Campus Open House expects 15,000 visitors

Cal Poly Country Fair celebrates 31st year

poly royal observed since 1933

The first Poly Royal was instituted 31 years ago by Cal Poly as a Country Fair on a California campus. The fair has been a recurrent event ever since.

Father of Poly Royal, 'Gus' Beck, attends as advisor for last time

By Lynne Prindle

A little man with a giant heart, Gus Beck, Cal Poly's former building coordinator, attended his last Poly Royal Fair this Saturday.

It was Beck's last call before he retired from the building program which he said he regretted.

'The most eminent is the new Agricultural Hall,' Beck said.

It was Beck's last chance to know that the students were happy with his building program.

Most eminent is the new Agricultural Hall, Beck said.

It's a fall program which will cost $1.5 million.

This is the last Poly Royal Beck has attended as an advisor for the first time.

It was Beck's last call before he retired from the building program which he said he regretted.

Thespian seek awards

More than 50 high school students will participate in the first college Thespian Festival to be held at Cal Poly.

The festival will be held on Friday, April 26, and will include plays, musicals, and other entertainments.

Awards will be given to the top performers.

Carnival time tonight

Tonight in Poly Poly's big fair night will open a weekend of fun and excitement. The fair will feature a variety of attractions and entertainment.

The fair will feature a variety of attractions and entertainment.

Carnival will be open from 5 to 11 p.m.

Math champ will win scholarship

Dr. Carl Beck, head of the Mathematics Department, announced that the first Math Clinic for next year will be held on March 1.

The clinic will be held on March 1.

Past, future reflected in '63 theme

By that time of the year again, Cal Poly opens its doors to thousands of welcome returns from Poly Poly and many other schools.

There will be plenty of fun and excitement at the Poly Poly Fair.

There will be plenty of fun and excitement at the Poly Poly Fair.

The Poly Poly Fair will open on Friday, April 26, and will continue through the weekend.

The fair will feature a variety of attractions and entertainment.

College Rodeo Popular

By Sue Stanley

Rodeo, one of the most exciting sports, will bring its spurs and horses to the campus this year when the Poly Royal Rodeo meets in the Ag Pavilion at 1:30 p.m. on April 27, May 18, and June 2.

The association of students interested in the sport, has spent the past year planning and negotiating with the National Finals Rodeo which is headquartered in California.

The National Finals Rodeo is a world-class rodeo featuring the best cowboys and cowgirls in the United States. The top events include the Bareback Riding, Saddle Bronc Riding, Tie-Down Roping, Team Roping, Bull Riding, and Barrel Racing.

The Poly Royal Rodeo will feature these same events, along with other activities such as calf roping, which involves the cowboy tying the legs of a calf in less than 10 seconds.

The events are open to both men and women, and past participants have included students from various colleges and universities across the country.

The rodeo is a popular and exciting event that attracts both spectators and participants, making it a must-see for anyone interested in the sport.

Agricultural Engineering Prof. Harlan Knapp has

announced that over 100% of the students are

expected to be in attendance at the Architecture

Building on Tuesday.

For the benefit of all students, the

engineer of the project, Prof. Harlan Knapp, will

talk about the project and answer any questions

students may have.

Agricultural Engineering Prof.

Robert Bishop will provide an overview of the

project, including a brief history, the

objectives, and the current status.

During the presentation, Bishop will also

address any concerns or questions that the

audience may have.

The presentation will conclude with a

Q&A session, where attendees will have an

opportunity to ask any remaining questions

regarding the project.

This is an excellent opportunity for

students to learn more about the project and

engage with the experts involved.

Attending this event is highly

recommended for anyone interested in

Agricultural Engineering or the

project itself.

Please join us for this informative

presentation and Q&A session.

Thank you for your interest.

Best regards,

Robert Bishop

Dick Anderson Is Acting PE Head

Michael A. Anderson, the boys' team head coach at the physical education department, is acting PE head in the absence of Dr. W. H. Hays, who is on vacation. Anderson has been the PE assistant for the past three years. He has taught PE at Cal Poly for seven years.

San Diego State Here For 3-Game Series

After putting out of California last week in All-City of West. The Mustangs, however, had an easier game on their hands against San Diego State last Saturday, as they won comfortably, 9-1, but still did not have the same kind of game they had expected.

14th Annual Flower Show Opens Today At Noon

A Change in the time that the first portion of the Poly Royal Annual Flower Show will be open to the public has been made this year due to the remodeling of the Science Building. The show will be open from 9 a.m. to 4 p.m. Tuesday through Saturday.

This year's exhibit will consist of displays from various departments of the college. A total of 20 classes will be encompassed by the show. The classes will be divided into two main areas: plants and animals. Each area will contain several exhibits, highlighting the work of students and faculty.

Featured Displays

The exhibit will begin with a display of plants and include sections on botany, horticulture, and botany. The animal section will feature exhibits on animal behavior, animal physiology, and animal ecology. There will also be a section on the role of animals in agriculture and the environment.

Missing Anything?

"I have notes on birds, butterflies, and flowers that may be of interest," said Mrs. Liz Dickens of the Lost and Found Department. "If you've lost or found anything, come to the exhibit and see if it's the right thing." The exhibit will be open from 9 a.m. to 4 p.m. Tuesday through Saturday.
