Sabol appointed interim assoc. dean

Joseph Sabol, head of the Agricultural Education Department for the past three years and a member of the faculty since 1972, has been appointed interim associate dean of the School of Agriculture.

Sabol has assumed many of the duties of Larry P. Rathbun, who is on leave from his duties as associate dean of the school. Dr. Rathbun is serving as project director for the university's participation in the development of a new college of agriculture for the humid tropic region in Costa Rica.

City buses to ease Poly Royal traffic

Visitors are urged to take advantage of city buses during Poly Royal, Friday and Saturday, April 24 and 25, in order to ease parking congestion on and near the campus.

Buses will run along normal routes during regularly scheduled hours both days. In addition, Routes 1 and 4, which normally do not run on weekends, will be active on Saturday to provide for expanded transportation needs.

A special "Monterey Street Shuttle" will also run from Osos St. to the campus approximately every half-hour from 9 am to 6 pm both days to accommodate those staying in motels.

All buses will make stops on campus at the Vista Grande Restaurant, the Physical Education Building, and the Business Administration and Education Bldg.

City buses stop within a five-minute walk of most neighborhoods in San Luis Obispo. Riders can flag a bus at any corner along routes, except downtown, Cal Poly, and Madonna Plaza, where buses will stop at marked stops only.

Fares are 50 cents, and the exact amount is required since drivers do not carry change. Students, faculty, and staff can ride for free with university ID cards.

For information on exact routes during Poly Royal or any time call 541-Buss weekdays from 8 am to noon and 1 pm to 5 pm. Bus schedules will also be mailed on request to those who call this number.

Cal Poly wins 1987 Mini-Baja West

Cal Poly student automotive engineers scored a perfect 400 points in the final, demanding event — the endurance race — to win the 3-day 1987 Mini-Baja West for student-built off-road vehicles. The team scored 866 out of a possible 1,000 points.

Second place overall was won by a vehicle from the University of Oklahoma with 798 points. A Weber State University (Utah) car finished third with 788.

Thirty-three vehicles from universities in several Western states and Mexico competed. This was the second year in a row that Cal Poly's student chapter of the Society of Automotive Engineers hosted the competition, one of three Mini-Bajas held nationally each year.

All of the four-wheel entries were designed and built by the students who raced them.

Open enrollment for vision care plan

This is a reminder that the open enrollment period for the new Blue Shield vision care plan for eligible staff (including management and confidential) employees continues through May 21. Faculty are not eligible to enroll at this time because the CSU and Bargaining Unit 3 have not reached agreement on the vision care plan.

Eligible staff employees include those who work half-time or more whose overall assignment is for more than six months.

Enrollment forms submitted to the Personnel Office by: April 30, 1987, will be effective June 1, 1987; Forms submitted by May 21, 1987, will be effective July 1, 1987.

Mustang Daily wins college press award

Mustang Daily won the sweepstakes award in the on-site competition at the California Intercollegiate Press Association convention held recently in San Jose. Colleges and universities from throughout the state were represented.

The award was presented to the school with the highest number of individual winners in the on-site competition. In addition, Mustang Daily tied for first place in the mail-in competition with The Daily Titan from Cal State Fullerton.

The Mustang Daily, which prints Monday through Friday during the Fall, Winter, and Spring Quarters, has a circulation of 8,000.
Interactive video design teleconference

A national satellite teleconference on interactive video design is open to the Cal Poly community.

"Interactive '87," scheduled for May 5, from 4-7 pm in UU 208, is intended to give participants an opportunity to expand their knowledge about the potential of this multi-purpose technology.

Interactive '87 will feature two award-winning authorities in designing interactive videos, David Hon and Jan Sircus. Both are well-known communications professionals who will discuss design strategies as well as their own projects. During the three-hour teleconference, a toll-free telephone hotline will be available to participants throughout the teleconference network.

This event is being sponsored by Audiovisual Services, the International Interactive Communications Society and Cal State Chico. There is no charge to participants.

Poly Royal food service hours

Thursday, April 23
Normal schedule, except Vista Grande Cafeteria will close after lunch.

Friday, April 24
University Dining Room
Breakfast .......... 6:30 am - 10 am

English prof next in humanities series

Dr. Peggy Lant, a member of the English Department faculty, will be the next speaker in the Arts and Humanities Series. Dr. Lant will explore "The Big Strip-tease: New Directions in Studying Women's Poetry" on Thursday, April 30, at 11 am in UU 220.

The title of Lant's talk is taken from a line in Sylvia Plath's poem "Lady Lazarus." Using the works of Plath, she plans to discuss new ways feminist scholars are looking at poetry written by women.

Lant earned an undergraduate degree in English from the University of Illinois, and two advanced degrees in English from the University of Oregon.

A member of the Cal Poly faculty since 1983, she is an editor and writing consultant and has been editor of the Cal Poly Women's Newsletter during the current academic year.

The Arts and Humanities Series is sponsored by the School of Liberal Arts.

Meat available

The Cal Poly meat lab has beef, lamb and pork available for your BBQ needs. Call Matthew, ext. 2114, Monday, Wednesday, Friday from 10 am - 2 pm; and Tuesday, 11 am - 3 pm.

Transfer students may face stricter CSU requirements

Community college and other transfer students may soon be affected by the more demanding admissions requirements adopted for freshmen enrolling in The California State University beginning in 1988.

The plan to expand the new requirements to include transfer students was presented at the March meeting of the CSU board of trustees, who are expected to take final action on the proposal at the May 12 meeting. If approved, the standards will go into effect Winter Quarter 1989.

"Even then only 1988 high school graduates enrolling in a four year or community college that fall will be subject to the new regulations," explained Charles Lindahl, CSU's systemwide dean for Educational Support Services and Institutional Relations. "There will be sufficient lead time to enable prospective transfer students affected by the policy to meet the new course requirements."

Presently most community college transfer students need to have completed 56 semester units and the equivalent of four years of college preparatory English and two of mathematics to transfer to a CSU campus.

If the new requirements are extended to transfer students, 30 of their minimum 56 units must encompass CSU general education requirements in mathematics and communication in the English language, and additional study in such areas as science, social science, and arts and humanities.

"The CSU trustees are considering this policy," explained Lindahl, "to ensure that transfer students entering the CSU have essentially the same subject matter preparation that's required of freshmen. It will also link the transfer admission policy to the CSU general education policies and requirements that have been in effect since 1981."

Trustees approve legislative report

The CSU board of trustees recently approved:

✓ The adoption of the 1987/88 Legislative Report No. 3 including:
  (1) Approval to seek legislation permitting auxiliaries to enter
      into insurance pooling agreements that permit them to purchase
      liability insurance in an effort to stem rising costs;
  (2) Sponsorship of a joint legislative resolution which will enable
      the Cal Poly San Luis Obispo Foundation to borrow money
      on a tax-free status.
✓ The Trustees' Audit Staff reports on student health centers at
  CSU Long Beach, Cal Poly San Luis Obispo, and San Diego State
  University.
✓ The Trustees' Audit report on seismic safety, including a recommen­
  dations to hire a consultant who possesses engineering and
  construction knowledge to review the need for and the prioritization
  of seismic construction improvement in the CSU.
✓ A resolution to have staff study the differences between the
  new auxiliary organization audit guides developed by the CSU and
  the State Department of Finance and the Generally Accepted Gov­
  ernmental Auditing Standards and report back at the May meeting.
✓ A resolution stating that any trustee has the right to attend a
  closed session of any committee except for the Committee on Col­
  lective Bargaining.
✓ A resolution adopting the campus Academic Master Plans for
  1987-88 through 1991-92. Only degree programs included in the
  academic master plans are authorized for implementation.
  The plans are reviewed and revised annually.
✓ A revision of the Campus Master Plan at Cal Poly San Luis
  Obispo to anticipate the relocation of the site for the future
  Foundation Administration Building. The $1.6 million, 12,500-square-foot
  building will be built at no cost to the state and is scheduled to be
  completed by March 1989. The new location is on the site currently
  occupied by the Foundation's administrative offices.
✓ A resolution to implement a Vision Care Plan for all eligible ex­
  ecutive, management, supervisory and confidential employees effec­
  tive May 1 at an annual cost of $220,000. The resolution allows all
  nonrepresented employees to join all representative employee bar­
  gaining units except CFA faculty (which has not reached an agree­
  ment) in receiving the vision care benefits enhancement.

The board of trustees also heard a legislative report stating that Sen. Gary Hart (D-Santa Bar­
bara) has introduced Senate Constitutional Amendment 10 (SCA 10), which seeks to change the
Gann spending limit. SCA 10 would maintain a limit on govern­
mental spending, but allow the limit to grow as the total personal income of Californians increases. Hart is chairman of the Senate Education Committee.

Design Village back in the canyon again

Design Village, the architectural design conference associated with Poly Royal, returns to Poly Canyon this year.

Design Village '87 will be the first held in the traditional location in three years. Students from throughout California are expected to build about 40 to 50 structures on the Poly Canyon hillsides to fit the theme "Rise Above."

Design Village begins Thursday, April 23, and continues through Sunday morning, April 26. Friday and Saturday are the prime days for visitors to view the student creations. On those days, shuttle buses will leave from Kennedy Library for those not wishing to walk the approximately 1.5 miles to the canyon.

The conference's keynote address will be given in Fisher Science 286 at 8 pm Thursday by environmental designer and futurist Richard L. Meier of UC Berkeley.

Titled "Adaptable Architecture," Meier's talk will deal with the development of good-quality, low-income housing. Admission will be $1.

On Saturday, the public is invited to watch free demonstrations by a Japanese woodworker at 9 am and a blacksmith at 10:30 am. Both will be in Poly Canyon's geodesic dome.

Vintage Paul Newman and James Dean films, plus short sub­
jects will be shown in the dome Saturday night beginning about 8 pm, and the public is invited. There will be a small admission charge.

The event is planned and run by students in The Design Village Group of the School of Architecture and Environmental Design.

Deadline approaches for Fee Waiver

Information and applications are available in the Personnel Office for eligible full- or part-time permanent state employees who wish to participate in the Fee Waiver Program. To be eligible, part-time employees must have attained permanency in a full-time position and then reduced their timebase. Those who take Cal Poly courses under an approved program of career development, or who have courses approved as job related, may be eligible for waiver of certain fees. Deadline for return of completed, approved Fee Waiver forms for Summer Quarter, 1987, is May 13; Fall Quarter deadline is August 5.
Dateline . . .

($) - Admission Charged
(!) - Admission Free

THURSDAY, APRIL 23
Speaker: Herb Bielawa (San Francisco State) will discuss electronic and computer music composition. Music Bldg. 218, 9 am. (!)
Speaker: M.S. Agbabian (USC) will discuss "Structures and Earthquake Safety." Science B-5, 11 am. (!)
Speaker: Richard L. Meier (UC Berkeley) will discuss "Adaptable Architecture" as part of Design Village ’87. Fisher Science 286, 8 pm. ($) FRIDAY, APRIL 24
Poly Royal: Opening Ceremonies, 10 am, UU Plaza. Pick up schedule of events for details.
Poly Royal Craft Sale: All items are handmade by students, staff, faculty, or alumni. Continues on Saturday, April 25, 10 am.
Play: Arthur Peterson portrays Robert Frost in "Fire & Ice," Theatre, 8 pm. Continues on Saturday, April 25. ($) Baseball: CSU Dominguez Hills, SLO Stadium, 8 pm. ($) SATURDAY, APRIL 25
Concert: Poly Royal show featuring Phil Keaggy, Chumash, 6 pm. ($) Baseball: CSU Dominguez Hills, SLO Stadium, noon. ($) SUNDAY, APRIL 26
Softball: CSU Dominguez Hills, Softball Field, noon. (!) TUESDAY, APRIL 28
Speaker: Donald Grinde (History) will present "Again a Whole Person I Have Become." Sponsored by the Multi-Cultural Center. UU 217D, 11 am. (!) WEDNESDAY, APRIL 29
Books at High Noon: Melody DeMeritt (Business) will review "The Handmaiden’s Tale" by Margaret Atwood. Staff Dining Room, noon. (!) Film: "Vision Quest," Chumash, 7 & 9:15 pm. ($) THURSDAY, APRIL 30
Speaker: Peggy Lant (English) will discuss "The Big Strip-tease: New Directions in Women’s Studies" as part of the Arts and Humanities Lecture Series. UU 220, 11 am. (!) Speaker: Roger Wood (UCSB) will speak as part of the School of Engineering’s Distinguished Lecture Series. Topic to be announced. Science B-5, 11 am. (!) University Club: John Ashbaugh (San Luis Obispo Land Conservancy) will discuss "Nourishing our Agrarian Roots." Staff Dining Room, noon. (!) Speaker: Sara Elbert (Cornell University) will discuss "The Impact of the Farm Crisis on Farmers and Farm Families." Chumash, 1:30 pm. (!) Speaker: George D. Spindler (Standford) will discuss "The Cultural Factor in Educational Processes" as part of the Innovative Teacher Education Lecture Series. Fisher Science 286, 7 pm. (!) FRIDAY, MAY 1
Exhibit: PCCA Theatre Exhibit includes stage props, costumes, and scripts from current PCCA productions. Continues through May 31. Library Gallery. (!) Baseball: Chapman College, SLO Stadium, 1 pm. ($) Position Vacancies
Vacant staff positions at Cal Poly and the Cal Poly Foundation are announced in this column and are posted outside the respective offices. Contact those offices (State: Adm. 110, 805-546-2236 — Foundation: mobile unit near the Fire Department (805-546-1121) for applications and additional position details. Both Cal Poly and the Foundation are subject to all laws governing affirmative action and equal employment opportunity. All interested persons are encouraged to apply.
State
CLOSING DATE: 5-6-87
Clerical Assistant III-B, $1571-$1861/month, Budget Planning & Administration Office.
Power Keyboard Operator, $1513-$1790/month, Cooperative Education.

Candidates for positions on the faculty of the university are presently being sought, according to Jan Pieper, director of personnel and employee relations. Those interested in learning more about the positions are invited to contact the appropriate dean or department head. Salaries for faculty positions are commensurate with qualifications and experience (and time base where applicable), unless otherwise stated. This university is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. All interested persons are encouraged to apply.
CLOSING DATE: 6-1-87
Lecturers (part-time), Chemistry. Positions available Fall, Winter, Spring and Summer Quarters, 1987-88. Duties include teaching undergraduate chemistry lectures and laboratories. B.S. required (Ph.D. preferred) in chemistry, biochemistry, or chemical engineering, as well as professional teaching experience.
CLOSING DATE: 6-26-87
Lecturers (part-time), Aeronautical Engineering. Part-time positions teaching departmental courses for Fall and/or Winter and/or Spring and/or Summer, 1987-88. B.S. required; M.S. preferred.

Internships awarded to 2 ME students
Two of only 17 engineering students chosen from throughout the United States for a summer program in Washington, D.C., are Cal Poly mechanical engineering students.
Timothy A. Imhoff and Kad T. Kahre, both juniors, will spend 10 weeks this summer under the Washington Internships for Students of Engineering program.
Administered by the American Society for Engineering Education, the WISE program brings top engineering students to Washington to see how government works and how technology and technological expertise influence public policy.

CPR
Cal Poly Report is published weekly during the academic year by the Public Affairs Office. Typewritten, double-spaced copy may be submitted to Jo Ann Lloyd, Admin. 206, by 4 pm the Thursday prior to the next publication.
