CAMPUS Security officers and investigators from the San Luis Obispo County Sheriff's office are still looking for clues in an armed robbery at the Associated Students Student Body office on Sunday night.

"We're really glad we got an office building," said Chief Investigator Jesse Gunther, "especially one that was not occupied." He added that the investigation is proceeding well.

The thieves entered the office after 8 p.m. and made off with an estimated $3000 worth of property.

Police are still unsure of the identity of the robbers.

**Cyclists Relate**

Editor:

Your fine editorial, "Cyclists' Problem," is a must-read for all sports enthusiasts. It points out why we must support our local bike shops even if it means paying a little more. Keeping the local bike stores in business helps our economy and provides excellent customer service.

We are pleased to announce that our bike shop, Cycle Central, will be hosting a "Ride for Change" event on October 15th. All proceeds will go towards supporting local bike advocacy groups. We hope you can join us to help make a difference in our community.

Sincerely,

[Your Name]

[Owner, Cycle Central]

**A Cyclists' Reply**

Editor:

Thank you for your letter in support of Cycle Central's "Ride for Change" event. We appreciate your efforts to promote bicycling and support local businesses.

We also want to clarify that our bike shop, Cycle Central, is not a "closed" store. While we do have some bikes in stock, we encourage our customers to come in and test ride the bikes before making a purchase. We believe that in-store testing is crucial to ensuring a good fit and a positive experience for our customers.

We hope to see you at the "Ride for Change" event on October 15th. Thank you for your support.

Sincerely,

[Your Name]
