Faculty should forward reactions on the bill to Senator Grunsky.

Olsen reported that the statewide Senate has prepared a document on the status of part time and temporary faculty; that the Senate has opposed SB 57 (which would result with no more open files); and that the T-step funds have been removed from the Governor's budget. Items coming up include: faculty allocations, review of presidential performance, credit for prior learning and faculty involvement in grievance procedures. (Attachment VII)

It was M/S/P (Alberti/Seales) to amend the Bylaws Amendment by including a new section VII.B.6.a. and relettering subsequent sections. (Attachment VIII-A)
A. Professional Responsibility Committee Bylaws Amendment (cont.)

   The amended motion passed.

B. Steady State Staffing
   It was M/S/P (Weber/Alberti)(Unanimous) to accept, approve and forward to the President the recommendation from the Personnel Policies Committee on Steady State Staffing (Attachment VI-A, Academic Senate Agenda, March 11, 1975).

IX. New Business

   A. Parking Problem
      It was M/S/P (Hooks/Johnson)(26/10/2) to accept and forward to the President the resolution on parking (Attachment IX-A).

X. Announcements

   A. The attention of the Senate was directed to the attachments in the meeting agenda; and the revised meeting schedule was specially noted.

XI. The meeting was adjourned at 4:55 p.m.
General Impressions

1) Not much hope the promotion funds will be restored -- but it is not entirely hopeless.

2) The Governor is somewhat of an enigma to many -- not sure if he's an 'ally' or not.

Thrust of Senate Significant Actions

1) CLEP -- feeling that the program needs a long hard look.

2) In the event of collective bargaining the majority of any bargaining team should always be faculty members.

3) Part-time faculty members should have fractional votes in proportion to amount of the current employment.

4) Urged adoption of S.B. 275 (Dills Bill) on collective bargaining, but with amendments to bring it into conformity with position already adopted by Academic Senate.

5) Opposed S.B. 57 in its present form (This bill would, in effect, result in no more open files).

6) The Copyright proposal has been dropped by the Chancellor's Office.

7) Postponed 'til the May meeting any action on the proposed adjustment of summer session salaries for faculty.

8) Objected to the Governor's removal of the T-Step (transition) funds. (Those are funds required to establish a transition pay step within each rank to eliminate Class I-Class II distinction).

9) Adopted a position on the rights of temporary and part-time faculty -- the position being an attempt to upgrade their status.

10) Expressed concerns about some steady state proposals.

Coming Up

1) A major look at a new method for determining the number of faculty allocations.

2) Procedures to review presidential performance.

3) Arranging for special sessions during the year (e.g. summer sessions become a special session along with equivalent other special sessions during the year.)

4) Credit for prior learning -- what to do, if anything, about it.

5) Getting more faculty involved in grievance procedures.

6) Whole issue of collective bargaining.

VII. COMMITTEES

B. Elected Committees and Other Committees

6. Committee on Professional Responsibility

a. A Committee on Professional Responsibility is established to implement procedures pursuant to the "Statement of Professional Responsibility" adopted by the Academic Senate of the California State Universities and Colleges (AS-382-70/FA-I), on December 12, 1970, and approved by the faculty of California Polytechnic State University, San Luis Obispo, on February 21, 1971. The term "Professional Responsibility" as used in this section is defined by that statement. The procedures and standards of this committee should be consistent with the "Implementation" guidelines issued at that time by the Academic Senate of the California State Universities and Colleges (AS-382-70/FA-II).

b. The Committee on Professional Responsibility shall be comprised of a senior member and junior member elected by and from each school from the tenured members in the associate or professor ranks and a senior member and junior member elected by and from the Professional Consultative Services from the tenured members in the associate or professor ranks. The senior member and junior member from each school must be from different departments, where applicable. The senior members and junior members shall serve two-year, staggered terms, with a maximum of two consecutive terms. The junior member becomes the senior member at the start of the second year of the term and the newly elected member from that school becomes the junior member. Administrators and department heads are not eligible for membership. The chairman shall be elected from and by the committee. A functional committee is dependent upon a quorum, which shall consist of a member from each school and Professional Consultative Services.

c. When cases of disregard for the principles of professional responsibility occur, there is both a right and a duty to call the lapse to the attention of the individual concerned. If such a breach of professional responsibility is alleged, the matter should be investigated.

A.S.Minutes 4/1/75
Attachment VIII-A
c. (continued)
and a recommendation made by a faculty committee on Professional Responsibility. The procedures and standards of this committee should be consistent with the guidelines issued by the Academic Senate of the California State Universities and Colleges (AS 382-70/FA-I & II, 12/17/70).

d. Any employee of the University who teaches as part of his assigned duties, or who is eligible to vote in the election of University Academic Senators, or who is eligible to serve as a voting member of the Academic Senate, may be charged with unprofessional conduct.

e. In the event a breach of conduct is believed to have occurred and an informal resolution is unobtainable, the ensuing procedures shall be followed:

1. Allegations of unprofessional conduct shall be made in writing with copies going to the person so charged and to the members of the Committee on Professional Responsibility. Allegations shall be accompanied by full documentation and evidence. If it is the committee’s determination that an allegation is not accompanied by sufficient evidence, or is from too extraneous a source to merit investigation, it shall return the document with an explanation to the initiator and inform the accused of the charge and of the committee action.

2. The Committee on Professional Responsibility shall investigate each allegation and determine if indeed an act of unprofessional conduct has been committed, in which case the committee will make every effort to resolve the case to the satisfaction of those concerned.

   a) Allegations to be heard by the Committee on Professional Responsibility shall be limited to matters of unprofessional conduct.

   b) In cases where disciplinary action is initiated by the University for other than unprofessional conduct or when disciplinary action has been initiated by the University and unprofessional conduct is one of a number of grounds, allegations will not be heard by the Committee on Professional Responsibility except if a case is already being heard by the Committee on Professional Responsibility at the time when disciplinary action is initiated. They shall have ten days to complete their investigation.

3. The Committee on Professional Responsibility shall begin its inquiry within 10 days of receiving the allegation. The Committee may at any time discontinue the inquiry if the facts do not provide sufficient evidence to support it. This constitutes the completion of its inquiry and dismissal of the allegations. If the committee does not carry its inquiry to completion, a report presenting its conclusions and their bases shall be prepared for the personnel file of the person charged with unprofessional conduct. If the allegation is dismissed by the committee, all material pertaining to these allegations
3. (continued)

and only these allegations shall be removed from the personnel file. The faculty member so charged shall receive a copy of the report and a copy shall be retained by the committee. The committee shall notify the author of the allegation of unprofessionalism and that it has acted upon the accusation.

4. The actions open to the committee include:

a) dismissing the allegation
b) securing mutual understanding between the parties concerned
c) administering an oral recommendation that conduct be improved so as to be consistent with professional responsibility
d) preparing a written report with suggestions for conduct consistent with professional responsibility or preparing a written report exonerating the faculty member
e) referral (see section 5)

5. When, in the judgment of the committee, the nature of the case suggests such a conclusion, the committee shall make the recommendation to the President of the University.

6. In appearance before the Committee on Professional Responsibility, the following rules and procedures pertaining to the person charged with unprofessional conduct shall be observed:

1. He shall be given the opportunity to submit evidence refuting the allegation.

2. He shall be provided with a copy of all evidence presented to the committee and shall be given a reasonable time (no longer than 10 days, but an extension of time may be granted upon written request of the person charged) to respond to any evidence submitted.

3. He shall have the right to be accompanied by a person of his own selection who shall have the right to participate in the hearing.

4. He shall have the right to submit questions through the committee chairman to the individual making the allegation. The answers solicited shall be made available to him and to the committee.

The investigation and proceedings of the committee shall be kept in strict confidence by all concerned, except as it is otherwise necessary on the part of the Committee on Professional Responsibility in resolving the allegation.
WHEREAS: The Academic Senate is on record as favoring the towing away of improperly parked automobiles and has been for about one year; and

WHEREAS: The University has instituted a tow-away policy for automobiles when parked in red zones and zones restricted for use of handicapped persons and state vehicles; and

WHEREAS: Non-faculty and non-staff vehicles continue to disregard the staff parking designations and staff lots are often jammed with non-staff autos from 7:00 a.m. until after 6:00 p.m.; and

WHEREAS: The legitimate functions of University employees are often hampered by this disregard for their parking rights; now therefore be it

RESOLVED: That the Academic Senate demands that the University immediately institute a policy of towing away all autos parked in all zones not designated for their parking stickers between the hours of 0630 and 1930 Monday through Friday and rigidly and vigourously enforce it; and be it further

RESOLVED: That autos with student stickers are not entitled to purchase one day parking permits to circumvent the parking lot restrictions and requests the University to immediately halt this procedure and tow-away such autos when parked in faculty-staff zones; and be it further

RESOLVED: That this matter is considered important and of an emergency nature.
CREDIT BY EVALUATION

WHEREAS The Office of the Chancellor of CSUC has proposed a system-wide process for granting course credit for non-classroom achievement and knowledge; and

WHEREAS Many students arrive at the University with significant life experience which may well deserve credit in terms of academic coursework and

WHEREAS The faculty of a particular discipline on a given campus is locally responsible for development of the curriculum in the discipline and for evaluation of student achievement therein; and

WHEREAS The evaluation process currently proposed by the Chancellor's Office is linked to the College Level Examination Program of the Educational Testing Services; and

WHEREAS The CLEP examinations are standardized and developed by an independent commercial testing agency with no input from local campus faculties; therefore, be it resolved

RESOLVED That the Academic Senate, CPSU, SLO, endorse in principle the granting of credit for non-classroom achievement; and be it further

RESOLVED That the Academic Senate, CPSU, SLO, maintain that such credit should be granted only for achievement equivalent to that obtainable in curricula existing on the campus; and be it further

RESOLVED That the Academic Senate, CPSU, SLO, regard it as imperative that any particular evaluation device, test, placement and/or equivalency examination be (1) developed or studied, (2) adopted, and (3) reviewed on a campus-by-campus, discipline-by-discipline basis; and be it further

RESOLVED That the Academic Senate, CPSU, SLO, encourage continued use of credit by evaluation (CAM 617.7) procedures already in operation on the campus, and urge faculty of all disciplines to make such examinations readily available to students who present the necessary qualifications; and be it further

RESOLVED That the Academic Senate, CPSU, SLO, urge that any process of credit by evaluation be accompanied by FTE, WTU or SCH credit to the department to compensate for the instructional workload involved in administration and evaluation of such examinations.

Attachment IV-B
CONSTITUTIONAL AMENDMENT

The Constitution & Bylaws Committee recommends that Article III., Academic Senate, Section 1. Membership, paragraph c. be amended as follows:

c. The following professional consultative services shall be represented in the Academic Senate by the formula of one (1) senator per each 15 members or major fraction thereof: (1) Library (faculty), Audio-Visual (faculty); (2) Counselors (class & rank) and, Medical Officer I, and Student Affairs Officer (III, IV & V). (Academic-closely related, except those administrators defined in Section I.B. of the Bylaws of the Academic Senate)

We further recommend that the election of the Professional Consultative Services be held as if this amendment had passed, with the understanding printed on the ballot that if the amendment fails, the election for that position will be void. Since the position being voted on for the Academic Senate is dependent upon the amendment carrying, I do not see that this would create any problems. A problem would be created, however, if one of the individuals in the Student Affairs classification were a candidate for and elected to either the Personnel Review Committee or the state-wide Academic Senate.

We think, therefore, you should request that they do not run for either of these offices until this matter is cleared up. This still leaves a possibility, if the amendment fails, of six people voting for the state-wide Academic Senate who are not eligible to vote. We cannot see this as a serious problem.
CONSTITUTIONAL AMENDMENTS

Amendment 1. Add new Section 1 to Article III. Renumber present Section 1 2,3,4,5 to 2,3,4,5,6.

Section 1) Preamble

We, the Faculty of California Polytechnic State University, San Luis Obispo, in order to (1) perpetuate the traditions of shared responsibility for academic affairs and insure the free expression of the Faculty voice in University affairs, and (2) provide a recognized framework for Faculty leadership in continuing development of a quality Faculty, endorse these principles:*

a. Faculty members have a major role in the governance of the University through the Academic Senate, which is the recognized representative body of the Faculty. The Senate recommends policies and procedures to the President. On those occasions when the President rejects a Senate proposal, he informs the Senate in writing of the compelling reasons for such action.

b. Faculty members, support staff members, and students participate in the governance of the University through the Academic Senate, Staff Senate, and Student Affairs Council and as members of university standing, special, and ad hoc committees and subcommittees. (See CAM 160.)

c. Responsibilities of the Academic Senate, integral to the process of shared responsibility for academic affairs at California Polytechnic State University, include the following areas:

1. academic policy and procedures, including the assurance of academic freedom, curricula, and academic standards; long-range academic planning;

2. consultation regarding major organizational functions and selection of academic administrative officers of the university;

3. personnel policies and procedures affecting academic personnel, including professional responsibility, hiring, promotion, reappointment, tenure, leaves, working conditions;

4. procedures and programs for faculty development, including the composition of the Faculty, in-service training programs and counsel regarding professional personnel problems.

*The laws, regulations and procedures duly enacted by the People of the State of California and the Trustees of the California State University and Colleges are the foundation of the governance of this University;

The President of the University, as designated in Title 5, California Administrative Code, is the chief governing officer of the University and is responsible for its operation to the Board of Trustees of the CSUC.

Attachment IV-D
At the request of the Executive Committee, the Personnel Policies Committee reviewed the procedures governing student evaluation in each of the seven schools of the University.

During this review, the Personnel Policies Committee learned that student evaluation is being used in each of the Schools as one factor of consideration rather than as a vehicle with which to substantiate a personnel decision. Because this seemed to be the proper procedure, the Committee proposes the following change to Administrative Bulletin 74-1, Sec. V.:

The results of the annual evaluation will be used for both improvement of instruction and as only one of several factors in the formulation of recommendations on faculty personnel actions regarding promotion, retention, and tenure. There will be only one official evaluation required annually.

Attachment V-B
Memorandum

To: Les Vanoncini, Chairman
   Advisory Committee on Proposed Faculty Manual

Academic Senate
MAR 25 1975
CAL POLY - SLO

From: Robert E. Kennedy
CAL POLY - SLO

Subject: Report on Committee Findings and Recommendations

This will acknowledge your memorandum of February 28 in which you reported on
the results of the Faculty Handbook Committee's deliberations. Essentially the
committee recommended against a separate handbook for faculty at this time.
In addition, the committee recommended that the following documents be
distributed to all faculty in lieu of a handbook.

1. CAM Index
2. Table of Contents for CAM CHAPTER 3, Personnel Policies
3. A list stating the location of all copies of CAM available to academic
   personnel

Another recommendation was that five additional copies of CAM be placed in the
Reserve Room of the Library for overnight checkout by faculty.

I approve the committee's recommendations and ask Mr. Voss to take the necessary
steps to implement recommendations 1 through 3 prior to the start of the 1975
fall quarter. Five copies of CAM will be forwarded to the Library for immediate
use by faculty.

I appreciate the committee's time and efforts in reviewing the faculty manual
proposal. With this acknowledgement the committee is dismissed.
