Three distinguished teachers announced

A philosopher, an historian, and an expert on management will be recognized as Cal Poly's distinguished teachers for 1988-89.

The honorees are Dr. Stephen W. Ball of the Philosophy Department; Dr. George B. Cotkin, History Department; and Dr. A.B. (Rami) Shani, Management Department.

Each honoree will receive a $1,000 stipend from funds provided by alumni of the university. In addition, recognition plaques will be presented at the Fall Conference general session on Monday, Sept. 11.

The selection committee, which includes faculty members previously accorded such recognition, based its choices on in-depth interviews and classroom visits.

Ball has been a member of the faculty since 1983. He earned an undergraduate degree from Purdue University and two advanced degrees from the University of Michigan. His specialty is moral, legal, and political philosophy.

Cotkin, a member of the faculty since 1980, earned an undergraduate degree from Brooklyn College in New York and two advanced degrees from Ohio State University. An expert in American intellectual history, he is the author of a book, "William James, Public Philosopher," which will be published by Johns Hopkins University Press in December.

Cotkin, a member of the faculty since 1980, earned an undergraduate degree from Brooklyn College in New York and two advanced degrees from Ohio State University. An expert in American intellectual history, he is the author of a book, "William James, Public Philosopher," which will be published by Johns Hopkins University Press in December.

He specializes in organization development and productivity. His book, "Parallel Learning Structures in Bureaucratic Organizations," will be published by Addison-Wesley Publishing Co. in November.

The newly recognized distinguished teachers join a group of 77 present and former faculty members who have been honored since the Distinguished Teachers Awards program began in 1963.

Faculty participation in Commencement

Faculty are invited to march with their schools in the Spring Commencement ceremony, Saturday, June 17. Participants should be in the school assembly area by 9:15 am in appropriate academic regalia.

Faculty who intend to march should contact their school dean's office. Faculty participants do not need a ticket for admission, however, they are entitled to one guest ticket. Tickets will be available in the school dean's offices June 12.

Speakers sought for commencement

The Commencement Speaker Screening Committee is seeking nominees for commencement speakers for Fall Commencement 1989 and Spring Commencement 1990. Faculty and staff are invited to suggest possible speakers to Robert Bostrom, committee chairman, at the Housing Office. A short biography should be included with each nominee.

Memorial fund set

Two Ag Management students, John Arbuckle and Thomas Laughlin, were killed recently in the crash of a small plane. A memorial fund has been established. Persons interested in making a donation to the John Arbuckle & Thomas Laughlin Memorial Fund, should make out a check to the Cal Poly Foundation and send it to University Development Services, Adm. 206.

Faculty/Staff Payday is May 31
Tentative date set for helicopter test

Student members of Cal Poly's Da Vinci Project hope to try to fly their latest human-powered helicopter, the Da Vinci Ilb, for the first time on today or Friday, May 18 or 19. The attempt will be made in a hangar at Vandenberg Air Force Base.

The students plan to begin assembling the helicopter in the hangar several days before the flight attempt in order to test various functions and make any necessary adjustments.

Arms control to be topic of May 24 talk

A former strategic arms control negotiator will discuss "Arms Control in the World of the 1990s" at 7:30 pm on Wednesday, May 24, in the Theatre.

Dr. Philip Farley, former alternate chief negotiator for the SALT I and ABM treaties, will give the lecture.

Now a senior research associate at Stanford University's Center for International Security and Arms Control, Farley was involved in the strategic arms and anti-ballistic missile talks from 1969 to 1973 with the rank of ambassador. At the time he was deputy director of the Arms Control and Disarmament Agency.

His work at Stanford has included co-authoring a study of the "Star Wars" missile defense plan.

The lecture is sponsored by the ASI Speakers Forum and the Physics Department.

Islam & Christianity will be examined

"Statehood in Islam and Christianity" will be the topic of a dialogue set for 7 pm, Wednesday, May 24, in Chumash Auditorium.

Refreshments will be served before the program, beginning at 6:30 pm. Presenting the dialogue will be Dr. Muzammil Siddiqui, director of the Islamic Society of Orange County, and the Rev. Jim Nisbet, pastor of the Old Mission Church in San Luis Obispo.

This dialogue is the last in a series, "Bridge Building Between Islam and Christianity," sponsored by the student chapter of the Islamic Society of North America.

On-campus job fair planned for May 22

An on-campus job fair is being planned by the Cal Poly Placement Center for Monday, May 22.

Representatives of 85 employers will be in Chumash Auditorium from 9:30 am to 1:30 pm to provide information and conduct informal interviews for career, co-op, and summer positions.

The Springboard Job Fair is purposely scheduled late in the academic year to accommodate students' and employers' last-minute needs. Last year the job fair provided more than 150 positions with 75 companies.

No advanced registration or sign-up is required. For additional information, contact Shel Burrell at the Placement Center, ext. 2501.

8th graders to try Cal Poly for Day

Fifty 8th graders from Judkins Intermediate School in Pismo Beach and 50 from Paulding Intermediate in Arroyo Grande are expected to spend Friday, May 19, learning what it's like to be a Cal Poly student.

The students will take three sample classes in chemistry, math, and physics; eat in a dining hall, and visit on-campus residence halls as part of a new program of the School of Science and Mathematics.

The program, called SMART (Science and Math Are Really Terrific), is an effort to encourage 8th grade students to sign up for a college-preparatory curriculum in high school.

Dean of Science and Mathematics Philip Bailey said the program is an effort to reach especially those who might not be thinking about going to college. That includes youngsters with little or no college background in their family.

The school hopes to follow each group of SMART participants through its four years of high school and start a new group each year.
Who, What, Where, When

Richard Schmidt, Architecture, has authored an annotated bibliography with introductory essay on Irving John Gill, a pioneer Southern California modern architect. The publication is part of the Vance Architecture Series held by reference departments in major libraries.

Craig Russell, Music, published an article, “Francois Le Ccq: Belgian Master of the Baroque Guitar,” in Soundboard, the journal of the Guitar Foundation of America.

Rod Neubert, ASL, and Peter Reilly, Housing, recently gave a workshop on leadership ropes courses to the National Association of Student Personnel Administrators Conference in Denver, Colo.

Rod Neubert, ASL, gave a workshop on “The Status and Concerns of Outdoor Programming” at the Association of College Unions International conference in Columbus, Ohio.

Norman Lerner, Art and Design, had an exhibit of his photography in a one-man show at the University of Montana Gallery in Missoula.

Carl Lutrin, Political Science, chaired a panel on Public Organizations and presented a paper titled, “Runaway Organizations: Three Cases from the 1980s,” at the March 1989 Western Political Science Association meetings in Salt Lake City.

Philip Fetzer, Political Science, chaired a panel on Law and Health: Some Emergent Issues and presented a paper, “Cruel and Unusual Punishment and the Mentally Handicapped,” at the Western Political Science Association meeting in Salt Lake City.

Dianne Long, Political Science, presented a paper, “Women’s Organizations and Political Recruitment,” at the Western Political Science Association meeting in Salt Lake City. She was elected to the association’s executive board.

Allen settle, Political Science, presented a paper, “Whittier Narrows Earthquake and New Federal Disaster Relief Legislation,” at the American Society for Public Administration meetings in Miami, Fla.

Gary Field, Graphic Communication, presented a paper, “Color Correction Objectives and Strategies,” at the annual conference of the Technical Association of the Graphic Arts, held in Orlando, Fla.

Max Riedlsperger, History, was a participant in a roundtable discussion, “Studying and Teaching Abroad: Germans in the United States and Americans in Germany,” as a part of the Fourth Pacific Workshop on German Affairs at Cal State Long Beach.

Max Riedlsperger, History, presented a paper, “Austria: A Third German State at 44?,” as part of a panel of respondents from The Federal Republic of Germany, The German Democratic Republic, Great Britain, Austria and the United States to address the topic “The German States at Forty?” at the Fourth Pacific Workshop on German Affairs at Cal State Long Beach.

Douglas D. Piirto, Natural Resources Management, presented a lecture, “Prescriptions by Scale,” at the Landscape Ecology Workshop sponsored by the USDA Forest Service and the University of Montana in Missoula.

The workshop is part of the continuing education program for certified USDA Forest Service Silviculturists.

Adelaide Harmon-Elliott, Mathematics, was elected state treasurer of the California Faculty Association at the CFA Delegate Assembly held in Los Angeles. She is currently the president of the Cal Poly chapter of CFA. She is also a member of the CFA State Presidents Council and was elected by that group to the CFA State Board of Directors for a two-year term.

Jim Greil, Crop Science, was recently appointed to the Regional Accreditation Committee for continuing education for pest control advisors for Santa Barbara and San Luis Obispo counties.

Douglas D. Piirto, Natural Resources Management, presented a lecture, “Biological and Management Implications of Fire/Pathogen Interactions,” at three separate Fire Effects scheduled in Redding and Seattle.

Robert L. Hoover, Social Sciences, was one of two invited guest speakers by the Florida Department of State for a program titled “Coast to Coast, but Worlds Apart,” a comparison of the Spanish presence in Florida and California, in Tallahassee. He also presented a report, “Cultural Resources in the California State Park System,” to the State Historical Resources Commission in Los Angeles.

Stan Dundon, Philosophy, has been appointed to the Public Advisory Committee of the UC Sustainable Agriculture Research and Education Program.

Cal Poly hires only individuals lawfully authorized to work in the United States. All eligible and interested persons are encouraged to apply.

CLOSING DATE: 5-31-89
Lecturers (part-time), Computer Science. Possible part-time positions for Fall and/or Winter, Spring Quarters 1989-90. Preference given to students enrolled in the M.S. Computer Science program and carrying at least five courses per year. Candidates must have excellent command of English language, good presentation skills, and genuine enthusiasm for teaching. Experience in various programming languages, software packages, computer systems, or other computer topics required for specific courses. Teaching experience and/or industrial experience involving computer science desirable.

Who, What, Where, When

Richard F. Grise, Student Data Systems, has had his technical paper, "Considerations in the Evolution of a Congenial and Adaptive Human-Computer Interface," accepted as one of 25 best papers in the international competition for papers for the "Support, Society, and Culture: Mutual Uses of Cybernetics and Science" conference, at the University of Amsterdam, The Netherlands. He has also been asked to serve on the panel for "Animation Interfaces: An Object Oriented Programming Approach." This recognition stems from his work on the AALPS/ANGEL project, one of the first fielded expert systems.

Harvey Levenson, Graphic Communication, was one of 12 printing industry leaders interviewed in the April issue of Printing Impressions magazine.

Dianne Long, Political Science, chaired a panel on "Water Conflicts and Policy in an Arid Land" at the California Studies Conference held in Sacramento.

Willi Coleman, Counseling Center, presented a paper, "Slavery, Gender and the Afro American Woman," as a participant in the Sacramento State Scholar in Residence program.

Barbara Cook, Social Sciences, presented a paper, "Exploring the Exercise Subculture: Health and Diet Beliefs Among Patrons of a Fitness Center," at the annual meeting of the American Ethnological Society and the Society for Applied Anthropology held jointly in Santa Fe, NM.
