Poly Rattles Unbeaten Chico State Wildcats 5-4 In Donnybrook

Gow, Ollar Star As Squad Thrills 2,000 Boxing Fans

Mustang boxers showed their worth Saturday night when they downed the formerly unbeaten Chico State Wildcats in a spectacular performance. The Victory in this long awaited and eagerly awaited event. The highly touted but once unbeaten Wildcats, Simmons, came to town looking for a win over Tom Leach's Mustangs but met a fierce challenge from the Mustangs. The final score was 5-4 in favor of the Mustangs.

Noted Canadian Mathematician In
Campus Lectures

The college chapter of Kappa Mu Epsilon, honorary mathematics fraternity, is sponsoring a talk of Prof. Lee Moorer of the University of Alberta, on March 27 and 28. The visit, under the auspices of the National Science Foundation, is part of a nationwide program, and has a dual purpose: to encourage and stimulate the mathematics programs of the college, to provide a professional contact with and mutual opportunity for professional contact with a professional mathematician and to aid in the motivation of students towards research careers in mathematics.

Dr. Morrer was born in Austria in 1911 and came to Canada in 1948. His undergraduate work was done at the University of Edinburgh, and his doctorate was in algebraic number theory from the University of Toronto in 1941 and the University of Alberta in 1951. He has been a member of the faculty at the University of Alberta since 1948.

Dr. Morrer has published more than 50 research papers on such number theory topics as the class number of quadratic fields, and has written a problem editor of 'P. J. Pippin's News' in the Canadian Mathematical Bulletin.

He has also served on the Putnam Examination Committee for several years.

Honor Organization Plans Benefit Dance For Red Cross Drive

Cameroonian chapters of two national honor organizations, Blue Key and Cardinal Key, are now in the process of planning a campus dance to benefit for the Red Cross fund.

The Red Cross fund was hit with a benefit dance in the Men's Gym registration night, March 6, from 7:00 until 11:00. Admission to the dance will be a donation to the Red Cross fund.

The two organizations are conducting the benefit dance to help defray the deficit in the local chapter's treasury. The deficit was incurred through the many services performed by the chapter in aiding those affected by the air crash disaster in October.

Ted Toller, member of the football team, says, "I can say nothing too good about the Red Cross. They saw that my wife and mother were sent to Toledo and also paid all of their expenses while they were in Toledo and provided transportation back home. Making arrangements would have been impossible without the Red Cross."

The Red Cross provided us with comfort and I had nothing in which to hang. After I arrived home, the Red Cross kept close contact with me and my family informing us of the condition of the other boys and wanting to know if there was anything else we could do to help us.

Van Horn Dedication

A brief dedication ceremony of the Van Horn Memorial Drinking Fountain will be held at 4 p.m. Sunday, March 19, on the north side of the Pan American High School football field.

In memory of Harry Van Horn, the second of the first two plane crashes in Toledo, Van Horn Prizes will be awarded at the dedication ceremony. Public is invited.

**Leadership Course Planned**

A special class in leadership courses will be given during the Spring Quarter under the direction of Professor Hal Logan, Department of Sociology.

The class will be responsible for planning and conducting the Poly Royal Carnival on Saturday, March 18.

Further information on the class can be obtained from Associate Dean of Activities Dan Lawson at the ASB office.

**Position Available**

In College Union

“Positions are now available for students to become campus leaders by working on the College Union Board or with College Union Committees. Committee openings are also available in the Personnel and Public Relations Committee.”

More than 120 students are now actively engaged in College Union work.

“College Union Committees work together to provide a cultural, social and recreational program which are a meaningful part of students’ college education.”

Interested students are urged to contact College Union Board Chairman General Spain, Box 8, ASB Office.

**Architectural Department Need**

Scarcened Membership

George Haselton, head of the Architectural Engineering Department, has been named to honorary membership in the Knowlton, regional professional architect’s fraternity. The college chapter charter, Alpha chapter, will hold an informal meeting on Haselton for his outstanding contributions to Architectural Engineering Department and for the leading architectural engineering schools in the nation over the past 12 years.

The students will explore the contemporary religious and theological points of view in America. The storles are—“Young Goodman Brown” by Nathaniel Hawthorne and “The Birtwine” by Sir Walter Scott. The students will explore the nation over the past 12 years.
