Next candidate for dean of students post scheduled

Dr. Donald K. Cheek will be the next candidate interviewed for the Dean of Students Affairs position. The Cal Poly Education Department faculty member will meet with the consultative committee and other campus officials on Feb. 8 and 9.

An informal reception will be held in the UU Galerie on Monday, Feb. 8 from 2:30-3:30 pm.

Faculty, staff and students are encouraged to attend the informal receptions to meet and ask questions of each candidate.

The search process will continue, and the interview schedule will be published in the Cal Poly Report.

President urges minority participation in science, math

Special efforts at all school levels from K-12 through the university need to be made to expand minority participation in science and mathematics programs.

President Baker made this plea when he delivered the keynote address at a Conference on Competitiveness and The Realities of a Global Economy in Sacramento.

The program was sponsored by the California Engineering Foundation in cooperation with the Joint Committee on Science and Technology, and the Assembly Committee on Economic Development and New Technologies.

The Cal Poly president noted that beginning at the K-12 level ways need to be found to “improve math and science education, develop role models, establish school/industry incentive programs, and expose young blacks and Hispanics to career opportunities.”

He also called for increased support for basic research and for fostering methods of support which would increase university/industry partnerships.

New ad hoc policy committee for Information Systems

In 1985 the President’s Task Force on the Management of Information Systems recommended strengthening long-range planning and urged a campuswide commitment to user-driven planning. Last September, acting on these recommendations, President Baker formed a new committee to recommend policies and articulate strategic plans for campuswide computing and communications.

The newly created ad hoc Information Systems Policy and Planning Committee will work with various campus constituencies, ranging from individual faculty to academic school and campuswide advisory committees, to define the campuswide information resource needs and requirements. The committee will recommend strategies and plans to meet these needs and requirements, e.g., providing access to specific hardware and software.

Led by Dr. Arthur S. Gloster II, vice president for information systems, the remaining membership for FY 1987/88 represents a broad range of faculty and administrative interests. Members were chosen based on their extensive knowledge of and experience with computing at Cal Poly. They are Charles Crabb, chairman, Academic Senate; James Landreth, vice president, Business Affairs; Frank Lebens, associate vice president, Academic Resources; Peter Lee, interim dean, School of Engineering; Jens Pohl, professor, Architecture; and Neil Webre, professor, Computer Science.

The committee meets twice monthly, or more often as needed to resolve critical planning issues.

(Cont. on Page 5)
Planning and design pioneer will speak

A landscape architect known internationally as one of the pioneers of regional design and planning will speak at Cal Poly on Tuesday, Feb. 9, about his concept of "urban constellations."

Philip H. Lewis Jr., professor of landscape architecture and director of the Environmental Awareness Center at the University of Wisconsin, is to speak at 11:15 am in the Cal Poly Theatre. The free talk is titled "Urban Constellations - New Visions for Environmental Design."

Lewis's urban constellations are the groupings of small and large cities found across the United States. In his recent work he has found that cities are linking to form rings of urbanization around valuable agricultural areas and natural resources.

The trends he sees have led him to re-emphasize the need for regional design and planning. He urges a design process that recognizes the importance of regional diversity and allows options that assure freedom of choice and quality of life.

His objective is to identify, protect and enhance the outstanding intrinsic values of a landscape. His appearance is sponsored by the School of Architecture and Environmental Design as part of its Distinguished Lecturer Series.

Multi-Cultural Center hosts 'Cultural View'

The Multi-Cultural Center will present its Winter Quarter "Cultural View" series held every Tuesday at 11 am in the Multi-Cultural Center. The following programs are scheduled:

Feb. 9 - "Rio De Janeiro: New York and San Francisco In One Place," will include a slide show of this colorful city narrated by Dr. William Little, head of the Foreign Languages Dept.;

Feb. 16 - "Potluck Presentation" will be given by Don Bochelheide. He is a musician, puppeteer and a world traveler;

Feb. 23 - "Nairobi: Decade of Women's World Conference" will be shown. Following the movie, Dr. Willi Coleman of Student Life and Activities, who attended the conference, will be present to answer questions;

March 1 - "Nigeria" will be presented by visiting history professor Dr. John Oriji. He will use slides and his personal experiences as references;

March 8 - "Ghost Dance Tragedy at Wounded Knee" will be shown. The slide presentation was prepared by the Smithsonian Institution and focuses on the American Indian.

Asian-American poet schedule to appear

Asian-American poet and author Lawson Fusao Inada will be at Cal Poly on Wednesday and Thursday, Feb. 10-11, as part of the 1987-88 Arts and Humanities Series.

He will offer a poetry reading on Feb. 10 at 7 pm in Fisher Science 287, and then discuss "Freedom, the Constitution and Ethnic Communities" on Feb. 11 at 11 am in UU 220.

A professor of English at Southern Oregon State College, Inada is the author of "Before the War," the first volume of poetry by an Asian-American to be issued by a major publishing house.

Currently he is serving on the Commission on Racism and Bias in Education for the National Council of Teachers of English. In 1984 he received the Excellence in Teaching Award from the Oregon State Board of Higher Education.

The theme for this year's A&H Series is "Freedom and the Constitution." The series is sponsored by the School of Liberal Arts.

Graphic design show will open Feb. 15

"One Color, Two Color," an exhibition featuring more than 50 graphic design works, will open at the Art Gallery in the Dexter Bldg. on Monday, Feb. 15.

The show will run through Sunday, March 13. It is sponsored by the Art and Design Dept.

The items to be shown are the winners of a national competition held by the American Institute of Graphic Artists.

Gallery hours are Monday through Friday, 10 am to 4 pm plus 7-9 pm Tuesday, Thursday, and weekends from noon to 3 pm. Special group tours can be arranged by calling the Art and Design Department, ext. 1148.

Women’s Club sets dinner-dance Feb. 19

The Cal Poly Women’s Club has invited the campus community to a dinner dance at the Embassy Suites Hotel on Friday, Feb. 19.

The no-host bar begins at 6:30 pm with dinner to follow at 7 pm. Clint Garvin and his combo will provide dance music until 11 pm. Reservations are limited.

Tickets are $17 per person. Checks should be made out to the Cal Poly Women’s Club and sent to Jean Carter, 2069 Wilding Lane, San Luis Obispo, CA 93401. The deadline for reservations is Wednesday, Feb. 10. For information, call Jean Carter, 544-6233 or Barbara Peterson, 528-4663.

Purchasing Office

The University Purchasing Office, located in Adm. 128, will be closed between noon and 1 pm daily. This change is made necessary by a new computer program recently brought on line. If there are any questions, please call Procurement and Support Services at ext. 2234.
Cal Poly team wins competition

A team of five Cal Poly students won a first-of-its-kind Construction Management Competition over teams from five other Western universities.

The two-day competition, organized by the Construction Management Department, was held at Bechtel Group Inc. headquarters in San Francisco. Students had 24 hours to solve a realistic problem of preparing a construction management proposal for an $11 million medical facility.

Competitors’ written proposals and oral presentations were judged by a panel of five construction industry professionals.

CPA chapter helps in Library acquisition

A donation from the Central Coast chapter of the California Society of CPAs has allowed the Kennedy Library to complete its case reference material used in tax classes.

The chapter’s donation of $2000 to the Accounting Department funded the library’s acquisition of Prentice-Hall’s “American Federal Tax Reports, 1st Series.” It contains all federal tax cases decided prior to the mid-1950s except those of the Tax Court. The acquisition makes the Cal Poly library the most complete tax law library on the Central Coast.

Math exam

The Mathematics Placement Examination (MAPE) will be given at 7 pm, Monday and Tuesday, Feb. 8 and 9, and Tuesday, Feb. 11, in Room 227 of the Math Bldg. All Cal Poly students who are not currently enrolled in a mathematics course and who are planning to enroll in Mathematics 118, 119, 120, 121, 131, 141 or 221 in the Spring Quarter are encouraged to take the diagnostic placement exam. The MAPE, a UC-CSU MDTPE Exam, is a pre-test used to advise students about their prerequisite skills. The MAPE reports give participating students a mastery level expected for selected topics, the student’s score for each topic area, a total score, and a recommendation concerning an appropriate mathematics class. The goal is to help students enter mathematics classes at an appropriate level, decrease failure, and increase the chances of success.

Fee Waiver Program

Information and applications are available in the Personnel Office for eligible full-time or part-time permanent state employees to participate in the Fee Waiver Program. Part-time employees, to be eligible, must have attained permanency in a full-time position and then reduced their timebase. Those who take Cal Poly courses under an approved program of career development, or who have courses approved as job related, may be eligible for waiver of certain fees. Deadline for return of completed, approved Fee Waiver forms for Spring Quarter 1988 is Feb. 17.

Who, What, Where, When

Mark Kauffman, Art & Design, did the photography (pgs. 145-156) for an article appearing in the January, 1988 issue of Smithsonian Magazine. Two Cal Poly photography students assisted him in Los Angeles.

Donald Lazere, English, organized and moderated a plenary forum and three collateral workshops titled “Highbrow-Lowbrow Revisited: The Revival of Mass Culture Criticism” at the Modern Language Association national convention in San Francisco.

John P. Adams Jr., Economics, was elected regional vice president of the National Association of Forensic Economists at the NAFE annual meeting in Chicago. Adams was an invited participant in association proceedings concerned with economic applications in the practice of forensic economics.

Carolyn B. Shank, Physical Education/Recreation Administration, had an article published in Children’s Environments Quarterly titled, “A Child’s Fear of the Water Environment.”

Richard J. Krejsa, Biological Sciences, presented a series of graduate seminars on “The Cyclostome-Conodont Connection” at universities in Uppsala, Stockholm and Lund, Sweden, and Nottingham, England, in June and July and was an invited participant in a Swedish Natural History Museum research program for underwater observation of hagfish feeding.

A. Charles Crabb, Crop Science/Chairman, Academic Senate, spent Jan. 19 at the State Capitol as a guest of Assemblyman John Vasconcellos. The day was spent ‘shadowing’ Vasconcellos as he conducted business relating to the Ways and Means Committee and the Joint Legislative Committee on the Review of the Master Plan.

Lynn M. Jamieson, Physical Education/Recreation Administration, had an article, “Global Recreation” published in the December/January issue of the Journal of National Employee Services and Recreation.

Donald Lazere, English, is the editor of a 600-page scholarly collection titled, “American Media and Mass Culture,” that has just been published by the University of California Press.

Steven B. Shockley, Alumni Affairs, is serving on the jury for the 1988 CASE Alumni Relations recognition awards.

Engineer to speak

A consulting engineer with 38 years' experience will speak today (Feb. 4), about construction risks and financial losses due to bad management.

Edward R. Fisk, Western Region vice president of Construction Consulting Group Inc. of Orange, will speak at 11 am in Room B5 of the Science Building. His talk, titled “Management Risks in Construction,” is free and open to the public.

In his lecture, Fisk will define management failure, give examples of the magnitude of the financial losses that can result, and suggest ways to minimize such losses.

Rec sports classes to begin this month

Cal Poly Recreational Sports will offer classes in CPR and first aid this month. The CPR class is set for Saturday, Feb. 6, from 8-11 am, and Sunday, Feb. 7, from 9 am to 3 pm in the Mustang Lounge. The cost is $18. The same hours, cost, and location are set for a First Aid class on Saturday, Feb. 20, and Sunday, Feb. 21.

Other classes include aerobics and country western dance. The aerobics class is divided into low impact and normal impact, and the dance class is categorized as beginner, intermediate and advanced. The classes meet in Mustang Lounge and cost $18.

For additional information, call Rec Sports at ext. 1366.

Military Science sets Adventure Day

Shake those winter blahs! Get out and get some fresh air! Learn and participate in the sports of orienteering, rappelling and shooting/running at the second annual Adventure Day, Saturday, Feb. 6, on campus.

Adventure Day, sponsored by the Military Science Dept., includes a beginning rappelling course, a team orienteering competition, and a biathlon consisting of marksmanship and a two-mile run.

Six one-hour beginning rappelling courses will be scheduled from 9 am to 4 pm at the Architecture Tower. Each course starts with a demonstration of basic and advanced rappelling techniques. Participants will have a chance to practice on a small wall before reaching any great heights.

In Poly Canyon two one-hour team orienteering meets will start at 9 am and 10 am. Instruction on the use of the maps and compass provided will be offered as well as tips on how to use teamwork to complete the course. Since Poly Canyon has fairly rugged terrain, participants are urged to wear loose clothing and bring along a canteen of water.

The biathlon will begin at noon at the indoor rifle range behind the Aero hangar.

Some certificates and commemorative T-shirts will be awarded throughout the day’s events.

A chicken/tri-tip barbecue will be available on the Dexter Patio from 11 am to 2 pm at $3 per plate.

For additional information, please call the Military Science Department at ext. 1769.

Jazz trio to play

“Inner Faces” will come to Cal Poly’s SLO CO Revue on Tuesday, Feb. 9 at 8 pm.

The unique jazz trio, formerly known as “Trio de Janeiro,” will perform original compositions using the acoustic guitar, electric mandolin and the stand-up bass.

The show will take place in the Sandwich Plant and admission is $1. Coffee and cookies will be available free of charge and other refreshments will be available for purchase.

Doors open at 7:30 pm. For more information call ext. 2476.

Chinese New Year celebration Feb. 6

The Chinese Students’ Association will celebrate the Chinese New Year — the Year of the Dragon, 4686 — with its 31st annual banquet and show at 6 pm on Saturday, Feb. 6, in the San Luis Obispo Vets Memorial Building.

The group will prepare and serve a menu of fried egg rolls, fried wontons, sweet and sour pork, almond chicken, Cantonese chow mein, almond cookies, steamed rice, and tea.

The show, also organized by the students, will include a lion dance, ribbon dance, martial arts demonstration, skits and more.

For tickets, which cost $12.50, call Kingston or Carol Leong, 544-1024, or Stella Louis, 543-1445. A limited number of tickets will be available at the door.

‘A Chorus Line,’ hit musical here Feb. 14

On Sunday, Feb. 14, a Broadway touring company will present the musical hit “A Chorus Line” at 3 pm and 8 pm in Chumash Auditorium.

One of the longest-running musicals in Broadway history, “A Chorus Line” is recognized as a milestone and a classic. The show is a definitive American musical about the “gypsies” who give their souls each time they audition for a musical comedy.

Advance tickets are $15 for the general public, $11 for students, and can be bought at Boo Boo Records in San Luis Obispo and at the UU Ticket Office. Tickets will be available at the door for an additional $2. For ticket information call ext. 1154. The production is sponsored by the ASI Fine Arts Committee.
The CSU is conducting an extensive evaluation of the child care needs of employees. As a first step, a survey is being mailed to the homes of selected CSU employees. The survey sample was selected so that it is statistically representative of employees. Consultants will analyze the responses to determine what types of child care needs of employees. (A similar survey was completed by the University of California last year.)

As a first step, a survey is being mailed to the homes of selected CSU employees. The survey sample was selected so that it is statistically representative of employees. Consultants will analyze the responses to determine what types of child care needs of employees. (A similar survey was completed by the University of California last year.)

Consultants will analyze the responses to determine what types of child care needs of employees. (A similar survey was completed by the University of California last year.)

With the OASIS project under way, the committee is now considering on development of a plan for academic computing. Discussions include a review of the current computing acquisitio and planning review and approval process for the campus.

Other topics to be addressed include the planning process for the new stadium, and development of a plan for the new stadium.

The search process will continue this month, and the new candidate will be the first candidate interviewed for the position of director of athletic development at the University of Nevada at Las Vegas. Faculty, staff, and students are encouraged to attend as a forum to share ideas and experiences with the new candidate.

First candidate for the position of director of athletic development at the University of Nevada at Las Vegas will be the first candidate interviewed for the position of director of athletic development at the University of Nevada at Las Vegas. Faculty, staff, and students are encouraged to attend as a forum to share ideas and experiences with the new candidate.
Dateline

9th Annual Career Symposium: Chumash, 9 am-3 pm.
Math Placement Exam: Math 227, 7 pm. Also given on Tuesday, Feb. 9, and Tuesday, Feb. 16.

TUESDAY, FEBRUARY 9
Speaker: William Little (Foreign Languages) will show slides and discuss "Rio De Janeiro: New York and San Francisco in One Place" as part of the Cultural View program hosted by the Multi-Cultural Center. UU 217D, 11 am.

TUESDAY, FEBRUARY 9

Computers at Noon: Bill Stack and Ron Lawrence (Apple Computers) will demonstrate the Mac II. Staff Dining Room, noon.

Concert: "Inner Faces," Sandwich Plant, 8 pm. ($)

Men's Basketball: Cal State Bakersfield, Main Gym, 8 pm. ($)

WEDNESDAY, FEBRUARY 10
Blood Drive: Chumash, 9 am-2 pm.

Books at High Noon: Biana Rosenthal (Foreign Languages) will review "Sarkofag" by Vladimir Gabarev. Staff Dining Room, noon.

Film: "Suspect," Chumash, 7 & 9:30 pm. ($)

Poetry Reading: Lawson Fusao Inada (poet/author) will give a poetry reading. Fisher Science 287. 7 pm.

Concert: Jazz Band, UU Plaza, 11 am.

Speaker: Lawson Fusao Inada (poet/author) will discuss "Freedom, the Constitution and Ethnic Communities" as part of the Arts and Humanities Lecture Series. UU 220, 11 am.

University Club: Sheriff Ed Williams or Lt. John Hastie (County Sheriff's Office) will discuss "Debriefing the Disaster of PSA Flight 1771." Staff Dining Room, noon.

Position Vacancies

Vacant staff positions at Cal Poly and the Cal Poly Foundation are announced in this column and are posted outside the respective offices. Contact those offices (State: Adm. 110, 805-756-2236 — Foundation: mobile unit near the Fire Department (805-756-1121) for applications and additional position details. Both Cal Poly and the Foundation are subject to all laws governing affirmative action and equal employment opportunity. Cal Poly hires only individuals lawfully authorized to work in the United States. All eligible and interested persons are encouraged to apply. Applications must be received by 5 pm or postmarked by the closing date.

State

CLOSING DATE: 2-17-88
Data Control Technician, $771-$911/month; half-time, Administrative Systems Office.
Senior Data Control Technician, $866-$1028/month; half-time, Administrative Systems Office.

Candidates for positions on the faculty of the university are presently being sought, according to Jan Pieper, director of personnel and employee relations. Those interested in learning more about the positions are invited to contact the appropriate dean or department head. Salaries for faculty commensurate with qualifications and experience (and time base where applicable), unless otherwise stated. This university is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. Cal Poly hires only individuals lawfully authorized to work in the United States. All eligible and interested persons are encouraged to apply.

CLOSING DATE: 2-18-88
Lecturers (full-time), History, for Summer Quarter 1988 (dependent upon enrollment and funding available). Non-tenure track positions in 20th century world history or general American history. Ph.D. In appropriate discipline required.

CLOSING DATE: 2-29-88
Lectureship (full-time), Animal Sciences and Industry, for Spring Quarter 1988 (beginning March 28, 1988). Duties include 75% teaching and 25% swine herd supervision. Teaching involves swine production and management classes. B.S. required with evidence of swine production experience in breeding, farrowing, growing-finishing, and marketing. Some teaching experience required.

CLOSING DATE: 3-17-88
Lecturer (full-time), History, for the 1988-89 academic year. Responsible for teaching multiple sections of general education survey in modern world history. Possibility of offering upper division specialty once during appointment. Ph.D. or A.B.D. in history and college teaching experience required.

CLOSING DATE: 5-6-88
Lecturer (full-time), Architectural Engineering. Two-year non-tenure track appointment beginning September 1988. Responsibilities include teaching structural analysis and design to architecture and architectural engineering students. Bachelor's degree required; preference given to candidates with Master's degree and significant experience in the area of structural design practice. Candidates should have good communication skills.

Off-campus Vacancies

President: California State University, Long Beach. The deadline for receiving nominations and applications is Feb. 8, 1988. For further information contact: Dr. Caesar J. Naples, vice chancellor, Faculty and Staff Relations; The California State University, 400 Golden Shore, Suite 222; Long Beach, Calif. 90802-4275.
