Judy Is Queen Of Poly Royal

"Judy Queen". That's the way people will refer to Miss Judy Ryman for the next month and a half. Judy, a Home Economics major from Pico Rivera, was selected as "Miss Cal Poly," Queen of Poly Royal in the campus-wide student beauty contest. Judy and Mrs. Mildred Acuff, her mother, were in the contest. Although Judy tallied nearly twice as many votes as the closest rival she was still those according to Election Committee officials.

Elected in position were Sharon Pennington, Elementary Education major from San Luis Obispo; Laurie Kyle, Animal Husbandry major from Fresno; Carolyn Cooper, Home Economics major from Templeton, and Esther Tsuchiya, Biological Science major from Monterey.

All royalty are 21-year-old seniors academically ranked in the upper quarter of their class.

The entire staff and membership of the Election Committee reported that a total of 1,473 ballots were cast. Of these 136 were void because of write-ins or imperforate marking. 

Harry received approximately 50 votes on the voided ballots.

Excluding the counting and procedure, Clark said, "The queen was selected on the highest amount of votes" votes received. In case of a tie, the girl of the two in the lower line received the crown. In this case the girls were chosen by rating the upper and the lower line with the four girls having the highest rating.

All results of the election are unofficial for a two-week protest period.

Increase Election Okay; Simple Majority Needed

President Julian A. McPhail told the students that the proposed increase in ASB fees for the Spring semester of 50 cents per credit hour was that of a group, namely, most of the franchise groups. At the time he would recommend it to the students, he was asked to come up with a simple majority for the election.

President McPhail told the students that he could not recommend such an increase at this time because he said he had not been able to come up with a simple majority for the election.

The procedure outlined by President McPhail was that of a group, namely, the students, the faculty, the administration and the Board of Trustees.

President McPhail also emphasized the importance of the students taking part in the election.

Library Officials Warn

"Get Meal Tickets"

Students who have not received their meal tickets for Spring semester are warned by Library Officials that they will not be allowed to register.

The proposal was made within the framework of the long range planning committee, according to the library officials.

"The proposal was made within the framework of the long range planning committee, according to a study of the issue, the library officials said."

"If the center is really needed, it will be a feasible way to finance it, and if it (Cal Poly) can get the service, we will do it as we did in the past."
**Letters To The Editor**

**Where Is Spirit?**

**Editor**

Dive in, Cal Poly or we will all be down in a hole. I feel that I am prompted to make some observations on the conditions that are prevalent in the college community at this time. Here are some thoughts:

1. The power cut has created a problem that has affected the entire student body. Students are being asked to come to class on time and to be prepared for the lecture.

2. The school newspaper has decreased the number of articles that are published. This decrease in the number of articles has created a problem for the students who are involved in the publication of the newspaper.

3. The administration has increased the amount of work that is required of the students. This increase in the amount of work has created a problem for the students who are required to complete the assignments.

4. The administration has decreased the amount of time that is available for the students to complete the assignments. This decrease in the amount of time has created a problem for the students who are required to complete the assignments.

5. The administration has increased the amount of pressure that is placed on the students. This increase in the amount of pressure has created a problem for the students who are required to complete the assignments.

6. The administration has decreased the amount of support that is provided to the students. This decrease in the amount of support has created a problem for the students who are required to complete the assignments.

In conclusion, I feel that the administration is not providing the students with the support that they need in order to complete the assignments. The administration should be providing the students with the support that they need in order to complete the assignments.

I am interested in acquiring a collection of paperback books. If you have any paperback books that you are willing to sell, please let me know. I would be happy to purchase them.

**Robbins Show Criticized**

**Editor**

I have just returned from attending the Robbins show. I was disappointed with the show and I feel that it was not well organized. The show was poorly attended and the performers were not well-received.

In conclusion, I feel that the Robbins show was not well-received and I do not recommend attending the show.

**ROSY DRAWS NEAR—Lady Oscar, Poly Royal Queen**

**Editor**

Poly Royal Queen is a popular bar and a source of entertainment for the students. I have attended several events at the bar and I have enjoyed the atmosphere and the entertainment. I recommend attending the bar and enjoying the entertainment.

**AAA Western Wear**

Interested In Europe? Why Not Study There?

The title begins in July and after the six-month period, the student must return to the country of their choice and begin their studies. There are several universities and colleges in Europe that offer courses specifically designed for American students. These programs are generally very affordable and provide a unique cultural experience.

Home Economics Tours

Home Economics tours are available in many countries around the world. The American Economic Association offers tours to various locations in Europe, Asia, and the Middle East. These tours provide an opportunity to see different cultures and gain a deeper understanding of the business world.

Departments Created

There are many departments created for the purpose of studying different aspects of European culture. Some of these departments focus on specific countries, while others have a more general focus.

How to Get Educated Although Attending College

In many cases, college attendance is not the best way to get an education. Many students have found that they can learn just as much or more by traveling and studying abroad. In this article, we will explore some of the different ways to get an education while traveling.

Norseland Tours

The Norseland Tours group offers a discount to students enrolled in the University of Oxford. This group provides a unique opportunity for students to experience life in Norway and to learn about the country's rich history and culture.

Swedish Sight Seeing

A month of sight-seeing in Sweden is a great opportunity for students to experience the country's cultural and historical riches. Students will be able to visit Stockholm, Gothenburg, and other cities, as well as to participate in traditional Swedish activities such as horseback riding and canoeing.

Recommended Readings

There are many books and articles that can help you get started in your studies abroad. Some of the most popular include:
