Open House parking information

Commuter Services passes on the following information about parking, buses and access for Open House weekend, Friday and Saturday, April 19-20.

- Parking permits will be required on Friday, as normal.
- Families invited to Friday's New Admitted Student Day festivities have already been mailed parking passes.
- For Friday and Saturday, additional disabled parking will be located in the H-2 lot, accessible from Highland Drive.
- The following parking lots will be closed from 11 pm Thursday until noon Sunday: H-4 (in front of the Ag. Engr. Bldg), H-10, H-11.
- The following parking lots will be closed from 6 pm Friday until noon Sunday: C-4, C-5.
- Faculty and staff members required to work on Saturday need to pick up an employee access pass. For information on where to pick up passes call Student Life and Activities at ext. 2476. The pick-up location information will also be sent over e-mail.
- RV and motorhome parking will be restricted to H-14 and H-16 lots.
- On Saturday, Pacheco Elementary School will have parking available at $5 per vehicle. Enter from Slack Street just off of Grand Avenue.
- City and regional buses will operate on normal schedules to campus during Open House. SLO Transit will also provide additional bus service on Saturday to accommodate visitors staying in motels. There will be service on Saturday to Monterey Street, Olive Street, Madonna Road, and Central Coast Plaza. Additional Open House buses will operate 10 am to noon and 2-5 pm.
- Saturday, KCPR radio will announce up-to-date information on campus parking and traffic conditions.
- The Cal Poly 756-NEWS information line will also have current Open House Parking information.

Gov. Wilson appoints two CSU trustees

Gov. Pete Wilson has appointed Ali C. Razi, an Orange County businessman, to the CSU board of trustees to fill the seat formerly held by Rosemary Thaker. He will serve the remaining five years of the term.

Wilson also reappointed trustee Ralph Pesqueira of San Diego to a second eight-year term on the board.

Razi, 56, is president of the Stratham Group, a real estate and investment firm in Newport Beach, where he has worked since 1984.

From 1980 to 1983 he served as chairman of C.T. Brown, an engineering contracting firm in Los Angeles, and from 1974 to 1979 he was president of Ira Engineering and Construction, a firm involved in building oil and gas pipelines, roads and bridges.

Razi, a Republican, was also a senior civil engineer and project manager for the National Iranian Oil Company from 1963 to 1974.

Pesqueira, also a Republican, has served as a trustee since 1988. He has owned El Indio Mexican Restaurant since 1960, a family-owned San Diego favorite since 1940.

He serves on the board of directors of the San Diego Convention and Visitors Bureau and is president of the San Diego Tavern and Restaurant Association. He also serves on the council of advisors for the San Diego Chamber of Commerce.

Update on the Cal Poly Plan

Three forums left

The following was prepared by the Academic Affairs office.

Three more open forums where faculty members, staff members, and students can ask questions, offer opinions, and otherwise discuss the Cal Poly Plan with members of the plan steering committee are scheduled through the end of April.

The forums will run from 11 am until 1 pm every Tuesday.

The April 16 and April 30 meetings will be in UU 220, and the April 23 session will be in Chumash 204.

The steering committee hopes the campus will use these forums to make its concerns known regarding the Cal Poly Plan.

Finished proposals on the uses of Cal Poly Plan revenue are due Monday, May 13. All statements of intent and all final proposals will be made available to the campus, and at the end of this process, the steering committee will explain its funding decisions.

Copies of the Cal Poly Plan can be obtained in the library, in the Academic Affairs, Academic Senate, and ASI offices, and through the mail by contacting polyplan@obo via e-mail. The plan is also in the “Points of Interest” section of the Cal Poly home page on the World Wide Web (http://calpoly.edu/).

Cal Poly Freshmen best in CSU

Cal Poly’s freshman class ranks the highest among students at all 22 California State University campuses in terms of overall high school grade point averages and SAT scores and has the fewest students requiring remedial classes in English and math.

In the most recent systemwide
Wind Band Festival set during Open House

The annual Wind Band Festival, featuring two university bands as well as a band with some of California's finest young musicians, will be at 8 pm Saturday, April 20, and at 2:30 pm Sunday, April 21, in the Theatre.

As part of Open House activities on Saturday, the Cal Poly Wind Orchestra and the University Jazz Band will perform with the 80-member Festival Wind Orchestra, under the batons of Cal Poly music professor William Johnson and composer and guest conductor Yasuhide Ito.

Sunday's concert will showcase the Festival Wind Orchestra, conducted by Ito. Members of the orchestra were selected from taped auditions sent to the Music Department from high schools across the state.

As part of the festival, the Music Department will sponsor a solo competition for members of the Festival Wind Orchestra. The winner will receive a scholarship to Cal Poly and be invited to perform during Sunday's concert.

Tickets for the concert are $6. They are on sale at the ASI's Recreation Center Ticket Office and at the Theatre Ticket Office. Tickets are also available from members of the Cal Poly Wind Orchestra.

To order tickets by phone, call ext. 5806 between 10 am and 4 pm Monday through Friday.

Expert on Berlin to speak April 18

An expert and insider who has been shaping cultural affairs in Berlin for 30 years will speak on the city's development from 11 am until noon Thursday, April 18, in Fisher Science 286.

Michael Cullen, a Berlin resident and recipient of the city's highest award, will talk about the city's planning, development and building since the fall of the Berlin Wall in 1989.

He will discuss how the city addressed issues such as a failing transportation system and differences in people's historical and political ideas and preferences, including the city's two schools of medicine — academic and homeopathic — that led to different ideas in treatment.

Cullen will also look at issues raised in 1991 when the German Parliament (Bundestag) voted to move the German capital from Bonn to Berlin.

Born and raised in the United States, Cullen moved to Germany in 1962. Cullen is also the man behind the 1995 wrapping of the Reichstag. In 1971 Cullen approached Christo and his wife Jeanne-Claude with the idea of wrapping the German legislative building. For the next 23 years, Cullen served as project director, working to obtain permission to complete the project.

When the Berlin Wall came down, he was commissioned to advise on the restoration of the Brandenburg Gate.

For services to Berlin, Cullen received the city's highest award, the Distinguished Service Cross, in 1995.

Cullen's appearance is sponsored by the colleges of Liberal Arts and Architecture and Environmental Design.

For more information call, the College of Liberal Arts at ext. 2706.

‘New realities’ topic of conference

"Responding to New Realities" is the title of the 1996 Teacher Scholar Summer Conference scheduled for Monday through Thursday, June 10-13, at Cal Poly Pomona's Kellogg West Center-Hotel.

The conference, sponsored by the CSU Institute for Teaching and Learning, offers eight different two-day workshops.

The workshops scheduled for June 10-11 are:

5. Strategies for Promoting Active Learning Within the College Classroom (also offered June 12-13).

Workshops set for June 12-13 are:

1. Strategies for Promoting Active Learning Within the College Classroom.
2. Teaching Academic Literacy Skills to Improve Content Understanding.
4. Enhancing the Experiences of Junior Faculty.

Registrants can attend one workshop during each two-day period.

Because some workshops might attract more people than space will allow, faculty members who want to register for one class are asked to select two workshops, and say which one they prefer.

Those interested in attending two workshops should select up to four workshops, and, again, state their preferences.

For more information and a registration form, call Janice Engle in the Faculty Instructional Development office at ext. 5935. The deadline to register is Wednesday, May 1.

‘Registered’ ridesharers can earn bonus points

Cal Poly “registered” ridesharers will have opportunities in April and May to earn bonus points on their Campus Express Cards.

During Open House, Friday, April 19, and again on Earth Day, Monday, April 22, those registered in the Rideshare program who walk, bike, ride the bus, car pool or van pool to work will be given extra points.

Campus Express Card bonus points will also be awarded the first week of May during “Try Transit Week” and “SLO Bike Fest Week.”

Anyone who does not drive alone to work — even just one day a month — can join the rideshare registry program, which offers prizes, drawings, and an emergency ride home.

For more information, call Jacquie Paulsen, commuter services coordinator, at ext. 6680.
Mental barriers focus of group training

The Employee Assistance Program is offering a three-hour small-group training session, "Eliminate the Invisible Barriers of Self-Sabotage," from 8:30 to 11:30 am Thursday, April 18, in Room 104 in the Business Building.

If you answer "yes" to any of the following questions, this workshop is for you:

- Do you find yourself doing a good job on a project then suddenly doing everything you can to sabotage your efforts at being successful?
- Do you find yourself performing below your own standards on things that matter to you?
- Do you find yourself putting off those tasks that, if complete, could help you achieve your goals?

The training session will help identify the invisible but powerful barriers that sabotage individuals' efforts. Participants will develop strategies to help them get past the barriers and become more successful.

Participants will:

- Identify their personal style of self-sabotage.
- Develop an understanding of the psychological mechanisms that support personal self-sabotage.
- Develop strategies to eliminate self-sabotage.
- Create approaches to goal completion.

Enrollment is limited. For more information or to enroll, call the Employee Assistance Program office at ext. O-EAP (0327).

Chinese-American history topic of April 18 talk

Acclaimed scholar Judy Yung will show slides and give a talk titled "Unbound Feet: Reclaiming Chinese-American Women's History" at 3 pm Thursday, April 18, in the Cal Poly Staff Dining Room.

Yung, assistant professor of American studies at UC Santa Cruz, will discuss how she reclaimed her history as a second-generation Chinese-American woman, born and raised in San Francisco's Chinatown. She will talk about how and why traditional gender roles for Chinese-American women changed in the first half of the 20th century -- a time of social ferment in China as well as the United States that encouraged women to unbind their feet and their socially restrictive lives.

Yung wrote "Chinese Women of America: A Pictorial History," and co-authored "Island: Poetry and History of Chinese Immigrants on Angel Island." Both books won the Before Columbus Foundation Book Award. Her most recent publication, "Unbound Feet: A Social History of Chinese Women in San Francisco," has received national attention for its insights.

The presentation is sponsored by the Women's Studies Program and funded by the College of Liberal Arts Lottery Lecture Series. For more information, call the Women's Studies office at ext. 1525.

Crafts Center to sponsor Open House event, sale

The ASI Crafts Center is planning Open House activities and a Spring Craft Fair.

During Open House on Saturday, April 20, the center will have pottery "throwing" demonstrations, displays, and do-it-yourself activities such as candle-making at its booth on the corner of Via Carta and Poly View. Demonstrations and sale items can also be seen at the Crafts Center's University Union location in Room 111.

A Spring Craft Fair featuring gifts hand made by students, staff members, and local artists is scheduled Monday through Wednesday, April 22-24, in the UU Plaza.

Foundation offers payroll forms workshop

Anyone who hires or anticipates hiring foundation employees should plan to attend one of two workshops scheduled from 2 to 3 pm Monday, April 15, and Friday, April 19, in the Foundation Administration Building Training Room.

The foundation Human Resources and Payroll departments are offering the Foundation Payroll Forms Workshops. To register, call Kim Miller at ext. 1121.

Best freshmen

A study conducted by the chancellor's office for incoming freshmen, Cal Poly students had an average high school GPA of 3.48, compared with a system average of 3.08.

The average Cal Poly student math SAT score was 551 and average verbal score was 459, compared with CSU averages of 459 and 385.

A separate CSU study recently found Cal Poly to have the fewest students requiring remedial classes in English and math.

Only 16 percent of Cal Poly freshmen needed remedial English classes and 20.6 percent needed remedial math classes.

The CSU averages indicate 49 percent of entering freshmen need help in English and 54 percent in math. The figures are based on the performance of approximately 22,000 freshmen.

The large percentage of limited-English-proficient students attending Los Angeles-area campuses is partly responsible for the large numbers of students needing remedial classes.

ASI Children's Center to offer summer program

The ASI Children's Center will again offer Poly Trekkers, a summer program for children 5 to 11 years old.

Because past sessions have been so successful, the program will be expanded to two locations to accommodate more children. The program will be in the ASI Children's Center and the Human Development Lab in the Home Economics Building.

Space is limited. The cost is $95 a week for 10 weeks. Call ext. 1267 for more information or an application.
**Acclaimed author Ntozake Shange to speak**

Referred to as one of the brightest stars in a galaxy of distinguished black writers, Ntozake Shange will speak at 8 pm Wednesday, April 24, in Room 213 in the Business Building.

In “An Evening With Ntozake Shange: Readings From Selected Works,” the author will talk about her work and read from her latest book, “Liliane.” The novel about a free-spirited artist with several lovers has been called Shange’s most provocative work and has helped maintain her status as a major novelist.

The book examines female intellect and sensuality, weaving together love, self-discovery, sex and race. It is an intimate tale of a “colored” girl growing up in the ‘60s, as told by her lovers, childhood friends, and analyst, to whom Liliane reveals herself as a confused, hurt, and emotionally charged individual.

Playwright, novelist, poet and performer, Shange is perhaps best known for the 1976 Broadway hit “For Colored Girls, Who Have Considered Suicide/When the Rainbow is Enuf.” The “choreopoem” became an international success, the book became a best-seller, and Shange earned critical acclaim for a television version aired on the Public Broadcasting System.

“Colored Girls” was nominated for Tony, Grammy, Obie, and Emmy awards.

The free presentation is sponsored by the ASI Speakers Forum.

---

**A cappella sextet to perform April 24**

The King’s Singers, one of the world’s most sought-after vocal ensembles, will take concertgoers on a melodic excursion into music history at 8 pm Wednesday, April 24, at the Church of the Nazarene in Pismo Beach.

The performance is scheduled to be the final event in the Cal Poly Arts 1995-96 season.

The a cappella sextet’s repertoire spans the globe and several centuries, from the 1500s to the present, with styles ranging from classical to popular, from sacred to secular. For its Pismo Beach concert, the group plans to demonstrate its far-ranging repertoire by performing a modern piece, “Totus tuus” by Polish composer Henryk Gorecki, early French madrigals from the Renaissance, Celtic folk songs, “Lalela Zulu” by South African exiles Stanley Glasser and Lewis Nkosi, and other selections.

Music professor Craig Russell will give a pre-concert lecture in the church’s sanctuary at 7 pm.

Tickets range from $16 to $26 for the public and $14 to $24 for students and senior citizens. For reservations call the Anytime Artsline at ext. 1421 or buy tickets at the Theatre Ticket Office between 10 am and 4 pm Monday through Friday.

---

**Two teleconferences set on the ‘Net’ and ‘Web’**

Two satellite teleconferences dealing with the Internet and the World Wide Web will air on consecutive Thursdays, May 2 and 9.

“Building a Presence on the Web” will be held from 10 to 10:45 am on May 2 and will cover such topics as connections to the Internet and content planning and programming considerations for designing a Web page.

From 10 to 10:30 am on May 9, “On-Line Course Delivery” will cover the procedures for delivering a course over the World Wide Web. Technical and instructional strategies will be examined for using this interactive multimedia tool for distance learning.

Both conferences will be aired on Cal Poly cable channel 18. For information, call Deby Ryan, Communication Services, ext. 2215.

---

**Facilities Planning wins accessibility award**

Architect Rex Wolf of the Facilities Planning Department and a team of students won a special award from the state Department of Rehabilitation for a project designed to help the visually impaired.

The group was recognized in the Rehabilitation Department’s Building a Better Future Design Awards Program for creating a tactile map of the campus.

Wolf was commended for the “unique, creative and well-thought-out project.” His project is among more than 30 that have been recognized by the awards program over the past several years.
Journalism’s Valle up for top book awards

Journalism professor Victor Valle and his wife mixed some family memoirs with late 19th century Mexican social history, added a smattering of anecdotes, and blended in a healthy portion of authentic 100-year-old recipes to create a book that has been nominated for top awards by two of the country’s leading culinary organizations.

Victor and Mary Lau Valle’s “Recipe of Memory: Five Generations of Mexican Cuisine” has been nominated to receive the 1996 James Beard Foundation Book Award for writing and two Julia Child Cookbook Awards, sponsored by the International Association of Culinary Professionals.

The Julia Child awards for which the book is being considered are the “first book” category and the literary food writing category.

The Valles’ book uses food and recipes to trace the migrations of Victor’s ancestors as they made their way across the Mexico-California border – from Guadalajara to Tijuana to southeast Los Angeles, where Victor grew up.

The book also offers a glimpse into the social history of Mexico in the late 1800s and provides vivid accounts of the family’s long connection with food.

Before he came to Cal Poly in 1992, Victor was a reporter for the Los Angeles Times. During his career there, he was among a team of writers who won a Pulitzer Prize in 1984 for a series of articles about Southern California’s Latino community. He will join the ethnic studies faculty in fall 1996.

Mary Valle earned a degree in home economics from CSU Long Beach.

Dateline

Admission charged — $ 

FRIDAY, APRIL 12

Baseball: CSU Fresno, SLO Stadium, 2 pm. Also on Saturday and Sunday, April 13-14. ($) 

WriterSpeak: Poet Erin Belieu will read from her work. Science B-5, 7 pm.

SATURDAY, APRIL 13

Women’s Tennis: San Jose State, Tennis Courts, 10 am.
Baseball: CSU Fresno, SLO Stadium, 1 pm. Also on Sunday, April 14. ($) 

SUNDAY, APRIL 14

Train Rides and BBQ: 3rd annual Al Smith Day at the Swanton Pacific Ranch near Santa Cruz. Call ext. 2620 for reservations. Train rides at 10 am; Western-style BBQ lunch, noon. Transportation provided by Silverado Stages. ($) 

Baseball: CSU Fresno, SLO Stadium, 1 pm. ($) 

TUESDAY, APRIL 16

Open Forum: Learn about the Cal Poly Plan with members of the plan steering committee. UU 220, 11 am.
Speaker: Gary Clay (Landscape Architecture) will discuss “Integrated Modeling of Color-Change Relationships in a Forested Landscape.” Staff Dining Room, noon.
Baseball: UC Santa Barbara, SLO Stadium, 7 pm. ($) 

WEDNESDAY, APRIL 17

Play: Stark/Raving Theatre will present “The Last Supper” and “Little Men on the Feminine Landscape.” Theatre, 8 pm. ($)

Position vacancies

Vacancy information and applications for the following positions are available from the appropriate Human Resources office. Vacancy information can also be accessed from the Cal Poly Home Page on the World Wide Web (address: http://www.calpoly.edu; click on “General Information” and “Current Events”).

STATE (Adm. 110, ext. 2236 or job line at ext. 1533). Official application forms must be received by 4 pm on the closing date or be postmarked by the closing date. (No faxes)

CLOSING DATE: June 30

Readvertisement

#69072: Programmer II, ITS-Support Applications (Unit 9), $18,23-$21,96/hr., temporary/intermittent on-call pool (approximately 20-40 hours per week) one-year appointment with renewal contingent upon funding.

Closing Date: April 26

#63083: Custodian, Facility Services (Unit 1), $6.97-11.49/hr., temporary, one-year intermittent on-call appointments; work hours approximately 3-11:30 am; successful candidates will be fingerprinted.

#67084: Clerical Assistant II, Human Resources (Unit 7), $871.50-$1,027.50/wk., half-time, 12 to 4 pm, M-F, temporary through 6/30/97 with annual renewal.

FACULTY (Adm. 312, ext. 2844)

Candidates interested in positions on the faculty are invited to contact the appropriate dean or department head or chair. Ranks and salaries for faculty positions are commensurate with qualifications and experience (and time base where applicable) unless otherwise stated.

CLOSING DATE: April 29

#63060: Lecturer Pool (part-time), Physics Department, ext. 2448. Possible temporary part-time positions anticipated during the 1996-97 academic year to teach lecture or laboratory classes in physics or physical sciences. Bachelor's degree in physics or related field required; doctoral degree preferred. Send letter, resume, completed application, and names of four references to Part-time Lecturer Appointments Committee, Physics Department.

CLOSING DATE: April 19

#63075: Lecturer Pool (part-time), industrial and Manufacturing Engineering, ext. 2341. Possible temporary part-time positions available during the 1996-97 academic year in various areas of IE and MfgE (call department for more information). Candidates must possess at least a B.S. or M.S. in engineering. Send resume, three letters of recommendation and application (available by calling department) to H. J. Freeman, Chair, IME Department.

#63076: Lecturer Pool (part-time), Art and Design Department, ext. 1148. Possible temporary part-time positions available during the 1996-97 academic year to teach in various lecture and studio classes. Applicants should possess an M.A., M.S. or M.F.A., or comparable professional-level experience. University-level teaching experience preferred. For additional information/application, contact Art and Design Department.

#63082: Lecturer Pool (part-time), University Center for Teacher Education, ext. 2584. Possible temporary part-time positions available during the 1996-97 academic year to teach in multiple- and single-subject credential and master’s degree programs and to supervise teacher candidates in field placements. Seeking candidates with demonstrated expertise in cross-cultural and bilingual preparation of K-12 educators for diverse classrooms. M.A. in education or related field preferred, or B.S. with considerable experience working in K-12 schools with diverse populations. Submit letter of application, vita, three letters of recommendation and official transcripts of highest degree to Susan Roper, UCET.

CLOSING DATE: August 1

#63083: Lecturer Pool (part-time), Aeronautical Engineering Department, ext. 2562. Possible temporary part-time positions available during the 1996-97 academic year for fall, winter and/or spring quarters. B.S. required; M.S., teaching, and industrial experience in the discipline preferred. Call department for more information or application.

CLOSING DATE: April 30

#63085: Lecturer Pool (part-time), Civil & Environmental Engineering Department, ext. 2947. Possible temporary part-time positions available during the 1996-97 academic year for one or more quarters. B.S. and/or M.S. (preferred) in civil or environmental engineering, or related area of engineering required. Teaching and consulting experience desirable. Areas of special need include: strength of materials, introductory structural analysis and design, transportation, geotechnical engineering and introductory environmental engineering. Please call department to request application. Send completed application and resume to Edward Sullivan, chairman, and arrange for the sending of official university transcript(s) and three letters of reference.

CLOSING DATE: May 15, or until positions are filled.

#63090: Lecturer(s), Architectural Engineering, ext. 1314. Position(s) available for 1996-97 academic year, teaching structural analysis and structural design of buildings. A doctorate in structural engineering is the standard requirement for appointment. Special consideration will be given to candidates with experience in both the academic environment and structural engineering practice as they relate to architecture. Candidates with a master’s degree in structural engineering, teaching experience in structural engineering, and professional experience will also be given serious consideration. Call department for application or more information.

CLOSING DATE: May 20

#63093: Lecturer Pool (part-time), Crop Science Department, ext. 1237. Possible temporary part-time positions available during the 1996-97 academic year to teach undergraduate courses in crop science, fruit science, vegetable science, and plant protection science, including supervision of student crop projects. Minimum requirement is a master’s degree in appropriate discipline; Ph.D. preferred. For additional information or application, call department or write to George Gowgani, department head.

CLOSING DATE: May 17

#63095: Lecturer Pool (part-time), History Department, ext. 2543. Possible temporary part-time positions available (depending on funding) during the 1996-97 academic year (including summer 1996) to teach multiple sections of general education survey course either in modern world or United States history. Ph.D. in history with university teaching experience required. Apply to Robert Burton, History Department.

#63096: Lecturers (full-time), History Department, ext. 2543. Possible temporary full-time positions available (depending on funding) for the 1996-97 academic year to teach multiple sections of general education survey course in modern world history. Ph.D. in history with university teaching experience required. Apply to Robert Burton, History Department.
