Collegio Union Drama Committee's play "The Beautiful People." Agnes has just lost and tossed with the first boy she has ever liked, and is trying to explain him to her father, Jonah. (Paul Barnett and her brother Owen, Douglas Hill.) (Photo by Matilla)

"The Beautiful People," a twen­
ny play by William Saroyan will be
ly performed by the Air Conditioning Audition
by the College Union Drama Com­nity beginning at 8:30 p.m.

July McIlroy, freshman major, will portray the lead girl of Agnes, a young woman who is looking for reality but hides from it in a love of music. She meets a boy she "really likes" and discovers this is the turning point in her life.

Jonah Webster, her father, is played by Paul Barnett, Rural Science major. Jonah is a man who lives the type of life he feels is best for his family. He has been living clo­ser to his father than he doesn't belong to him legally, he feels he isn't hunting anyone by spending it. Jonah's friends, William Pen, a first-year student, played by Neil Norom and Dan Hillough, the ex-boyfriend of Jonah and are always around to draw him into things.

Rodger Hill, printing major, plays the role of Owen, a 21-year-old brother of Agnes, who is a poet and philosopher. Linda Delshiter, junior Farm Manage­

FATHER Hogan is portrayed by
Bil McCallum. Jack and Mary are the parents of the student son, is played by Cabri Howard. Jack and Mary will come on stage as part of the role of Harold. He is a man that can be played by Ray Landers.

The play presents exciting, exciting busyness, fruit humor and tenderness of characters. Characters are beautifully the wonderment of the human spirit as expressed through the character of Agnes. The production is directed by Keith Nielsen, Eleanor and Spence Department. Scenic design is designed and built under supervision of J. H. Smith, Eleanor and Spence Department.

Rodeo Club Schedules
Saturday Night Dance

A western dance sponsored by the Rodeo Club and with music by Bill McIlroy and the Other Rippers. Bill is scheduled for hat. March 4 at the Rodeo Club Rodeo Arena.

area will be visited by the student*, Including works by Frank Lloyd Wright, famed archi­

Inter-Faith Council Instagates Campus
Brotherhood Week

"Unless we go out into the world and sail every man brother, there will be no such a thing as a nation," said Mr. Deen when he spoke to the Inter-Faith Council Charter Convocation at 1:00 in the Inter-Faith Council Charter Convocation.

"Though many of us may claim to be completely independent, we find ourselves lost when left alone and our dependence on the companionship of other people," says Mr. Deen. Whether we like it or not, we need other people and they are the ones who make up the world.

Inter-Faith Council makes the following statement: "The Inter-Faith Brother­hood Week. Reasons abound for organiz­ing such an event, as it is a means of finding your own race, and rights prejudice is the beginning of understanding as an example against pre­

According to Mr. Deen, there will be a presentation Monday, March 7 at 3:00 p.m. to announce this event.

Citizenship Camp
Open For Students

"Encouragement For Citizenship," Citizen Camp, will be held 10 a.m. to 4 p.m. on Saturday, March 19. Student council students from 10 to 16 years of age are required to apply.

The camp will be a combination of seminar, workshop and adventure in human relations.

On the campuses of the University of California, Pacific Union College and in the State College at hat, California, students have a chance to live and play with others from all parts of the world and from all sections of th

"We're not seeking political positions, and we're not going to be pushed around," said Mr. Deen. "We're going to work together for the betterment of our community, and we're going to do it with a dangerous help in the slowdown, and we're going to do it in the same way with a dangerous assist.
Yo-Yo Competition
Set For Men's Gym
Thursday 11 a.m.

A student's "wild" idea has come
to fruition as the men's
tournament begins the pre-
turn top (30-30) tournament.

Recognized as a class project,
the tournament — slated for 11
a.m. Thursday in the Men's Gym—
completes requirements for a few students accumulating the judging and coordinating the event.

The short-lived history of the
tournament is traced back to early
January. A student in a Physical
Education class introduced the idea of a yo-yo combina-
tion of the many outstanding events in San Luis Obispo.

The idea caught the imagination
of some students in the class and
the tournament was on.

The tournament is open to any
and all student body and faculty members. The only
qualification, according to officials, is age—participants must be
between 17 and 60 years of age.

Three divisions—Men's Open,
Women's Open and Four-sale—are
offered with prizes to be awarded
at the end of the tournament.

According to the late H. L. Lann,
father of the tournament, all medals
will be presented to each of the
winners in each classification.

Agricultural Building

Members of the Agricultural
Building and faculty members
and their wives were guests at a club barbe-
que recently. More than 150 guests were in attendance, re-
port W. H. Langer, sponsor, advisor.

The event was held in Ag. Engin-
neering shop.

**Intramurals Enter Eliminations Today**

Intramural basketball entered its last week last night. The Mustangs played the first of the quarterfinals against the Wednesday-Eight winners to clinch the league's championship crown. Thursday—four teams will be vying for the championship title, and Friday—two teams will meet to determine the Tuesday champion. Tomorrow night's battle pits the Wednesday-Eight winners against the Wednesday-Eight losers. On Tuesday, the Mustangs will meet the Wednesday-Eight winners in a game that could set up a tie for third place and possibly a tie for second place. To win this game, the Mustangs must win by at least 10 points in the meet to clinch the league's championship crown. Red Carpet Treatment

For Lovers

SAC would put our students government and not rely on SAC for subsidies to our student body. We would still be substantive. 

Although a minority organisation, we nearly 60 members, called Students Against Compulsory Taxation, feel that we should be heard. 

Our purpose is to suggest a compromise in the proposed ABB fee increase. Therefore, we have a request to the members of the student body, as follows:

Our suggestion is to make the purchase of ABB cards optional. If our proposal is accepted, it would put our students government and its organisations on a "free enterprise system." SAC would be forced to become extinct, with student money, and other organisations, who spend their expenditures more clearly and not rely on SAC for subsidizing others.

Subsequently, these organisations would be forced to make their events more attractive to the entire student body in order to increase their treasury. 

If our proposal is accepted, it would put our students government and its organisations on a "free enterprise system." SAC would be forced to become extinct, with student money, and other organisations, who spend their expenditures more clearly and not rely on SAC for subsidizing others.

Our suggestion is to make the purchase of ABB cards optional. If our proposal is accepted, it would put our students government and its organisations on a "free enterprise system." SAC would be forced to become extinct, with student money, and other organisations, who spend their expenditures more clearly and not rely on SAC for subsidizing others.

We ask that the following proposal be placed on the ballot for the election:

1. Approval of an increase in the ABB fee card.

2. Approval of an increase in the ABB fee card, providing that the purchase of each card be made optional to the student body.
