College Hour Will Feature Strings: Woodwinds: Flute

This week's College Hour will feature strings, woodwinds, and flute.

New Health Center Head Is Appointed

Dr. Bill Mounts has been appointed head of the College of Medicine at San Luis Obispo. He will begin his duties on January 1.

Legislation Would Start College Press

Amendment to the California State College System Act would authorize the establishment of a college press. Dr. Mounts supports the legislation, which he believes will enhance the quality of the college's publications.

Student Government Plans Fundraising Activities

The Student Government is planning various fundraising activities to support the new college press. The activities will include concerts, dances, and sales of college memorabilia.

GF Official Will Speak Thursday

A guest speaker will be featured on Thursday, who will discuss the importance of press freedom and the role of college presses in promoting free speech.

Open House Marks Engineering Week

The Department of Engineering is hosting an open house to mark the beginning of Engineering Week. The open house will include tours of the engineering facilities, demonstrations of engineering equipment, and guest speakers.

Marriage Lecture Is Popular;
Another Tomorrow

The lecture "Another Tomorrow," presented by Dr. James Bell, was a popular event during Engineering Week. The lecture discussed the future of engineering and its impact on society.

Peace Corps Project In Need Of Printers

The Peace Corps is in need of printers to help with the publication of their newsletter. Volunteers are needed to help with the publication and distribution of the newsletter.

Poly Royal Room Requests Due

Requests for use of the Poly Royal Room are due by next Monday. The Poly Royal Room is available for student events, meetings, and other activities.

Maphis Band Highlights Western Hop

The Maphis Band will perform at the Western Hop, a popular student event. The band will play a variety of music to entertain the student body.

Varied Program Is Planned For International Week

A variety of programs will be featured during International Week, including cultural presentations, music performances, and a foreign language symposium. The programs are designed to celebrate the diversity of the student body.

Brain Watchers' Is Topic Of Book Session

A session will be held to discuss the book "Brain Watchers," which examines the science of the brain and its role in behavior. The session will feature a discussion with the authors of the book.

GE Official Will Speak Thursday

A guest speaker will be featured on Thursday, who will discuss the importance of press freedom and the role of college presses in promoting free speech.

Music, Talk, Movies

The college will feature various music performances, talks, and movies during the week. The events will be held in the main auditorium and the college center.

Counselors Needed For Welcome Week

The counseling center is in need of volunteer counselors to assist students during Welcome Week. Volunteers are needed to help students with their academic and personal concerns. The counseling center is located in the counseling center building.
Long-Time Resident Establishes Fund

For many decades, the family of Madera Hathaway has given loyal support to Cal Poly. Dr. and Mrs. Amos R. Hathaway, who have been associated with the College official, announced that Dr. and Mrs. Forest Coyner, a graduate student at Cal Poly, have been selected as the new dorm queen.

Another name

As of this week, Anita Hathaway, who came to San Luis Obispo in 1974, became a member of the Hathaway family.

Lawrence Radiation Laboratory

The Lawrence Radiation Laboratory is operated by the University of California for the United States Atomic Energy Commission. Current projects are in the areas of nuclear explosives for industry and defense, nuclear propulsion, controlled thermonuclear reaction, space physics, and other advanced problems in nuclear physics and engineering.

Laboratory staff members from the Livermore Laboratory Site will be on campus to interview students in the Physical Sciences and Engineering.

Tri Beta Members Tour Local Hospital

Robert Brown and Jack Morgan, Tri Beta members, recently visited the hospital and met with Al Lauenstein, chairman of the medical education department. They received a tour of the hospital and were given a chance to meet with the medical staff.

Library Considering Microfilm Purchases

The library is currently evaluating the purchase of a microfilm reader for the library. The microfilm reader would allow for faster access to materials stored on microfilm. The library is looking into various options and will make a decision in the near future.

Campus Musicians Thrill Large College Hour Crowd

The College Hour musical group provided entertainment during the noon hour on Friday, February 18, in the gym. The group played a variety of musical pieces, including classical, jazz, and popular. The crowd was entertained by the group's dynamic performances.

OCS Applications Due By March 22

As advertised in the April 24, 1966, issue of the California State University Student, applications for OCS are due by March 22. Students interested in applying should contact the Office of Naval Reserve at the university for more information.

Cinders To Open Season Saturday Against Westmont

“IT'S a much-improved team over last year but still lacks depth,” is Coach Walt Williams' estimation of Cal Poly's 1963 track squad, which opens its season by hosting Westmont College on Feb. 23. “We are well-balanced in field events but need another sprinter and middle distance man to replace star, John Petroelje.”

Cinderella performers for the Mustangs in the 1962 season were Jim Barnes, Tom Gaffney and Reserve forward Curtis Parry. They led the Mustangs to the NCAA Regional Championships and to third place in the NCAA National Championships. The Mustangs lost two key men to graduation, but they have added 13 men to bolster the lineup.

Freshmen Cagers

Dealt 2 Losses

Hastings and Lane, the famed 7-footers for the Mustangs, lost to the Tucson State Cougars 76-70 in their first varsity game of the season. The Mustangs were led by Bob Horvath and Chuck Johnson in the loss.

In their second game, the Mustangs beat the U.C. Irvine Anteaters 72-65. The game was played in Fullerton's Laidlaw Gym.

On Saturday, before one of the largest crowds ever to see a Southern California College basketball game, the Mustangs fell to the Long Beach State 49ers 102-93. The game was played in Fullerton's Laidlaw Gym.

Hastings, a 7-foot center, and Lane, a 7-foot forward, are expected to be stars for the Mustangs this year. Hastings was named to the All-Central California College Conference team last year.

Hastings had 20 points and 12 rebounds in the loss to Long Beach State. Lane had 15 points and 10 rebounds.

The Mustangs are playing a tough schedule this year, with games against the University of Arizona, UCLA, and Santa Barbara.

The Mustangs are also playing a strong schedule in field events. They are expecting to be one of the top teams in the NCAA West Region.

Cal Poly's top distance runner is Gary Walker, who specializes in the mile and 880. Walker is a member of the All-Central California College Conference team.

Another strong performer for the Mustangs is Rusty Ashman, a 6-foot 4-inch jumper who has a best heave of 15 feet. Ashman is expected to be one of the top jumpers in the NCAA West Region.

On the track, the Mustangs have a strong relay team. They have a 440-yard man, Charles Merrill, who has run the mile in 4:29.

The Mustangs will open their season at home against the Long Beach State 49ers on Feb. 23. The game will be played in Fullerton's Laidlaw Gym.

On Sunday, the Mustangs will play their second home game of the season against the San Diego State Aztecs. The game will be played in Fullerton's Laidlaw Gym.

The Mustangs are playing a tough schedule this year, with games against the University of Arizona, UCLA, and Santa Barbara.

The Mustangs are also playing a strong schedule in field events. They are expecting to be one of the top teams in the NCAA West Region.
