By Joyce Allen

**QUESTION:** Shall a time limit be put on the duration of a goodnight kiss; should the girls decide?

**Walter Roberge, Freshman Social Science Major, Newport
didnot**

"You feel as long as it takes to test the lipstick from her face in the mirror.

Berdoo Brown, Freshman Home Economics Major, Benson:

"If it doesn't bother the people involved, why should it bother any other?

**Vera Turner, Freshman Animal Science Major, Majorston:**

"Yes, it's up to the girl to set a time limit, but that time limit would depend upon the fellow she's with.

**Murray:**

"No, Fuller's rule on the duration of a goodnight kiss should be up to the girl to decide. If it doesn't bother the people involved, why should it bother anyone?

**Dr. Hooper:**

"A time limit would put an intolerable strain on the personnel involved, Murray.

"In order to maintain efficient operation of the hall, we need to have students on campus in time to de-M, so halls are closed. We feel that the time limit would be at least one hour before hall closing.

"However, if the student body feels that the hall closing time is too early, we can make a change in the rules to accommodate the wishes of the students."

"The Poly Penguin Motorcycle Club is setting up their annual student-run race next month, so Larry Hooper, our advisor, offered.

The race will be set up on the course of the Poly Faculty Ride, which is known throughout Cal Poly as a long and hard test of Red Road machine is slated for Feb. 19 at 6:45 P.M.

It has been going on for over 15 years through the roughest country不可能, on the Poly campus, but the exact course will not be released until the day of the race.

All Poly students interested, ex-

"Students may sign up with any member of the Poly Faculty bike club, which is based in a garage on the corner of the Poly campus.

"As long as you're interested in the vital problem of radioactivity and health, you'll be interested to hear Dr. mayor.

**Richard G. McClenon, Freshman Electrical Engineering Major, Humboldt:**

"Yes, it's long-term.

**J. T. Ponce de Leon, Junior Animal Husbandry Major, San Marcos:**

"Yes, it's long-term."

Jan Telford and Rod Anderson offer a sitting invitation to all interested students to attend the Thursday-night meeting of Fall Leadership Conference Committee. Anderson, chairman of the '60 interim, says that the meeting will be open to all interested students.

**Group Sets Theme For Religion Week**

"Why Were You Born?" is the theme selected for this year's Religion Week. It is only theme that students at Poly have ever held for Religion Week. Religion in Life Week is a period of special emphasis on the area of faith in life in students.

The Program Committee has outlined a three-fold program which includes showing that God is concerned with TOU, showing that He offers a reason for living, and making known what others have found in different religions.

Sponsored by the Inter-Faculty Council, R.U.W. is prepared by eleven cooperating religious clubs on campus.

The work is designed to call the student's attention to the fact that there are programs available through these religious groups during the year.

All campus clubs have been contacted about having special speakers for the week. Today is the deadline for all requests for speakers. There are about five hours still to be scheduled. Any interested groups should contact the Religion Week Committee in Room 203, or they may call the Religion Week chairman, Larry Hooper.

**Nielsen Wins Talent Show**

"Bill Nielsen took top honors in the talent show Thursday with his rich trempy, Lincoln Young was second with a solo, and Shaheen Yacias and Dudley Fuller were third with a pantomime.

The show was sponsored by the Young Farmers and Sophomore Class. The three top award winners divided $60.

**Murray:**

"Don't Study, Lack Preparatory Study"

"There are two reasons," says Assistant Dean of Students Murray, "why approximately 75 per cent of the student body may be on probation.

First of all, students have either been exposed to the material and have not studied or did not take a college preparatory course of study in high school, as Murray says the administrator.

State colleges do not require any set pattern of high school courses, therefore, the students have missed many things, such as typing, study habits, while others report that counseling among groups, friends, or students, made the going rough for these beginning students.

"However," adds Mr. Murray, "some students on probation can have on probation.

Questions to the problem? Mr. Murray says he believes a lot of counseling is needed among students, but counseling among groups, friends, or students, made the going rough for these beginning students.

The transition from high school to college is a different philosophy, but counseling among groups, friends, or students, made the going rough for these beginning students.

"However," adds Mr. Murray, "some students on probation can have on probation.

Wrestlers Unbeaten in Ten Outings; Open Home Slate Thursday

Newcomer Makes Ring Appearance Friday Against COI

By Frank Locken

Just out of services in Walt Disney's "The Aristocats," a newcomer will be looking for Colleges of Idaho Friday night (L) as a member of Coach Tom Lee's Mustangs.

Hailing from San Diego, he has received successive sport titles in the Mariano Hills last season, and the former wrestler will be making his debut against the Buffs with a 147 pound weight. He can hardly wait to try his hand at the 168 pound class as he did against San Jose State last week. He has a very "grapple style," primarily a body attack with power in both hands.

Against Colleges of Idaho, Friday, he will probably be fighting as a 147 pounder. The visitors have experienced men in all divisions and losses of weight—this outing should be a good test for Mustangs.

The fights begin at 5 P.M.

Horseholders Open Workouts February 1

Initial workout of the 1988 basketball campaign takes place Saturday, February 1. The opening session is slated for 10 A.M., according to new assistant coach Bill Winters. Interested individuals interested in trying-out for this year's club are invited to contact Blake in the office before Saturday.

However, the administrator points out that a student with many college activities is not necessarily the student who "makes" in the probation list. It is the student who sees every picture change at the town theaters or takes part in clay-packet sessions. The student, with the balanced load, a probable answer to better grades, gets the best marks, concludes Chandler.

The easiest-writing portable ever built!

Patented free-swing action

Never before have so many golf pros done so much for a golf shirt! Look at these features:
- Knit to yield with body motion—no bind, no tug, no yank!
- Porous fabric absorbs perspiration fast, speeds evaporation. No "clammy" in Advanair. (Ultras, Hliming, Statler Hideless.)
- Guaranteed not to shrink out of fit, Machine washable. Just hang up to dry.
- Easiest way we know of to keep your comfort on course and get more fun from your equipment.

The Student’s Voice

Dear Editor:

It’s my belief—I will speak. In few places can coffee be had at five cents per cup. El Cerrito Coffee, found in this pleasant condition—but it is threatened. Duke Hill, manager, says he sells 2000 cups per day, and does nearly 2000 dollars worth of business. He is considering raising the price to ten cents per cup.

Bill sold his force rekindled the fire during the Christmas holiday, from newspaper boy to tray boy. These came from the vicinity of the Administration Building. This was, plus the fact that he must pay for clean-up help, aggravates the situation. If Central must sell 100 cups per day at five cents to recover the life, this does not include the cost of the coffee, and other overhead. Even with the help, the price in 8 cents is a shock to the wallet.

In Club’s, below, the price is 8 cents, plus a tip. There have been many complaints that the coffee is not good enough to buy a new-excess of 80 cups per day. Better to increase the price to 9 cents per cup, or 10 cents, than lose business.

Duke Hill said he would do his best to keep the price low, but the price has to go up. He was even considering raising the price to ten cents per cup.
