RESOLUTION OF FACULTY LIBRARY COMMITTEE

In the June, 1980 Faculty Library Committee report titled, "Research, the Role of the Cal Poly Library", a number of problems were identified which impact on faculty research at Cal Poly. One of the problems identified was the cost of accessing the Automated Retrieval of Bibliographic Information.

In a letter dated November 25, 1980, Anthony Moye, Assistant Vice Chancellor of Educational Programs and Resources, invoked policy which restricted each Library in the CSU System to spend no more than $5000 on automated retrieval systems such as DIALOG and MEDLINE.

This retrieval system will become of greater importance in the future, especially with regards to faculty development and research.

WHEREAS, faculty development and research will play an important role in the University's future policy, and

WHEREAS, the Cal Poly Library's automated retrieval system is a major element in the faculty's professional growth and research effort, then be it

RESOLVED that the Academic Senate recommend that (1) money be appropriated specifically for this retrieval system in the University's future budget, and that, in addition, (2) a portion of all research grant money (indirect costs) be set aside for the Library.

Chair, Academic Senate

Subject: Consultative Procedure for Appointment of Vice President for Academic Affairs

Date: October 20, 1981

Please find attached two documents related to this subject. President Baker and I had extensive discussions with regard to both the recruitment advertising copy and the composition of the recruitment committee last Thursday and Friday. It is my understanding that the advertising copy has already been approved by the President and is being sent off campus.

The second draft document was developed last week as a result of our discussions on Thursday and Friday, however, we do not need to finalize this material until November 1, 1981.

President Baker has asked me for my reactions and I am including this item on the Executive Committee agenda of October 27, 1981. As this is a potentially sensitive issue, I would hope that you would hold these documents in confidence for the time being.

I would appreciate any comments or suggestions you may have regarding these documents, either before or during the Executive Committee meeting.
