Foundation Board Report
November 14, 1978

The Board approved the following business items:

A. Engagement of the firm Knight, Towle, Sage and Johnson for the 1978 audit report (estimated cost: $11,500 - $13,000).

B. Guidelines for the use of discretionary funds (streamlines the process; for expenditures under $25, only one signature is required).

C. Purchase of a range with tilting braising table for stir-fry food preparation ($3,150).

D. Purchase of a four-horse trailer to replace current one which is 15 years old ($7,732).

E. Remodeling of BA & E 10 for C/M/P ($3,500).

F. Reserve transfers (bookstore, food service and agriculture).

G. Purchase of bundle tying equipment for U.G.S. ($1,860).

The Board also accepted the financial reports for September 30, 1978. Foundation assets are considerably higher this year due to the prepaid meal ticket income. However, a large reduction was experienced due to the payment of the assessment for student unemployment insurance. The financial positions of the Bookstore, Food Services, Agriculture, U.G.S. and C/M/P are reported and discussed in the agenda.

The objectives and status of HEP were discussed in detail by the program director, Tony Garcia and students involved in the program.

One item under further study would be the plans for the University Union and net revenues from the Bookstore. Reserves have been met by the Bookstore, and $54,513 has been transferred to the University Union Operating Reserve. The Bookstore is in the process of examining its pricing policies, and the University Union Board of Governors is planning the future goals for the union. Plans for expansion of the union (such as a third floor, outdoor facilities, etc.) will be considered.
