**ADVANCEMENT**

**Chandlers establish trust for athletics, ethnic studies**

Everett Chandler, retired dean of students, and his wife, Arlene, have made a gift of securities to establish a “charitable remainder unitrust” that will make payments to them for their lifetimes and will eventually be added to their existing endowments, which benefit athletics and the Ethnic Studies Department.

Everett Chandler, who served as dean of students from 1951 to 1977, was inducted into the university’s Athletic Hall of Fame in 1996 for his “tireless support of Cal Poly athletics” and his “demonstrated devotion to the young men and women who played the games.”

Arlene Chandler, also now retired, was the second professor to be hired at Cuesta College when it opened in 1965.

The Chandlers are giving to athletics because of Everett’s involvement with athletics and student athletes. They chose the Ethnic Studies Department because “We believe this is one world,” said Arlene Chandler. “We need to improve our understanding of one another and advance diversity,” she said. “We need to learn to get along with everyone. Our gift was a commitment to our values. Appreciating all people and all cultures has been a very important part of our lives.”

Mike McCormack, director of planned giving and endowments, said, “The Chandlers’ very generous gift offers advantages to them while at the same time providing for a great future benefit to Cal Poly.”

“Because a charitable trust is tax-exempt, the appreciated securities were sold and reinvested without incurring any capital gain tax liability. Also, the Chandlers are entitled to a charitable income-tax deduction. After they are gone, the remaining trust assets will be added to the Everett and Arlene Chandler Endowments.”

For more information on life income plans and endowments, call McCormack at ext. 7125.

**Greenwald appointed**

Mathematics professor Harvey Greenwald has been appointed interim associate vice president for academic programs.

He succeeds Glenn Irvin, who has taken a post at Arizona State University West.

Greenwald will serve through June 30, 1998, or until a permanent associate vice president is appointed.

A member of the mathematics faculty since 1973, he served as chair of the Academic Senate for 1995-96 and 1996-97.

**Agriculture Dean Jen appointed to state board**

Gov. Pete Wilson has appointed Joseph Jen, dean of the College of Agriculture, to the State Board of Food and Agriculture.

Jen, an expert in food enzymes and biotechnology, has served as dean since 1992. He was chairman of the Department of Food Science and Technology at the University of Georgia from 1986 to 1992 and director of research for Campbell Soup Company from 1980 to 1986.

He has also worked at the U.S. Department of Agriculture and was adviser to the United Nations Development Programs in China.

Jen is a member of the American Chemical Society, Golden Key National Honor Society, and Chinese American Foods Association. He was elected a fellow of the institute of Food Technologists in 1992.

The State Board of Food and Agriculture is composed of 15 members appointed by the governor. The board advises Gov. Wilson and the Secretary of Food and Agriculture on agricultural issues and consumer needs. Members are selected to represent a broad range of agricultural commodities and a variety of geographic regions, as well as the UC and CSU systems.

**Hallock, Johnson receive Dole awards**

Brent Hallock of the Soil Science Department and Prisila Johnson in the Food Science and Nutrition Department have received this year’s Dole Agricultural Award for outstanding work.

Hallock, who has taught at Cal Poly since 1979, won the 1997 Dole Agriculture Faculty Award, which includes $1,000 and an all-expense-paid trip to one of Dole’s international processing plants.

Johnson, an administrative assistant, won the staff award of $500 and an all-expense-paid trip to any domestic Dole facility, including the plant in Hawaii.

Hallock plans to travel to the company’s Ecuador facility to expand his knowledge of tropical fruits such as pineapples and bananas.

Advancement’s May wins national shooting title

Advancement Services Director Theresa May shot her way to a national women’s silhouette target title last month in Raton, N.M.

Competing against one of the nation's top women shooters, May hit 67 of 120 targets at 200 to 500 meters to win the women’s high-power standard rifle title.

The 14-year shooting veteran also teamed up with two other California women at the competition to set a pair of national records. They set three-person team records in the small-bore and high-power hunter divisions.

May said the key to competing is being mentally ready:

“If you’re on mentally and really concentrating, you’re going to hit a lot. If you’re thinking of anything else in the slightest, you’re going to miss the shot.”
