Poly Coeds Are Popular In State

Home Econ Major Is Dairy Queen

By JIM GRUNDMAN

Kathy Bentley, San Jose, won the title from 13 other district finalists in the annual Dairy Queen contest. Bentley was crowned the 1963 California Dairy Queen at a Hollywood studio tour, a gift college scholarship, two wardrobes, the keys to a new car, and a trip to Chile. Bentley, a Cal Poly coed, is a natural vocalist, scientist, humanitarian, musician, dancer, artist, ballerina, seamstress, Liner Control and International Exhibition, and an "everyman's dream," lovely to match every situation. Virtually vital statistic chart at 36-23-37. She is a Social Science major and completed most of her education there, although when she was 16, her family moved to Fairbanks, Alaska. Linda is a 6-foot 1-inch, blue-eyed, blonde who will represent California in the national princess finals in Little Rock, Arkansas. She is looking for a career in Science and Business Administration, and plans to work for the American Dairy Association.

PE Freshman Wins Rodeo Queen Title

"Miss College Rodeo of 1963" was named by the California Polytechnic State University Rodeo Club in San Luis Obispo, California. Kathy Bentley of San Jose was judged best all-around rodeo queen, both for her scholarship and优雅 at the annual event is sponsored by the Interfraternity Council, with the cooperation of the American Dairy Association, the California Dairy Gas Co., and the American Dairy Association. Kathy Bentley was chosen as the winner by a panel of judges who included: Dr. Dan Lawrence, associate dean of activities; Mrs. Kroutil, who is a homemaker, and Mr. Kroutil, who is a Mechanical Engineering Instructor, with his wife Marion. A natural vocalist, she began singing in her church choir at the age of five. Linda is a 6-foot 1-inch, blue-eyed, blonde who will represent California in the national princess finals in Little Rock, Arkansas. She is looking for a career in Science and Business Administration, and plans to work for the American Dairy Association.

Engineering Dean Plans Trip To Chile

Mervin W. Hayes, dean of engineering, is participating in a study tour to Chile, where he will visit Chilean factories and universities as chairman of the Committee for the Fulbright Foundation at Santiago, University of Chile Technical Institute of Engineering. Hayes, who resides at 851 Bray Home, is a 1963 graduate of the University of Oregon, and has completed his graduate work in Business Administration at the California Institute of Technology. He joined Cal Poly as a professor of Civil Engineering in 1964, and is currently associated in the Engineering Department with the University of California, Davis. Hayes is the first Cal Poly staff member to visit Chile.

Summer Hours

Business hours for the summer session are: Monday through Friday, 9 a.m. to 5 p.m. (Closed 12 noon to 1 p.m. for lunch); Saturday, 9 a.m. to 1 p.m.; Sunday, 11 a.m. to 5 p.m. The Eve Memorial Library, 9th and H streets, is open from 9 a.m. to 5 p.m. on weekdays, and from 1 to 5 p.m. on Saturdays. The Information Center, located in the Administration Building, is open from 8 a.m. to 5 p.m., Monday through Friday. The office is closed on Saturday.

Add-Drop Process

Registrar Explains

Add-Drop Process

The petition will serve as a nonresident registration fees, he added. Interested students who paid their fees in advance may receive a refund if they wish to drop their classes. Students applying for refunds on tile same day they de­

Instructor, Wife Plan European Trip—Pleasure, Business

A call for students to plan a Europe trip is being sponsored by the Student Employment Office. The trip includes a 10-day tour of Europe, including visits to Paris, London, Rome, and other major European cities. Interested students are encouraged to sign up before the deadline of July 1st.

Women's Basketball to Host Team From Germany

The women's basketball team will host a team from Germany for a series of friendly games. The games will be held at the University of California basketball arena. The team from Germany is expected to arrive in San Francisco on July 8th.

Summer Activities Limited: Up To Interested Students

Activities for summer sessions are limited this year by the lack of funds. However, there are still opportunities for students who wish to participate. Some activities include: a dance at the Student Union, a trip to the beach, and a picnic in the park. Interested students are encouraged to contact the Student Activities Office for more information.
Top Students Win Academic Awards For Highest GPA

Eight students were recently presented academic awards for scholastic accomplishments and were given the highest recognition of the student Residence Hall Council.

The honors group of four male and four female students included: (male) David St. Clair, Richard D. Brown, Steven J. Abney and Tom H. Regan; (female) Diane A. Bennett, Mary Jean Wood, Janet L. Nafford and Evelyn A. Goodwin.

Dr. John W. Roberson, dean of the college, presented the certificates at a special reception.

Good wins were: San Luis Obispo—Joyce Russell, freshman, Mathematics; Camilla Bryant, sophomore, elementary Education; and Brenda Ramey, senior, Elementary Education. A Social Science major, Mary Jean Wayne from ELKTON, RICH, received the senior award.

Major recipients of the academic award were: Linda Dreyger, freshman, Physics; Robert Strange of Van Nuys, freshman, Science from Sacramento; Chile Roberts, freshman, Engineering from Glendora; and Don Warden, sophomore, Business from San Luis Obispo.

EL Senior Wins Watch Award

Larry Jean Owens was the winner of the Hamilton Watch Award given by the Hamilton Watch Co. Owens, an Electronics Engineering senior, is the first electronics student to win the honor.

The honor goes to four male seniors who have shown outstanding leadership abilities and who most consistently combines his major field of study with an achievement in the humanities and extra-curricular activities.

The Cal Poly senior activity needs and transcript were used in considering all the students along with other information such as the student's grade record, extracurricular activities, interviews with instructors and department heads.

The award, sponsored by the Hamilton Watch Co. Owners was presented at the senior breakfast.

Dr. John W. Roberson, dean of the college, presented the award for the next two years Cal Poly has had an engineering program.

Owens, a graduate of El Capitan, is a member of the varsity basketball team and is co-captain of the senior class.

Poly Staff Active In City Softball

If you want to see the Poly students and local polices, you'll need to go to Santa Maria. The El Mustang's Sports Editor, Bill Rice, is one of the city's leading pitchers.

An example of Stobbe's play was his thrill, he calmly caught the ball with his bare hand two feet off the ground.

One of the better outfielders is the El Mustang's Sports Editor, Bill Rice, who teachers Agricultural Engineering.

The Electronic Engineering Department, represented by James J. Miller, a senior, will be a $3,000 gift, killed shot.

Another fine fielder is the El Mustang's Sports Editor, Bill Rice, who teaches Agricultural Engineering.

Mexican Movie Star Was Popular Poly Student

Thespian Begins on Campus

Pedro Armendariz, a Mexican movie star who took his life last week in Los Angeles, was a Cal Poly student of three decades ago.

Armendariz, born here originally to be educated in the farming methods in 1931, was thrilled to find that his enthusiasm was stimulated in drama and journalism.

Encouraged by a drama teacher, Miss Ruth G. Petersop, Armendariz' interest grew to mark the beginning of his successful career which began in 1936.

Arriving in June (Horton) Bell, Cal Poly's first Royal Queen (1936), and a friend of Armendariz, described the student as a "wonderful personality with an interest in all things human".

Armendariz held several elected positions on campus, including president of the Poly Club in 1937, and president of the Poly in 1939, and president of the Poly Club in 1938. In addition, he was a member of seven other campus organizations.

Popularly known as "Pete" he was well remembered by Mrs. Howie Ley, Cal Poly's first Poly Royal Queen. "Sincere star was a great student and we were proud of him," Mrs. Ley said.

Signifying the high regard in which the late actor was held, James G. "Jim" Weis, the dean of the College of Liberal Arts, said: "It is a great loss to the College of Liberal Arts. Since Pete's star had not set at the time of his death it must be assumed that he was aspiring about it.

Pete's interest succeeded in drama and within 10 years he was a brilliant actor in the dramatic arts.

Since Pete's star had set, the campus was forced to continue his work in his craft for 30 years, it is expected that Cal Poly will continue his work and that it was not due to the sudden death, to meet all the demands of the film world.

Officials Warn Parking Rules

Now In Effect

Security officers warn that of the four-week parking fee for students driving cars or trucks, will be effective and enforced.

Security officers warn that any parking space, including the Administration Building, will be effective, and enforcement will be in effect.

As a reminder, students are cautioned to observe that in front of the Administration Building the parking fee will be enforced for the next two sections. One is for visitors and the other is for visitors who are marked "315 minutes" and is for students who are busy and are unable to park in the area. Visitors once will receive a parking citation.

"Poly Syllables" Still for Sale

Poems, art work and short stories highlight this year's edition of "Poly Syllables" at Cal Poly's literary magazine.

The issue can be purchased for 25 cents at the ASB office or at the Student Union Store, Gaby's Book Store and the Mission News Depot in San Luis Obispo.

Some 400 high school agriculture instructors have been on campus for the 46th annual California Agriculture Teachers Association Conference. The conference ends today with the election of the following officers:

N. J. Cal Poly, Julian, president; Harry Atwood, vice-president; Ada Lawrence, secretary; and Charles A. McPherson, treasurer.

New 'Wagon' for Security

Campus Security has a new patrol wagon, it's a 1963 Nash Caball, station wagon. The car, a police special, was purchased with the money earned in services recently. The car was purchased with the money that was earned in services recently.

Sandra Thixton and articles by editors Anthony Taylor will head next week's edition of "Poly Syllables" at Cal Poly. The magazine features the creative work of students as well as the work of the student body.

On Thursday there was an address by Dr. T. R. Jordan, chairman of the Agriculture Education Branch of the U. S. Office of Education.

The conference will conclude with the selection of the new officers of the Social Science Club Plans '63-'64 Year

Anthony Taylor will head next year's activities in the Social Science Club. As the newly elected president, he will be assisted by vice-president, Karen Haney; secretary, Gale Hurley; treasurer, Anne Lewis; and an applied science consultant, Frank Rivers.

Check Lost, Found

If you have noticed any students strolling around the campus lately as if they had lost their glasses, perhaps they should have Mrs. Dickens of lost and found at the office in the Administration Building. She has had many such requests and makes the glasses available for a fee of $3.00, which is the fee to the Women's Club for a rummage sale to benefit the Women's Club.

The magazine features the creative work of students as well as the work of the student body.

Army's Only Horseshoer Completes Poly Course

By ROY PARK

In an age of men quitting the party at mid-term elections, hours on end, and without warning, a true soldier sometimes just keeps going, often against all odds. Washington, D.C., Army horseshoer, Ed Bechdoldt, has just completed a four-year course in horseshoeing and fire protection at Cal Poly College, San Luis Obispo, Calif., and is now ready to tackle any military problem. Ed mustang
