Coed Suspensions Cause Far-Reaching Effects

Dean Chandler Explains Regulations

For example, the first question was: "The basic rule is that a college student should be allowed to have a chaperone in a social event, but that there are other limits in the college's policy. What are those limits?" Chandler stated that the limits were specified in the policy, and that the resolution wasn't worded to include those limits.

There is no question but that in the minds of the administrators, the policy of the university is that a college student should be allowed to have a chaperone in a social event. However, the resolution wasn't worded to include those limits.

against the Spartans, who are a young team. They will be playing Marío
in the Cal Poly Arena this afternoon. "It's a good record but it's still the align-
ment portion," said Coach Richelieu. He is not only a fine back but a
fine running back. He is not only a fine runner but a fine line backer this
season. Ed Monson and Robert Howard for a touchdown.
