Eleven New Instructors Appointed To Faculty

As part of the continual growth of Cal Poly, eleven new instructors have been appointed to various engineering departments at Cal Poly. These appointments bring the total number of faculty members to 94, including 23 women.

Five are in engineering, two are in the arts, and four in liberal arts—nine are men and two are women. One of the new faculty members is a woman in the arts, and three in liberal arts. At the time this announcement was made, all the new faculty had returned to work, except for the woman in the arts, who is on leave for the summer. As of July 29, 1955, California's only state university had 85 faculty members.

New Ray Machine Well-Supported

A new ray machine has been brought to the campus, where it is being used to produce X-ray pictures of welds. This machine, which will be used in the educational department, is valued at $125.

New Offerings in 1956

A record Associated Student Body budget of $96,546 has been approved for the school year of 1956. The largest source of revenue will be student body card fees, which will bring in $48,639 with $12,906 expected expenses. The budget will bring in 145,586 with 112,906 expected expenses, balanced in the red by $26,680. The budget for the 1955-56 year was $91,800.

German Goodies In Line For Campus Appetites

"Learn-by-doing" is an old story to Herbert Willrich, who will be head laker in the campus bakery which will be housed in a new building to be constructed in the fall of 1955. Willrich was brought to Cal Poly by President John A. McCarthy, who was formerly president of the University of Wisconsin, to establish the school's first on-campus bakery. Willrich will have the opportunity to pass on to others what he has learned today.

Home Economist Says Children Look For Attractive Food

Home Economist David M. Grimes says children look for attractive food. "A record Associated Student Body budget of $96,546 has been approved for the school year of 1956. The largest source of revenue will be student body card fees, which will bring in $48,639 with $12,906 expected expenses. Mystery Time—Or Is It?

That Mike Hammer Guy Has Nothing on Jack Axe

by "Bronze" Bailey and "Plaid" Bowman

I am not that Jack Axe you read about in the papers. I am not that Jack Axe you see in the movies. I am not that Jack Axe who has been around a long time.

I am the new Jack Axe, the real Jack Axe, the genuine Jack Axe, the authentic Jack Axe, the one who never appeared in the newspapers, the one who never appeared on the screen, the one who never appeared in a novel.

I am the new Jack Axe, the one who has never been seen, the one who has never been heard of, the one who has never been written about.

I am the new Jack Axe, the one who is new, the one who is different, the one who is unique.

I am the new Jack Axe, the one who is the real thing, the one who is the genuine article, the one who is the true product.

I am the new Jack Axe, the one who is the new and improved version, the one who is the latest and greatest, the one who is the best and most effective.

I am the new Jack Axe, the one who is the newest and most modern, the one who is the most advanced and most up-to-date, the one who is the most efficient and most effective.

I am the new Jack Axe, the one who is the future, the one who is the next generation, the one who is the next big thing.

I am the new Jack Axe, the one who is the new and improved, the one who is the latest and greatest, the one who is the best and most effective.

I am the new Jack Axe, the one who is the real thing, the one who is the genuine article, the one who is the true product.

I am the new Jack Axe, the one who is new, the one who is different, the one who is unique.

I am the new Jack Axe, the one who has never been seen, the one who has never been heard of, the one who has never been written about.

Electronics Head Plans Study Of Microwaves

To keep up to date on the latest technical advancements in fast moving electronics, Electronics Engineering is giving its graduate students some opportunity to visit firms in the area and observe engineering practices and diverse matters of engineering education. Radius.

"Another reason for my choosing the New York area is that the national I.R.E. convention will be held there in March. This next year, the convention is expected to pay visits to about 15,000 engineers.

"There are about 10 Cal Poly electronics graduates in the New York area, and I plan to call on the other schools."

Richard Costa, EE: The only change that I've noticed so far in the coffee line moves faster all day than any other time, and the men are more willing to help each other out.

"I don't think women are spotting work. It will improve the dress and attitude of the men.

"Most men in this field are not in a good position to help other men.

"Poly is going to improve school spirit and morale. Most male students will find that the women will do a better job in the kitchen, and they will adjust to it.

"I'm all for a co-ed school. I think it's a natural intervention for getting along together.

F. M. Doane, student: The greatest thing is the improvement of the female. The women don't smell like the cow barn any more.

Harry Winnemore, student: The greatest thing is the improvement of the female. The women are more thoughtful about things than before."

George Ilum, Alt: "I don't think women are spotted work. It will improve the dress and attitude of the men.

"I think it's a good thing for the school. It will help to put Poly on an equal basis with other schools."

Max Stewart, Dairy Manufacturing: "I think it's a good thing for the school. It will help to put Poly on an equal basis with other schools."

Fred Muhlner, Alt: "It's going to improve school spirit and morale. Most male students will find that the women will do a better job in the kitchen, and they will adjust to it.

"I'm all for a co-ed school. I think it's a natural intervention for getting along together.

Harry Winnemore, student: The greatest thing is the improvement of the female. The women don't smell like the cow barn any more.

Whit Ladson, Mgr. Dutch Tanhauff, Chef

"Poly's where you'll find her on a brand new deal, which you may create whenever a woman's gonna help, because Polly is the essence of femininity.

"Feminine touch, In El Corral. She's a demure lady, with a dirty, dirty aura. Her figure has no resemblance to a woman. She's been known to throw a shave or two extra a week, but she's the best chaf in San Luis Obispo."

"Pretty Polly" Peepsl

Have you met Polly?

Harry Winnemore has had it in El Corral. She's a demure lady, with a dirty, dirty aura. Her figure has no resemblance to a woman. She's been known to throw a shave or two extra a week, but she's the best chaf in San Luis Obispo.
