State Campaign in final days

Cal Poly's annual fund-raising campaign for charitable, human-service and other non-profit organizations is in its final week. The State Employees Campaign (United Way/Neighbors Helping Neighbors for Foundation and ASI employees) officially ends tomorrow (Nov. 13).

Through the campaign, employees can give to any non-profit agency of their choice. Pledges not designated for a particular organization go to the San Luis Obispo County United Way, which organizes the drive and supports more than 40 local non-profit agencies.

Employees who wish to donate in cash, or to pledge through payroll deduction, and who have not yet filled out a form, should contact their unit's captain. For more information contact Jo Ann Lloyd or Bob Anderson in Communications and Special Events, ext. 1511.

Videoconference on collaborative learning

A national videoconference, "Collaborative Learning II, Design and Implementation," is scheduled for Wednesday, Nov. 18, from 10 to 11:30 am in room 113 of the new Business Building.

Collaborative learning (or "cooperative learning") encourages students to interact in small groups in order to increase learning.

The live presentation will include discussion among experts in a variety of subject areas plus pre-taped segments from classes using collaborative techniques. Students, instructors, and administrators will be interviewed. Viewers will have the opportunity to call in questions to the panel.

Because seating will be limited, reservations are needed. Call Carol Brookshire in the Faculty Development Office, ext. 1508, to reserve a space.

This videoconference follows up and supplements the Cooperative Learning Workshop held today (Nov. 12) in the Staff Dining Room from 10 am to noon and repeated from 1 to 3 pm.

The presentation is sponsored by Cal Poly's Faculty Instruction Development (FIDO) Program, jointly coordinated by the Academic Senate Instruction Committee and the Faculty Development Office.

Race relations teleconference topic

The faculty, staff members and students are invited to attend a teleconference, "Enhancing Race Relations on Campus—New Challenges and Opportunities," to be held Wednesday, Nov. 18, from 10 am to noon in Bishop's Lounge in the UU.

The live, interactive satellite broadcast will feature an expert panel that will discuss positive methods, solutions, programs and strategies to enhance race relations on American college and university campuses.

Presented by the publishers of Black Issues in Higher Education, the event is co-sponsored by Student Affairs, Academic Affairs, Affirmative Action and the Center for Women and Ethnic Issues.

Wayne McMorran

McMorran's 30 years of service recognized

(One in a series of articles recognizing long-time employees).

Wayne McMorran, a member of the Electronic and Electrical Engineering Department, came to Cal Poly as a vocational instructor in 1962.

The professor is known for his keen sense of humor and practical jokes.

Once he phoned the new department receptionist, identified himself as a phone company employee, and told her they were having problems with noise on the lines. He told her to cover everything around the phone because they were going to have to "blow the dust out of the lines." He was convincing; she did as she was told. McMorran is also an amateur photographer and enjoys building model trains and developing software.

'Romulus' to open theater season

The Theatre and Dance Department will present the dark comedy "Romulus" as its 1992-93 season opener Thursday through Saturday, Nov. 19-21, at 8 pm in the Theatre.

A satirical, often biting and very telling look at the fall of the Roman Empire, "Romulus" is a fast-paced farce, loaded with provocative one-liners and political barbs. Romulus is actually a heroic, methodical and moral man, but because of the chaos around him, he is seen as a clown and a cynic.

The original script, "Romulus the Great," was written in the early '50s by Swiss playwright Friedrich Duerrenmatt. As adapted by Gore Vidal in the early '60s, it is similar in tone to "Saturday Night Live."

Director Al Schnupp of the Theatre and Dance Department warns not to expect historical accuracy. The play is full of anachronisms.

Schnupp selected "Romulus" because of its potential for both comedy and dramatic action and its relevance to today's social and political climate. The Roman romp includes a cast of 20 Cal Poly students from a variety of majors.

With assistance from a local costume designer, faculty member Philipp Jung designed the set and costumes to create a colorful "circus" environment that supports the play's farcical, chaotic theme. Faculty member Howard Gee is the technical director.

Tickets are $6.50 for the general public and $5.50 for students, senior citizens, and employees. They can be bought at the Cal Poly Theatre Ticket Office from 10 am to 4 pm weekdays or reserved with a major credit card by calling ext. 1421. Any remaining tickets will be sold at the door. For more information, contact the Theatre and Dance Department at ext. 1465.
