Housing Project Proposed

Enrollment Hits High

By Diana Voe

Registration of 6,300 has increased enrollment of Cal Poly according to university officials. This brings total enrollment to 6,300 for the fall quarter.

College Union Plans For Many Activities

A new student housing project will be proposed to the city council. This project is planned to alleviate the housing shortage on campus.

Registrar Holley Warnings On Oct. 7

Add-Drop Deadline

College Union plans for many activities include presentations by Dick Gregory, Vince Quaraldi's Trio, Roger Williams, and the Smothers Brothers. Tickets are available for students and seniors.

Housing Project Proposed

An $8 to $10 million project that will provide housing for approximately 2,000 students is under development. This project aims to alleviate the housing shortage and ensure that all students have access to adequate living arrangements.

Optional Health Fee

Dudlock is Oct. 9

The deadline for purchasing optional health coverage is Oct. 9. Students are encouraged to enroll in the program for added security.

Injury-Plagued Team Looks For First Wins

Coach Harold Hinkle's "Green Marlin" travels to San Fernando tomorrow night to oppose the Mustangs of San Fernando College. Hinkle is in the unique position of walking a fine line between getting his team ready and not putting the team in a position to take unnecessary risks. He has a large number of injured players to work with, as they sit out the long week-end with a chance to recover.

The Mustangs have noai to disrupt the plans of the Matadors, a team in need of a victory. The schedule of games for the week-end shows that three first term players are already in the hospital and on the bench are several students who have not been able to return to the team.

Student managers, however, have come up with three extra men to round out the team. This is the third week in a row that Hinkle is forced to change his starting lineup.

As of today, the Matadors have three games left to play this season. The first one is a home game against Bakersfield Junior College.

Freshman Class Election Results

Electors for freshman class officers will be held Monday, November 28 at 1:00 p.m. in the Air conditioned building.

Students nominated for president are John Staley, Oreater, and Renato Spink, Ross.

Secretary candidates are Robert Mattes, Bob Walker, Tony Tomasso, Allan Sipe, Ken Weisshofer, and Larry Drinkwater.

Vice President candidates are Jerry Pagan, George Villas, Jack Clark, and George Vittirio.

For the 17 Attend Marine Platoon Classes

Seventeen students who attend Marine platoon classes at Polytechnic College are offering to help the Marine Corps as well as to help themselves.

According to information relayed to the college, the young men are scheduled to graduate from college, and then be accepted into the Marines.

Under the plan, each cadet would then be transferred to a Marine Platoon, and his training would be the same as that of the regular Marine recruits.

This allows the Marine Corps to handle the training of future Marine officers on a larger scale, and it also provides an opportunity for the students to develop their own skills.

SAC PONDERS MONEY QUANDARY

In the opening 14 to 0 victory over U.C. Los Angeles last week, the Mustangs couldn't have been more effective. The offense not only scored on a couple of long drives, but was able to convert most of its opportunities into points.

The defense, however, has shown some weaknesses. In the opening game, the Mustangs allowed the Matadors to score on a long drive, and the defense was unable to prevent the Matadors from scoring on several other occasions.

In the past, the Mustangs have been able to overcome some of these defensive problems, but this year's team may be more vulnerable.

Spink noted that the defense was not as effective as it was last year. He attributed this to the fact that the team was not as well prepared for the season.

"We were not as well prepared as we were last year," Spink said. "We had a lot of new players this year, and it took us a while to get into shape.

"But we're getting better each week, and I think we'll be able to hold our own against some of the better teams this year."
