New student procedure for adding classes

Beginning winter quarter, students will need to follow a new procedure that includes calling CAPTURE in order to enroll in a full class.

Students will need to:
1. Pick up a Permit Form from Academic Records.
2. Have the instructor sign and date the form.
3. Return the signed permit to Academic Records by the 10th day of instruction, or Tuesday, Jan. 16, for winter quarter. Late permits will not be accepted.

In the past, students were added to the classes when they turned in the Add Form to Records. Now students must call CAPTURE.

Change your message for the holidays

The Communications office suggests that departments that will be closed for the upcoming holidays change the recordings on their voice-mail or telephone message machines to let callers know when they can expect a call back.

Complaints were received from people off campus who tried unsuccessfully to reach department on the Veterans’ Day holiday, Nov. 11, which was not a holiday for many people.

At least one caller said she tried a variety of offices and spent a long time listening to messages that did not indicate the department was closed for the day.

CPR schedule and deadlines

Next week’s Cal Poly Report, due out Dec. 8, will be the last issue of fall quarter.

The Cal Poly Report will not be published during quarter break. The first winter quarter issue will appear Friday, Jan. 5, and copy deadline for that issue is 1 pm Friday, Dec. 29.
Tonight's performance teaches Mozart, Matisse

The music of Mozart and the art of Matisse come together in a magical family program for children of all ages at 7 pm tonight (Dec. 1) in the Theatre.

The Theatreworks USA presentation, titled "Mozart, Monsters and Matisse," features Emmy-award-winning children's show creator Marshall Izen and actor Jim West.

A medley of vivid, enchanting tales comes to life with the help of puppets, Mozart's music, and Henri Matisse-inspired cutouts. It all begins when a puppet of Mozart comes to life with the music of his 27th piano concerto.

Izen and West continue to transfuse the audience by using color and magic to tell three tales: "Tamino and Dorabella," about an island terrorized by a sea monster; "Why the Willow Weeps," a tale of animals, people and flowers; and "Little Blue," an underwater adventure.

The duo call on their musical and artistic knowledge to teach youngsters about Mozart and Matisse. They will also show how to make hand puppets.

Tickets for the show are $10 and $8 for adults and $8 and $6 for children 12 and under. For reservations, call the Anytime Artsline at ext. 1421 or buy them in person at the Theatre Ticket Office between 10 am and 4 pm Monday through Friday.

"Mozart, Monsters and Matisse" is the second event in Cal Poly Arts' 1995-96 Family Arts Series.

Research proposals need to be approved

The Research and Graduate Programs office reminds the faculty that all research projects involving human subjects need to be referred to the Human Subjects Committee for review and approval before the research begins.

All institutions where federally funded research involving human subjects is conducted are required to have a review board to oversee the projects.

At Cal Poly, all research projects involving human subjects – not just those funded by a federal agency – are subject to approval to ensure projects comply with established ethical guidelines.

The Human Subjects Committee reviews projects such as senior projects, thesis work, and faculty research that involve human subjects. Many projects require only minimal review to ensure that:

• Participation is voluntary.
• Informed consent is obtained when necessary.
• Confidentiality is ensured.

Send research proposals to the Research and Graduate Programs office for referral to the Human Subjects Committee. For a copy of the guidelines on preparing proposals for review, call the office at ext. 1508.

Report changes of personal information

Human Resources reminds employees that changes in address, family status, or other pertinent personal information should be reported promptly to Payroll Services or Human Resources.

This will ensure that mail, including checks and W-2 forms, is received without delay and that eligible family members receive their benefits.

Changes that should be reported include:

• Address or phone number: A change in address or phone number should be reported in person to Payroll Services. Wednesday, Dec. 6, is the last day to report an address change for the 1995 W-2 form. Employees no longer need to notify their insurance carriers of an address change.
• Health and dental insurance: A change in a family member’s status should be reported in person to Human Resources within 60 days. This includes the birth or marriage of a child, death of a family member, or marriage or divorce of the employee.
• Late notification could result in ineligibility for coverage of the family member or in delayed processing of future enrollment requests.
• Designation of person authorized to receive state warrants: This form designates the beneficiary for any unpaid salary warrants or lump-sum leave payments still owed by Cal Poly to a deceased employee. All employees, including FERP participants and retired annuitants, should update this information with Payroll Services as soon as a change in beneficiary is desired, because a major change in family status, such as divorce, will not void the designation on file.
• Emergency contact information: It is important that Cal Poly have current emergency contact information on file. To update this information, call Payroll Services.

The Payroll Services office is in Adm. 107, ext. 2605, and is open from 8 am to 5 pm. Human Resources is in Adm. 110, ext. 2237, and is open from 8 am to 4 pm.
