Educational Equity Scholarship Program

Cal Poly faculty and staff have the opportunity to make a major contribution to the education of underrepresented students at the university.

Last fall President Baker announced the establishment of Educational Equity Scholarships, beginning in the 1989-90 school year. The scholarships, ranging from $300 to $1000 per year, will be available to Cal Poly students for targeted underrepresented groups as determined by the university.

Cal Poly faculty and staff can contribute to the scholarship program through payroll deduction. The minimum deduction is $5 per month.

An initial endowment of $40,000 has been established, and President Baker has issued a challenge to the campus community that will match contributions on a one-to-one basis up to a total of $60,000.

If the fund drive is successful, the new scholarship program would begin with a $160,000 endowment. In addition, the university will vigorously seek private support to boost the endowment funding.

For more information on the program, call Susan Childers-Kraft, director of Annual Giving, at ext. 1555.

Chevron donation

Chevron Information Technology Company, a subsidiary of Chevron USA, has made a $1600 donation to the Cooperative Education Program. Earmarked for the purchase of a facsimile machine, the gift will enable the Co-op Program to better serve students and employers by ‘faxing’ student data to prospective employers.

Poly Royal parking

Faculty and staff who will be parking on campus during Poly Royal (8:15 am to 5 pm, Friday and Saturday, April 28-29), will need special passes to get through the barricades at the Grand Ave., College Ave., and Via Carta at Feed Mill Rd. entrances.

The passes, which are for access only and do not provide parking privileges, will be available at the Poly Royal Office. Those needing access both days will need to obtain a pass for each day.

Employees who normally park in the Health Center (C-7), Davidson Music Center (G-4) lots, and anywhere within Perimeter Rd. are being asked to park elsewhere so those lots can be available for activities use, pedestrian circulation, and handicapped parking. Team Poly Royal urges those who get on campus early to park outside of the campus core. Those who do so, will not need passes.

To obtain passes, write Team Poly Royal, ASI Box 19. Be sure to specify the number of passes and date needed. The deadline has been extended to April 26.

For additional information about parking and access during Poly Royal, contact Bruce Sherman, ext. 2487.
