resources—electronic and otherwise—that faculty members may not be aware of.

The workshops are 2-4 p.m. Friday (Nov. 16) and 11 a.m.-1 p.m. Nov. 29 in the library’s Reference Department, Room 111-H.

Faculty members can put materials on reserve, search indexes and databases, order new materials, request interlibrary loan and document delivery, keep current with the latest journal literature, and develop a personalized Web research page, all from their desktop.

The library offers instructional sessions for courses and provides simple-to-use interfaces that allow faculty members to set up electronic syllabuses and electronic coursepacks. Subject specialists on staff at the library will work with faculty members to design assignments that integrate information competence into the coursework.

The first hour will consist of a general overview of the services available. The second hour can be tailored to individual interests and time for hands-on learning.

Participants need not attend both hours of the workshop.

Pre-registration is required. To pre-register go to www.lib.calpoly.edu/facultyworkshop.

For more information, contact Paul Adalian at ext. 6-5767 or padaliani@calpoly.edu.

Marx to demonstrate award-winning Web site

English Professor Steven Marx will give a multimedia presentation about his award-winning interactive Web site, “Triangulated Shakespeare,” 11:10 a.m.-noon on Thursday (Nov. 15) in Science North 202.

Called “an outstanding instructional Web site” in “A Selected Guide to Shakespeare on the Web,” Marx’s site contains teaching methods and student responses, with an emphasis on student performance. It received a “five diamond” rating by the guide’s Mr. William Shakespeare and the Internet—Best Sites,” which it calls “a fine model for performance/Web/coursework integration.”

Marx is the author of “Shakespeare and the Bible,” “Youth Against Age: Generational Strife in Renaissance Poetry” and numerous critical essays.

A specialist in Shakespeare and Renaissance literature, the Bible, and environmental literature, Marx joined the Cal Poly faculty in 1988. He received the university’s Distinguished Teaching Award in 1994.

Marx’s presentation is part of the English Department’s What Else We Do series, which aims to expose a broad audience to the creativity and expertise of English Department faculty. Short, informal presentations are followed by discussion and Q&A.

For more information, contact the English Department at ext. 6-2597 or series organizer Deborah Schwartz, 6-2636.

Mandy Patinkin

In his Dec. 27 concert in the Christopher Cohen Center’s Harrison Hall, Mandy Patinkin will perform songs by Rodgers and Hammerstein, Harry Chapin, Irving Berlin and Cole Porter.

Lloyd Lamoura, 78

Lloyd Lamoura, retired head of the Agricultural Engineering Department, died Oct. 23.

Lamoura worked at Cal Poly from 1965 to 1987. He had a long and distinguished career as an educator and inventor.

Poet Linda Birdies to read

Acclaimed poet Linda Birdies will kick off WritersSpeak’s fall showcase of writers at 7 p.m. Friday (Nov. 16) in Philips Hall in the Christopher Cohen Center.

Birdies is the author of six volumes of poetry, including the recently released “The Seconds” and “The Profile Makers,” for which she won the PEN West Poetry Prize and was awarded a John D. and Catherine T. MacArthur Foundation Fellowship.

Her work has appeared in such journals and magazines as The Atlantic Monthly, The New Yorker and Penthouse.

She has been widely praised by fellow poets, including Stanley Plumly, who said, “With her latest book, Linda Birdies has moved more inward, toward the clarifying dark and its complexities. Her sense of her subject is like her sense of time: projection, idealization, and a complete taking on of the moment.”

Among her many awards are two National Endowment for the Arts grants, as well as fellowships from the Ingram Merrill, John Simon Guggenheim and W.O'Neill foundations.

Birdies directs Washington University’s Creative Writing Program.

For more information contact Adam Hill of the English Department at ext. 6-1622 or aihill@calpoly.edu.

Teachers sought for Spain Study Program

The International Education and Programs office is accepting applications for teaching in the Salamanca, Spain, Study Program for fall 2002. Faculty members from all academic departments are eligible to apply.

The primary emphasis in selecting teachers is to choose faculty members who are interested in working with non-major Spanish students. Final selection will be determined chiefly by student course selection because, while faculty input is an important element of the Salamanca program, the program is driven by the curricular needs of the students. A selection committee will screen the candidates.

The International Education and Programs office is also accepting applications for a program in conjunction with a professional study-abroad service provider. Salamanca is considered to be one of Spain’s most graceful Castillian cities. The European Union has designated it the “European Capital of Culture for 2002,” an honor that reflects city’s historical significance and cultural vibrancy.

The study program provides an opportunity for an international educational experience in a single quarter and immerses students in the language and culture of Spain.

The primary curriculum emphasis is general education in the humanities, arts and sciences. While faculty are encouraged to participate in service-learning and supports participation from faculty members in the professional areas.

Applications are available in the International Education and Programs office, Mathematics and Science 107. Applications that duplicate with departmental chair/department and college dean approvals, are due Dec. 7. For more information, contact IEP Associate Director Barbara Andrea at ext. 6-5837 or e-mail bandra@calpoly.edu.

Long-distance rates to go down Saturday

Beginning Saturday (Nov. 17) the cost to place long-distance calls from campus phones, including those in residence halls, will be reduced.

The recently completed CSI-wide long-distance service contract enables Cal Poly to reduce intrastate rates to 9 cents a minute and interstate rates to 11 cents a minute. The rates will be reflected in the December 2001 departmental telephone bill and support students’ phone bills.

For more information, contact Telecommunication Services at ext. 6-2671, e-mail telco@calpoly.edu or visit www.teleservices.calpoly.edu.
Library resources, services to be focus of workshops

The Kennedy Library is sponsoring two November workshops designed to familiarize faculty members with library services and resources — electronic and otherwise — that Cal Poly provides.

The workshops are 2-4 p.m. Friday (Nov. 16) and 11 a.m.-1 p.m. Nov. 29 in the library’s Reference Department, Room 111-H.
