By the overwhelming margin of 60.2 percent of the student body, a proposal for an increase in student fees was approved on May 27, 1966. According to George Gomes, chairman of the Student Activities Committee, 3,481 votes were cast in the election. This is 8.7 percent of the student body.

A breakdown of the voting showed that at three polling places the student vote was overwhelming.

The passage of the electorate's approval of an increase, after the failure of the proposal in 1965, was a long time coming. But the issue was virtually decided on the day the election was announced.

Under the fee increase proposal, student fees increased from the present $81 to $91. For the 1967-68 school year the fee will be $91, and will reach a fall of $100 for the 1968-69 school year.

Robert Fisher, graduate manager of student activities, said the increase would probably have been necessary to continue the present program or increased the admission charges on many events.

In other matters, SAC approved a motion that advertising by the Cal Poly Band's honorarium, "El Rodeo," be increased on an experimental basis. The increase in the band's honorarium is estimated at $12,500.

President J. U. Repp, chairman of the 8AC Election Committee, said 2,491 votes ($5 student fee increase was approved). According to George Gomes, chairman of the 8AC Election Committee, 3,481 votes were cast in the election. This is 8.7 percent of the student body.

Editorial

POLY SPLIT... It was good news which came down from Sacramento the week before last that Senate Bill 45 itself split the campuses or authorized the SUS Board of Trustees to do so. Considering the status and feelings of students and faculty on the southern campus and the ground work that has been done by officials of the college, the Chancellor's office and the Trustees, it is only a matter of months before the complete separation of the campuses takes place. In fact, it will be most unusual if the Board of Trustees does not make the necessary official action to finalize the split when they meet here June 1-2.

It seems ironic that some of those who point to having early realized that the campuses would eventually be split were in reality the very ones who even as late as last year expressed doubt of a college split before 1975. Chancellor Danke said on his recent visit that his office had assumed that when President Julian McPhee retired the two camps would be split. We wish such foresight and advance planning had been used by others involved in making the separation possible.

Nevertheless, we believe the way is now open for each of the campuses, as separate colleges, to develop their technic programs as fit the needs of the locality and community they serve. We offer our congratulations and encouragement to the Pomona campus as it takes its place among the ranks of California institutions of higher learning.

Mailbag

How to help?

Editor:

We would like to answer your question in regards to our letter that appeared in El Mustang on May 27. You expressed the hope that the resident students "make their reasonable suggestions for improvement at the time when plans and programs are being formulated instead of AFTR's which are too late." We would very much like to offer our suggestions, but when do we have the opportunity? It is our understanding that the members of the Campus Planning Commission are closed to students.

We would also like to point out that our letter was not published as it was written. The phrase "as of today" was not published, but was included in the letter. The phrase "as of today" was not published, but we feel that the letter should be read as written.

Arab view

Editor:

In reference to the letter discussing the plight of the Palestinian refugees, I want to express my views on this subject.

Palestine is one of the Arab states. It has a right to legal immigration of people from other lands and nationalism which are the Palestine and nationalities of this state.

We are asked here to see that the West 27 issue of El Mustang included the "top view" of the map. The extraordinary example of anti-Palestinian propaganda in the newspaper of the PLO is a very good example of interference with the free press. We are appalled by the result of the New York Times and the "top view" of the map.

Poultry proxy elected

Paul Miller was elected president of the Poultry Club for the 1965-66 academic year.

Other newly elected officers include Ken Allen, vice-president; Barbara Nis, treasurer; Dennis Baker, secretary; Bill Wills, Ag Council representative, and Allan Davis, reporter-station.

Spring Concert

The annual Spring Concert will be presented by Cal Poly Concert Band under the direction of Martin Tien on Thursday night, June 1-2, at 8 p.m.

This is the first time stereo records have been made. In all, there are 236 stereo albums, and 150 monaural, but 160 of the stereo and 80 of the monaural have are already reserved, so there are a limited supply of copies remaining.

Poly Royal Board

New general superintendent for the 1964-65 Poly Royal Board is Tom Riggsby.

Preliminary and assistant are Jack Knoblock and Jim Schneid. Gary Fagundes is secretary and Randy Lindquist is treasurer.

Chuck Smith is in charge of publicity and Jim Merritt is handling arrangements.

Football Saturday

What is rapidly becoming a springtime tradition in San Luis Obispo is Cal Poly's annual Spring Football Game. Initiated during the Spring of 1961 as a "goodwill" game, the yearly affair was changed to a varsity-alumni tilt in 1969. For this year, for the first time in six years, the Green and Gold game will feature an intrasquad pair-up.

The game will allow Mustang headman Stedman Hardy and his staff to view each player individually and will afford them an opportunity to "get a look" at everyone.

Tickets for the game, set for 8:00 p.m. in Mustang Stadium, will be on sale at the Associated Students, Inc. office on campus or at the gate the night of the game. Prices are $1.00 for students and $1.50 for non-students.

Cinderem in Modesto's relays

Three of Cal Poly's premier trackmen, all high finishers in last year's CCAA meet in San Diego, have been entered in Modesto's annual California trackmen, all high finisher in last year's CCAA meet in San Diego. San Diego State won in a walk-up, points, only 8 away from second place-Bonds, Second place-Las- sen and $1.60 for non-students.

The three, javelin thrower Ben Patterson, played key roles in an impressive Mustang showing at the CCAA meet in San Diego. Cal Poly finished fourth with 37 points. The eight top teams will play in the final tournament which will run four days during June 16-18.

When asked about what he thought the chances were of winning the tournament, Bond's coach William Elliston of the Bonds stated emphatically: "With my fantastic fielding, hitting, pitching, and running ability at the teams dis- pended, we're a lock to win." But as of course, joking, but the Bonds do have a record of 6-1. From the eight teams in each of the four leagues, the two top teams will play in the final tourna- ment. The eight top teams will play four straight days to determine the overall slow pitch cham- pions. The team standing as of Wed- nesday morning at 9:00 are as follows: Monday league: First-place-Bonds; Second place-Las- sen Hall tied with Tenaya Pent­ house. Tuesday 6:00 league: First place-Bonds; Second place-Maulers (6-1). Tuesday 5:00 league; first place tie between Strange Gloves and E.L. Club at (4-1). Tuesday 9:00 league; first place tie between Strange Gloves and L.L. Club at (4-1).

Modoc tops intramural volleyball

The intramural softball league will head into the final three weeks of play this week. Of the four slow pitch leagues, only the Modoc Mountain has completed its season. Champions of the Mon- day league were the Bonds with 23 points. Second place finisher was the Mustangs. Tuesday league was the Bonds with 23 points, second place was the Mustangs. Thursday 9:00 league was the Bonds with 23 points, the Mustangs were second with 16 points. Friday the Mustangs and the Bonds both scored 23 points, but the Bonds won in a one-run game. For the entire tournament there were 71 matches compared to past sea- son's intramural director, Vaughn Hitchcock, said, "Our quality of volleyball has picked up over the past few years. In the past the league has been dominated by one or two exceptional teams.
