Linstrum interim admissions officer

Helen Linstrum, assistant director, Relations With Schools, has been appointed interim admissions officer effective Aug. 1.

Linstrum, who succeeds Dave Snyder, came to Cal Poly in 1970 as a program associate in the Office of International Education. In 1973, she became assistant admissions officer, and began her present duties in Relations With Schools in 1985.

She will oversee the functions, budget, and personnel of the Admissions Office. Fifteen employees handle the processing and evaluation of over 20,000 undergraduate and graduate applications for admission and provide telephone and in-person information about admission to prospective students, parents, and the general public.

Linstrum earned a bachelor’s degree in political science from UCLA and a master’s degree in education from Cal Poly.

State university fee revised for 1989/90

Last fall the CSU board of trustees approved a State University Fee increase of 3.6 percent for the 1989/90 academic year. In January, the governor called for a 10 percent increase. This 10 percent increase is reflected in the fees listed in the Fall Quarter Class Schedule.

However, the budget signed by the governor earlier this month set the fees at the original 3.6 percent increase for the 1989/90 academic year. Therefore, the registration fees for Fall Quarter 1989 are $221 for six units or less, and $321 for more than six units, and these are the amounts that should be paid to the University Cashier.

In addition, construction funds were granted for the Dairy Sciences Instructional Center, and additional working drawing funds were allocated for the Physical Education addition.
