Alumnus Of Year Title Goes To General Electric Official

John E. Jones, manager-surveyor of General Electric's manufacturing services division in New York, has been named the "Alumnus of the Year" for Cal Poly '66.

Jones, who graduated with the first degree in mechanical engineering at Cal Poly in 1940, will be honored during the "Autumn in America" celebration this week.

"Many cases are decided on court by one lawyer and in many more the advice of one lawyer is enough," The President said. "This gentleman will present his case as a member of the college."

Students Harvest Peppers, International Goodwill

Three students, partners in an agricultural project begun only a few weeks ago, are raising bell peppers on a half-acre plot of land here near the Tracy and the corner. They have been working with the members of the Cal Poly student body and with other college students. The project is supported by the National Science Foundation and the Agricultural Extension Service through the University of California. The students are raising the peppers in order to sell them at the College Fair to raise funds for the project.

The students, who are all seniors in the agricultural sciences department, are working with the National Science Foundation to develop a new variety of bell pepper that will be resistant to disease. They are using the funds raised to purchase the necessary equipment and to pay for the labor involved in growing the peppers.

The peppers are expected to be ready for harvest in about six weeks. The students are planning to sell the peppers at the College Fair, which is scheduled for next month. They hope to raise enough money to cover the costs of growing the peppers and to make a profit.

Aero Department Gets New Instructor

A.R. Marchant, who was recently appointed to the faculty of the Department of Agriculture, will begin his duties at the University of California at Berkeley effective January 1. He will succeed Dr. J.H. Cramer, who has been on the faculty for the past 12 years.

Marchant received his Ph.D. degree in agricultural economics from the University of Illinois in 1948. He has been associated with the University of California at Berkeley since 1951, where he has been engaged in research and teaching in the field of agricultural economics. He is a member of the American Association for the Advancement of Science and the Western Economic Association.

Parade Plans Underway

The Annual Campus Parade, which is being held in conjunction with the College Fair, will be held on the campus tomorrow afternoon. The parade will begin at 2:00 p.m. and will proceed along the main streets of the campus, ending at the Main Building.

The parade will feature floats, marching bands, and other entertainment. The floats will be sponsored by various departments and organizations on campus, and they will be judged on their originality and creative use of materials.

In addition to the floats, there will be a variety of performances, including dance groups, musical ensembles, and other student groups. The parade will be preceded by a march of drummers and buglers, followed by the marching bands of the University of California at Berkeley.

The parade is expected to attract a large crowd of spectators, and it will be a highlight of the College Fair. The fair is being held to raise funds for the project.
WE WISH THE GREATEST POSSIBLE SUCCESS TO CAL POLY IN ITS HOMECOMING ACTIVITIES. WE WOULD ALSO LIKE TO TAKE THIS OPPORTUNITY TO THANK THE MANY STUDENTS AND FACULTY OF THE COLLEGE FOR THEIR PAST PATRONAGE.

CAL POLY vs UCSB
Saturday, November 18

THE HOMECOMING PARADE WILL BEGIN SATURDAY MORNING. CAL POLY CLUBS AND OTHER CAMPUS ORGANIZATIONS WILL DISPLAY THEIR FLOATS.

THE CORONATION BALL WILL BE HELD IN THE MEN'S GYM AT 9 SATURDAY NIGHT.

HOMECOMING QUEEN ANN ENGELBRECHT WILL REIGN OVER THE 1963 HOMECOMING ACTIVITIES. SHE WILL BE CROWNED AS QUEEN DURING THE CORONATION BALL.

HOMECOMING
Ideas, Formations, Music Spark Poly Band's Half Time Spectacles

BY LANI CAIN

Music means in Mustang Sport's as a clarinet player. "We have a really reasonable rhythm section. It's just really good," he said.

Everyone reports that the idea of performing with the Mustang Band is the highlight of the season. According to sources, the band members enjoy not only the chance to perform but also the opportunity to meet new people.

More reports that the idea of performing with the Mustang Band is the highlight of the season. According to sources, the band members enjoy not only the chance to perform but also the opportunity to meet new people.

The Mustang Band is a large organization, including not only the clarinet section but also the saxophone, trumpet, and trombone sections. The band members come from all over the country, and they enjoy the chance to travel and perform at various events.

One of the most popular events for the Mustang Band is the halftime show at the football game. The band members work hard to prepare for these performances, practicing for hours each week. "I think it's really important to work hard during the season," said one band member. "We want to make sure that we give our best performance every time we step out on the field."

Another popular event is the annual spring concert, where the band performs a wide variety of music, from classical to contemporary. "I love performing at the spring concert," said another band member. "It's a great opportunity to show off our musical talents and connect with our audience."

The Mustang Band is a vital part of the Mustang Spirit, and it serves as a source of pride for the school. "I'm really proud of our band," said one Musikate student. "It's something special, and it's something that we're all really passionate about."

Upset-Minded Mustangs Tackle Gauchos In Homecoming

BY JOHN PROUD

Will homecoming be the answer? That is the question that many of the Mustang fans ask themselves. The Mustangs have been down this road before and have always ended up with a new weekend and the most important question of whether they will win the game against the Gauchos of the University of California at Santa Barbara.

SHELDON HARDEN

With the Mustangs having defeated the Gauchos in their first meeting in 1960, Sheldon Harden, the head coach of Cal Poly, believes that the Mustangs will have an easier time of it this year. Although the Gauchos are expected to put up a good fight, Harden is confident that the Mustangs will come away with the win.

The Gauchos, on the other hand, are hoping to come away with a win. They have been working hard all week for this game and are determined to give their best effort.

But even with the Mustangs having had a good week of practice, the Gauchos are not taking it lightly. They are also working hard and are determined to give their best effort.

The game is expected to be a close one, but Harden is confident that the Mustangs will come away with the win. The Gauchos, on the other hand, are hoping to come away with a win. They have been working hard all week for this game and are determined to give their best effort.

The game will be held at University of California at Santa Barbara. The time of the game is yet to be announced.

---

GREAT NIGHT OUT

Cal Poly played good ball the first half, but then the story of the game fell deeper and deeper into the Mustangs control. Starting off with the first half, but then the story of the game fell deeper and deeper into the Mustangs control. Playing the Poly men the entire afternoon, the Gauchos were an eralesful on the last two yards. Marteen haun­ted the Poly men the entire afternoon, as he turned in a fine performance.
