However, Dr. Fisher says, if any other than state funds are available for their construction (1) is 588,000 dollar state fund approved by the legislature in $5.5 million; (2) home economics building, $1,137,400; (3) student health service building, $331,300; (4) 4,000 seat capacity men’s gymnasium, $1,713,000.

The building program coordinator says facilities for the animal husbandry, dairy husbandry, farm management, crop, ornamental horticulture and poultry husbandry departments will be provided in building to be built south of the new agricultural engineering building. Facilities for the social science department will also be included.

Cal Poly’s new re-do does not have left out of the construction program scheduled to get under way late next spring or early next summer, explains Fisher. The school’s new home economics department will have space in the building, and will include two
