Unique Exhibits Featured In Printing Display

Even under what situation the world would be in if we didn’t have a printing department, there would be no books to learn by, no magazines to read, no newspapers to know our news.

This is why it should be a must to have a printing department. The only department of the whole Cal Poly is Students graduating from the Printing Department are granted a Bachelor of Science degree in Printing Engineering.

The Printing Department gives its graduates an all round background in all phases of printing, becoming advanced knowledge in letterpress and offset work, and in business management as well.

Visitors will be given guided tours of students in the printing plant which is located in the basement of the Printing Building, viewing displays consisting of each printing process going on in the department.

Visitors will also get a chance to watch the operation of letterpress machines, inter- types and linotypes. Also on display will be the next of the many machines in the printing trade—the Photostat. This machine is similar to the Linotype in many ways, but instead of releasing a metal slug, the Photostat takes a picture of the type and prints it on the end of a roll of paper, instead of releasing a metal slug. This machine was donated to the Cal Poly Printing Department by the Intertype Corporation and is the only one of its kind west of Chicago, 111.

Tours by students in the department of business management and administration are also available, for those who are interested in this field.

In the letterpress area visitors will see the Mlehle, Heldelburg printing press which is the only Mlehle press in California.

Displaying graduates and process of a five outstanding printing firms: Intertype Corporation, Griffin Brothers, Lithography Co. and O’Connell Brothers, will be the only press of this kind to a public audience.

On Saturday evening the Printing Department members and alumni will be present at the Annual Printing Banquet at Brookers, Morro Bay. Guest speaker will be Roy E. Simpson, state director of education. Looking on right is Mrs. Meaphes, Mrs. McPherson, Emm C. O. McCullough, Dean of the College, Kellogg-Vorthen Foundation, Emma Ann and Pamela Poltry Rodrigues. The get together took place at the dean quarters at the Mule and Rose Eames Building.

Liverpool, Dairy Show Under Way

Poly Royal activities began before sunrise this morning for 180 Poly students as they applied the finishing touches to grooming animals for the annual Liverpool and dairy showmanship contests.

Beginning at 8:00 a.m., in the Dairy Pavilion, 90 students will lend outside the ring for the dairy showmanship contests. Three events will be represented in the event—Holstein, Guernsey and Jersey—which will be judged by George Bessne of Curtis Breeders, Inc.

July Carter, alternate California Poly Royal princess for the annual show this year will be the banquet hostess. Carter will host the banquet at the Student Center on Friday evening.

A weekend at the beach and in the city is the main event for the show.

The crowd at the annual show was expanded to include this all-stars.

INGVARI TRUMPHS

Cal Poly’s Ingmar Halverson garnered 13 points to lead the track team to a 19-18 win over Vandenberg Air Force Base Thursday afternoon.

Halverson, a printing student and former half-miler, took second in both the high and low hurdles, a first in both the shot put and javelin.

The Mustang track squad is performing in the Southland today at the Mount San Antonio Relays with several other college teams.

A LOTEY WILL... That's exactly what this big Brahman Is trying to prove.

A Pilot Speaker At IAS Banquet
Scott Crossfield, former X-15 project test pilot and now director of space and missile systems testing for the General Dynamics Division of North American Aviation, will be the guest speaker at the Institute of Aeronautics Sciences Banquet held in Los Angeles, May 12.

The banquet is being held in connection with the 11th annual West Coast IAS Student Conference. According to George C. Garretts, Cal Poly's IAS chairman, the conference includes the IAS west coast meeting, the Aerospace Sciences Building dedication, Beverly Hills meeting, the banquet and, perhaps as many numbers as possible to attend. Other than the few banquet, there will be presentations of student papers and a field trip.

Sabbatical Leaves For 15 Instructors
Eight sabatical leaves and several study trips were approved by the Director of Education, W. M. Bell, for instructors of the Agricultural and Home Economics Departments. Additional information about the leaves are as follows:

1. Mrs. Ruth Poag, BUI Goodwin, John Deaver, George B. Mach, Glenna A. Noble and Frank Waring, all members of the Home Economics Department, were granted leaves.

The basic purpose of Cal Poly is to prepare young men and women for managerial, technical, and teaching occupations by training them as well as the help—by "know-how" to "know-why."

Construction Begins: 1-Way Street Closed
Construction work on the new library annex will necessitate the closing of the one-way street behind the liberal arts building for an indefinite period, beginning May 1, college officials announced today.

Students are urged to keep abreast of traffic laws in the area of the library at a minimum and even avoid using the street in front of the building whenever possible.

Several sections of the library are scheduled to be completed this summer and fall. They are the Business and Legal sections, the new 12,500-volume section of the Science Library, the new 5,000-volume section of the Science Library, and the new 2,500-volume section of the Science Library.

The work will continue throughout the year and into the fall of next year, with the library to be fully completed in the fall of 1961.

Crops Drop... Expansion Plans
A contract between the library and the state government for the expansion of the library's facilities was signed by the library's director, J. M. McDonald, and the state government official, J. H. Williams.

The library is responsible for the expansion of the library's facilities and for the construction of the new library annex. The state government is responsible for the maintenance of the new library annex.

The library is expected to complete the expansion of the library's facilities in the fall of 1961.

Mustangs Set Eight Records In Winning State Title

Eight conference records were set by the Cal Poly swimming team last week at Santa Barbara as the Mustangs rolled to the CCAA conference championship over defending champioship Long Beach State. The final score read 147 to 105 for the Mustangs. Leading the Mustangs was triple winner C. W. All-American Jack Adam, who broke existing records in six events.

In the 440-yard freestyle, Adam clocked in at 4:49.2, compared to 4:51.0 in 1960. The 220-yard freestyle was 1:19.3, compared to 2:17.8 in 1960, and the 100-yard freestyle in 26.2, compared to 26.2 in 1960.

Frank Brooks was a double winner. The 100-yard butterfly time of 1:02.6 broke a record at 1:04.2 in 1960.

Framie Bell also turned in a record-breaking performance with a 5.6 time in the 50-yard freestyle event. This broke the record set by Jerry Hill of Long Beach State in 5.3 seconds.

The 440-yard medley relay team of Framie Bell, Jersey Jones, George Beall and Claude Hillock also recorded a new record of 1:38.6. This surpassed the record of 1:39.2 set by the Mustangs last year.

Two school records were set by Frank Brooks. He recorded a new mark in the 400-meter freestyle at 4:40.6. This time broke the record set last year by the Mustangs of 4:47.9.

PE Major Receives Commendation
James Redd, Physical Education teacher from Santa Barbara, has received a commendation for his work in preparing young men and women to participate in physical fitness and recreational activities.

According to Dr. Edwin Root, President, Redd has been a member of the Physical Education faculty for two years and is one of the record class members to be selected for the commendation.
