Welcome Week: Frosh, Join The Fun
September 17, 1962

Student government is a let of each. Participation is encouraged in all activities, remembering of course that Frosh, who have registered, the new student is in the swing of town, sports, movies, beach parties, and evening dances. The fee for the campus program is $4.00. There will be three banquets, a luau and a proof reading. The latter will be presented during football season if one wishes to be a part of the season.

Poly Follies takes place the last night of Welcome Week. At this, the culmination of the week, a coronation ceremony is held. The King and Queen of Welcome Week are crowned in a ceremony that includes the following: an introduction, a coronation pageant, the crowning, and a coronation dance. Other entertainment by Camp and Campus organizations may also be expected by the audience. Dances are held outside the laying of the queen and king.

New students will have their questions answered by trained upperclassmen. They will provide many events for meeting new faces and joining in the fun.

Why I Love To... Have Teenage Children. Elementary Education.

Planning, organizing, and carrying out all athletic, social, cultural and recreational activities at Cal Poly is performed by the Associated Student Body, which is elected by the students. Coed Living Pioneered In Trinity Last Summer

By MITCH REID

Summer school students pioneered a first at Cal Poly housing — coeducational dormitory living — and it's likely only a summer adventure.

For the first time on this campus, both men and women dwelt under the same roof although they weren't any closer than neighbors in South Tray and Mac Cray departments.

According to Residence Hall Director Gary Garfield, who was in charge of the deal, the room wasn't intended to be permanent and it was worked out with the Board of Regents back in 1956.

Garfield says that the idea of housing a predominantly male dormitory with coed housing was discussed on and off for a couple of years prior to that time.

Many people opposed the idea and some of the Regents were afraid that it would affect the 'vibe' of the college.

The Board finally voted last summer to go with the idea and Garfield was put in charge of the project, which was completed in 90 days.

He says that the plan was worked out on a shoestring budget with the help of some of the Regents.

"It was a real challenge," Garfield says. "The idea was to pioneer the idea and we're really happy with the results."

It was reported by both men and women student leaders that many problems developed over the first two weeks of occupancy, but Garfield says that the majority of the students accepted the situation and the problems were worked out.

"We were glad it was only a summer measure," Garfield adds.

Audio Visual Coordinator

Judges Agriculture Film

Nelson Walling and Larry Bybee, students in the Department of Consumer Science of the College of Business, were chosen as judges in the California Agricultural Film Festival.

Walling and Bybee were among 14 other judges selected from other California universities.

Another goal of the festival, in addition to selecting judges, is to carry on a campaign to attract interest of the students in agricultural films and to extend literature on the peace movement.

Against Arms Race

Promotes Unity

By CARL THOMPSON

Two men are in a closed room behind the screen at the Student Union....

We are no longer living in the days of the Civil War when men did not have the privilege of living the same house."

"We are one and two and three and four and five and we need a lot more," said one judge.

Meanwhile, the film was playing on the screen and the judges were watching.

"The idea of coed housing may have been considered at first by many as a bad idea."

The majority of the students accepted the situation and the problems were worked out.

"We were glad it was only a summer measure," Garfield adds.

Publicity Workshop

Ready In ASB Office

By KEVIN RICE

Village Life: Ready

Scanty personnel and a meager budget are all that the Publicity Workshop has to go on as it prepares for its big campaign this year.

Currently, the workshop is working on a campaign to promote the sale of student tickets for the upcoming football game against the University of Oregon.

Vice President Bob Henry is in charge of the drive and he says that the workshop is doing a little better than expected.

"I think we're doing well," Henry says. "We're getting a lot of cooperation from the ASB office and we're hoping to do a lot more."

School Spirit Is Fostered

By Desired Victory Bell

Several years ago a large bell was given to Cal Poly by a prominent local citizen. It was soon after that the bell was placed in the City Auditorium and remained there until it was moved to the Trinity dormitory.

Due to the demands of the new dormitory, the bell was moved back to the City Auditorium and has since been a fixture there.

The bell is rung daily at 7 p.m. and is heard throughout the city.

Poly Postmistress

Marks Anniversary

Sara Ishiyama, postmistress for the Poly Post office, celebrated her 15th year of service last week.

Ishiyama has been with the Poly Post office since 1951 and has been a fixture on the campus ever since.

She says that her job has changed a lot over the years and that she enjoys meeting new people every day.

"I like meeting new people," Ishiyama says. "It's a great job."

Welcome
Musical Organizations Offer Credit for Amateur Talent

By CAROL HUBBELL

Not many musicians use slide rules or do they drive tractors, but there are some who do, and they are finding a welcome at Cal Poly. The university's policy of offering a credit for amateur talent is one of the factors that brought the students näch orchestra to campus.

In the past, the program was limited to the University of California, Berkeley, but now it is being expanded to other universities as well. The program has been so successful that it is being considered for other colleges and universities across the country. The program is designed to encourage students to pursue their musical interests outside of the classroom and to provide them with opportunities to perform in various contexts.

The program is open to all students who meet the enrollment requirements. Interested students are encouraged to contact the program coordinator for more information and to explore the different opportunities available.

In addition to the opportunities for performance, the program also provides a platform for students to develop their skills as musicians and to contribute to the musical life of the university. The program aims to foster a sense of community and to create opportunities for collaboration and creative expression.

Students who participate in the program are provided with opportunities to perform in various settings, including concerts, recitals, and competitions. They are also encouraged to engage with the larger musical community through partnerships with local music organizations and through participation in national and international music festivals.

The program is supported by a dedicated team of professionals who work to provide a high-quality educational experience for students. They provide guidance and support to ensure that students achieve their goals and reach their full potential.

The program is a testament to the university's commitment to excellence and innovation in music education. It is a unique opportunity for students to explore their musical interests and to contribute to a vibrant cultural community.

In conclusion, the program offers a unique opportunity for students to pursue their musical interests and to contribute to the musical life of the university. The program is designed to foster a sense of community and to provide opportunities for collaboration and creative expression. The program is supported by a dedicated team of professionals and is open to all students who meet the enrollment requirements. Interested students are encouraged to contact the program coordinator for more information and to explore the different opportunities available.

Bark to school means, among other things, "Local Miss Chosen" Poly Royal Queen for First Time." Until title time and some years later, students moved 17,000 books into the new Graphics Arts Building.

YEARS MAKE A DIFFERENCE

The editor of the 1939 paper was an English industrial major. Also that year, the Associated Student Body budget was $600. At the present time the budget reaches $12,000.

In 1935, EL MUSTANG progressed to a weekly volume paper, but soon returned to its familiar four-column format. Headlines read that Fred Waring was soon to appear on a first class tour.

In 1937, John "Shady" inhibitor in the football department, then a Frank Keily instructor in the journalism department, was an editor for the publication of EL MUSTANG.

In September, 1938 headlines read that students moved 17,000 books into the new Fuller Center Library. This same year a strong editorial on poor parking conditions was published. (Cheese editorial at poor parking conditions is still being published.)

In 1961, the editor chose to run a column named "Fly-Seat." The column was "covering news below the editorial staff." This year a full page was devoted to the history of EL MUSTANG.

AN ANGEL EL MUSTANG

Board of Publication made headlines in May with their next publication, "The Observer." A quote from that editorial read: "One cannot help but be impressed with the quality of work done by students, and by the students themselves. The decisions of what goes into the paper and what stays out, the way stories are handled and picture play are decided by the editor and his executive board ... EL MUSTANG is not an administration group, but an elected body of students." The tag question in the headlines in 1963 centered around the personalities of Cal Poly governor, the editor of EL MUSTANG, was also running "check strip." The newspaper office was a popular meeting place for all students and instructors. Instructors urged every student to take part in the publication of FL MUSTANG.

The editor ran a series of interviews on this topic. EL MUSTANG reported that student editors were not too happy with the coming year. The year after year, the popular column of 1957. Pryor's humor and artistry were acknowledged by his readers. The students were encouraged to improve their language.

In 1956, the headline read, "Hello Girls," and the popular column of 1957. Pryor's humor and artistry were acknowledged by his readers. The students were encouraged to improve their language.

In 1962, EL MUSTANG maintained "Welcome to Poly" in a summary form. The newspaper office was a popular meeting place for all students and instructors. Instructors urged every student to take part in the publication of FL MUSTANG.

In 1963, the headline read, "Fly-Seat." The column was "covering news below the editorial staff." This year a full page was devoted to the history of EL MUSTANG.

Voluntary Fee Charged

By Campus Health Center

For the first time, it will be necessary to pay a $5 per semester fee for medical care students in 1963. This fee is due to financial difficulties in providing the service. The fee has been raised and made mandatory, according to Dr. John S. Scott, Vice President for Student Affairs.

The decision whether to pay the fee or not will depend on an individual's judgment. It is mandatory for all students attending the university. The fee will be paid and made mandatory, according to Dr. John S. Scott, Vice President for Student Affairs.

Registration

By Dr. Richard W. Smiley

The registrar at Cal Poly has received approximately 9600 entries in addition to those who are already enrolled in the University. A period of seven years has been set by the students and instructors to improve their language.

TIPS FOR SCHOOL!

From kindergarten through college, most students fail the FEEDBACK. We are the original feeders of the FEEDBACK. As better, but better, but better, but better, we are the only students on the planet. We've got you see the old FEEDBACK - LEVI'S - is in and go get it!"
Pay For Parking Policy

A limited amount of off-street parking will be available for the fall semester. According to the parking plan, there will be 218 available spaces on the east side of the campus, with 28 parking spaces reserved for student use. These spaces will be available on a first-come, first-served basis. Parking permits will be sold on a quarterly basis only.

The current “pay parking” system will continue to be in effect. Parking permits will be sold on a quarterly basis only. Each parking permit will be valid for the quarter in which it is purchased. Parking permits can be purchased at the Student Services Building, the Business Office, or the Cashier's Office.
