ASB Petitions Now Available

“Petitions for nominations to student body offices are now being accepted,” announced Earl Coké, ASB presi­dential candidate. “These include the positions of student body president, vice-president, and secretary. The petition must be signed by at least thirty students and must be turned in by April 8th.

The office now open are presidential candidate, student body president, student body vice-president, student body secretary. The petitions must be signed by twenty students, and held and returned before April 8th. The deadline for filing is April 15th.

SAC Votes Money To Wrestlers For Laramie Trip

RAC voted Tuesday night to allocate $160 to the wrestling team to make the trip to the NCAA National Wrestling Meet, which will be held in Laramie, Wyoming, on Feb. 1-2. The trip will be paid for by the school, except for meals and hotel charges.

Laramie will be the site of the annual National Wrestling Meet, which will attract over 600 wrestlers from across the nation. The meet will feature some of the best wrestlers in the country, including some of the top athletes from the universities of California and Stanford.

The RAC allocation of $160 will be used to cover transportation costs, lodging, and meals for the wrestlers. The school will pay for the rest of the expenses, which include bus fare, hotel rooms, and meals.

SAC is dedicated to supporting the University wrestling team and ensuring that they have the necessary resources to compete at the highest level. We are proud to support our wrestlers in their pursuit of excellence, and we look forward to seeing them represent our University in Laramie.
Sports Roundup

Baseball

Coach Bill Hills' Mustangs have been playing some of their best baseball this season and have won two of their last three games. The team currently sits in third place in the CCAA and is looking to maintain their momentum for the remainder of the season.

Tennis

Poly's varsity tennis squad opened their season on Friday as they hosted their first home match. The Mustangs defeated their opponents in convincing fashion, setting a strong tone for the upcoming season.

Track

Diagnosed to drop their third consecutive meet, the Mustang track team traveled to Santa Barbara for Saturday's meet. The team is looking to bounce back as they prepare for their next match.

Boxing

Coach Tom Leonard's Mustangs boxing team has been hard at work, preparing for upcoming matches. The team is focused on improving their skills and continuing to build their reputation in the sport.

Basketball

Mike Emmons, Mustangs' guard, was named to the first team of the Eastern Division, as well as the All-CCAA team. His contributions have been instrumental in the team's success.

Wrestling

Poly's undefeated CCAA champions are currently engaged in the NCAA tournament in Las Vegas. The Mustangs last Tuesday night entertained the Japanese Olympic squad and lost 19-1 before a crowd of about 5,000. They lost exhibition matches, under international rules. The event was intended to be a fund raising device to aid sending the great whites to the nationals.

Swimming

Gene Lance, Mustang 1600 meter swim star, and Poly coach Dick Anderson are in Ann Arbor, Mich., preparing for their meet. Lance, who holds the longest national mark in the 1600 meter, will compete in the NCAA meet.

TO SAY THE LEAST
By Alton Fryer

Humpty Dumpty was sitting on this wall, see. People kept telling him that he was crooked. But Humpty was a good egg. In fact, he was a real cool egg—so I've heard.

No, all the King's horses and all the King's men couldn't change his mind about painting his wall with Ivy stripes. Why? He even had a button down "yoke".

"Yos, sir. Humpty was a good egg. In fact, Humpty was so upset about this kitten, he was really bugging him. He was really digging that Ivy League.

Humpty's hard shell, but it really made him tumble. He was a real go for those dumpy clucks, and there was nothing squirrelly about this kitten.

This cool chicken fluttered her leathers at Humpty. Humpty got on with this story, this cool chicken strutted by, Yeah, this cool chicken strutted by.

"How about you and me boating it to the Bunny Hop together, Humpty?"

Humpty slipped off of the wall alongside the chicken and kept grumbling to himself. This chicken really dug that noise and made no bones about it. She was real gone over the new Spartus Cash Register he was driving. Yes, sir. She was as excited as any girl would be, she gave him a big pat right then and there. It didn't crack, either. It was a real gone egg.

And the moral of this story is, "You don't have to be a square to be two pidded." And that's all. To Say The Least.

Taylor Pens Story In Trade Journal
Morris P. Taylor, mechanical engineering faculty member at Cal Poly, is author of an article on "Design" in More Than Nuts and Bolts, in the March issue of Product Engineering, a nationally distributed McGraw-Hill publication specializing in design research and developments.

Taylor, a member of the Cal Poly faculty in 1964-65, provides a checklist of basic requirements for design. He lists factors that must be considered due to over-emphasis on stress, deflection and function and points out many of the requirements are overlooked due to over-emphasis on deflection.

"Design requirements are of two types," he writes. These are abstract that must be any design, and "relatives" that apply to certain products—depending on use, function, customer demand and similar characterizing factors.

The ignoring or overlooking of requirements for favor of concentration on stress, deflection and function can risk in redesign later or complete failure, he explains.

After study at Brandeis University and Massachusetts Institute of Technology, Taylor was Southern Pacific engineer, then study and commercial engineering faculty member at Cal Poly, Author of an article in Product Engineering, a nationally distributed McGraw-Hill publication specializing in design research and developments.
