SAC Receives $700 Bill For Homecoming Pranks

Bonfire rally damages totaled $784.54. This was revealed in a statement issued to Student Affairs Council Tuesday night by Dean Everett Chandler. Damaged and missing articles ranged from fire extinguishers to hub cups. The council took no action on the statement and referred it to the Advisory Commission, which consists of Student Body President, Ed McGrew; President McPherson, Dean Harold Huyke, a representative from each division council and two faculty members appointed by the college president.

Three hundred dollars was voted to pay the salaries of two assistant football coaches. The issue was defeated two weeks ago. Last week Vicenty Coach Roy Hill was appointed assistant coach and this week he was passed. The vote was taken on the routine agenda and was not approved by SAC. This year the team will travel to Topsy and Tunney. Arti; Pomery, Wash. Fondosanl, Ok., Texas and Carreg Park. Call. Location of the national finals in June has not yet been determined.

Till McElhant was appointed to the Awards Committee and Carles Curns the Temporary Committee Chairman.

Out Of The Pin

Money Explains It

To the Editor:

In reply to "Big Schools" discuss
the football schedule of this
past season, I believe a look
at next year's slate is a pretty
good answer.

Such formidable opponents as
Brigham Young University, San
Jose State, Idaho, Oregon State
as well as our own CCAA opinio
on the schedule for next year,
and San Jose State returns the
following year. Big schools must
realize that the football schedule
is growing with the school.

However, the hard facts of
the case boil down to the six
mighty dollar. Football teams
can't travel for nothing. It costs
plenty to send a team any distance
and to house them, usually for
two nights.

An example is the $3,000
 guarantee of look in bringing the
Montana State team here for
last year's homecoming game. That
money set aside for this in the
schedule budget amounts to $3,000
for the entire year, so it evident
that such a sum doesn't go too
far.

A look at Poly Stadium explains
the Montana dilemma. It's tough
to move around comfortably,
and with about 6,500 students ad-
mittable free on any given day.
many fans seek. You might well have
detected the lack of population
in the reserved sections. Some gate
figures may substantiate this
reasoning—Long Beach, $2,000;
Fremont State, $1,000, but how
often do we have a crowd like
that at the Fresno games?

For more figures, Poly received
a guarantee of $500 for travel to
the Fresno game. This would
make a $7,000 trip cost $4,700.
That means that home crowds here not only have to make up for travel, playing
here, but also cover the losses in
curred travelling.

Simple logic tells us that it costs
considerably more to bring a big
team here than it does one from
a smaller college. Why should
them there for $5,000 when
they can get $10,000 somewhere
else? The larger stadium, planner
in and out of the city, makes it
possible to bring bigger teams here.

So the limited budget should
explain the difficulty in scheduling.
If you can't guarantee this big
school a big gate, they can't afford
the trip.
