The Marine Corps circulates petition requesting college parking autonomy.

College Republicans circulate petition requesting college parking autonomy.

The Marine Corps is due to receive a petition on parking issues from Cal Poly. The petition, which was circulated among students, has been signed by more than 1,000 students.

The petition calls for the college to provide a more equitable system for parking, one that takes into account the needs of both students and faculty.

It also requests that the college provide more parking spaces, especially for students who live on campus.

The petitioners are concerned about the current system, which they say is unfair and discriminatory.

They argue that students who live on campus should not have to pay for parking, while those who live off campus are charged.

The petitioners also want the college to provide more information about parking options and how to pay for them.

The petitioners say that they have been rulings the college for months, but have not received a response.

They hope that the petition will force the college to address their concerns and provide a more fair and equitable system for parking.

The petitioners say that they will continue to circulate the petition until they receive a response from the college.

They encourage other students to join them in signing the petition and to bring their concerns to the attention of the college administration.

They also ask for the support of other student groups and the general public in their efforts to improve the parking system at Cal Poly.

They believe that the petition is a critical step in the process of making parking more fair and equitable for all students.
CAPTAIN NALE RECEIVES valor in award in Vietnam

Nale, who was born in San Luis Obispo, is a senior at Cal Poly and a member of the Corps of Cadets. He achieved his rank of Captain through an exceptional record of academic and personal achievement. The citation for his award, the Distinguished Flying Cross, recognizes his service in aerial combat against the Viet Cong and NVA.

In recognition of his valor, Nale was presented with the award during a ceremony held at the Macdonald Hall. The ceremony was attended by Nale's family and friends, as well as representatives from the Cal Poly administration.

Nale's achievement is notable for several reasons. Firstly, he is the first person to receive the Distinguished Flying Cross at Cal Poly. Secondly, he is the first person to receive this award in Vietnam. Finally, he is the first person to receive this award in the history of the Cal Poly Corps of Cadets.

Nale's award ceremony was a significant event for Cal Poly. It served as a reminder of the sacrifices made by Cal Poly students and their commitment to their country.

In summary, Captain Nale's award is a testament to his dedication, courage, and service. It is a fitting recognition for his valor in award in Vietnam.
Cal Poly hosted the second Cal State College Presidents' Association (CSCPA) of the year conference.

Approximately 190 persons attended the conference, which was held at the Cal State North Bay campus.

The main topic of the conference was the implications of possible tuition cuts. The conference was sponsored by the California State Colleges, including Cal Poly San Luis Obispo, and was sanctioned by the California State College Presidents' Association.

The conference was held in the opening session that kicked off the second of the weekend activities on the Stateville Area.

Following the opening session, executive committee meetings and panels were held (see program). The executive committee was an open forum for all participants to make suggestions.

The last item of business对我来说 was the presentation of the book to the implied tuition proposal by the executive officer of the Cal Poly CSPA. The book was given to Mike Elliott, ASI President, with the following speech:

"This book, titled "The Cost of College in Income," was written to provide a comprehensive guide to the costs associated with higher education. The book includes data on tuition, fees, room and board, and transportation costs, as well as information on financial aid and scholarships.

The book is intended to help students and their families make informed decisions about college affordability and to provide guidance on how to manage the financial burden of higher education. The book is a valuable resource for anyone considering higher education and is available for purchase online.

Thank you for your time."
**Wrestling Wonderland**

**Mustang grapplers return as coaches**

Cal Poly over the weekend continued its tradition of hosting the annual Cal Poly International Wrestling Tournament. The tournament featured 64 teams from across the nation, including 23 from California and 19 from outside the state. In addition, there were 15 junior college teams from throughout California and Arizona, and 42 junior colleges from across the country.

Cal Poly holds the position of head wrestling coach at Reedley High School. After his hitch in the Navy he flew back in 1962. In three short years Carlow has been a no pushover with 40 points. Another Cal Poly grad to enter the tournament this year was Mike Brown of Bakersfield. Prez and Allen, students.

In 1966 when Cal Poly won the Factor shortly with 40 points. Mike Brown, Cal Poly over the weekend was in the Nsvy in the Nsvy and was named as the most valuable player.

At the intermission to pick up the slack, Al Spenser paced the Mustangs with 16 points while teammates Mike Roche, 41st year of basket-
