Compromise needed to prevent rough session

BACKBENCHERS (UP) -- A compromise needed to prevent a rough session was indicated by a joint statement from the (UP) Senate Majority and Minority leaders. The compromise was reached after several days of negotiation, and will be presented to the membership at the next session of the Assembly.

Differing opinions build concerning anti-ballistics

BY CHARLES M. GUNNERY
WASHINGTON (UPI) -- The Administration's position on anti-ballistic missiles has softened, according to sources close to the White House.

"The Administration now believes that anti-ballistic missiles are a potential threat to national security," said one source. "However, we are open to negotiations on reducing the threat.""}

Faculty exploring drop-outs; college student failure high

The results could not be left unnoted, and over 50 per cent of those who will not return next year, if statistics can be believed, will have not completed their classes and are not expected to pass any of them by the end of the semester.

Students receive prize in designing

President E. R. Smith and Carl Myers, students of the Architecture and Architectural Engineering Department, received the prize for their design of a building complex for the Southern California University of Pharmacy.

ROTIC instructor becomes major

Captain Lee D. Brown, one of the recent transfers from ROTC, has been promoted to the rank of Major.

Viet students to begin new study program

Some of Vietnam's students from public schools have been admitted to the United States for a new study program.

Ex-editor leaves for South India

Robert King Boyd, son of Mrs. Margaret Boyd of Santa Monica, is one of the Peace Corps volunteers who received the call for a longer assignment in India's north.

Agriculture specialists initiate unique program

Several agricultural graduates from the United States have been invited to begin a special program in India.

Senior candidtes to be honored

The Military Service Corps has announced that 20 students will be honored for their contributions to the Corps.

Cafeteria well in use for publicity

The Activities Office has announced that a new program will be initiated by the Cafeteria.

Community College students to be tested

A test for community college students is being given in the campus.

TWO POLY ROYAL QUEENS -- Miss Carter was announced as Poly Royal Queen. Miss Carter was sponsored by the A-I-A. She is a senior in Architecture and Architectural Engineering.

POLY ROYAL QUEEN -- Miss Carter was sponsored by the A-I-A. She is a senior in Architecture and Architectural Engineering.
Last year, thousands of lawyers, bankers, accountants, engineers, doctors and businessmen went back to college.

And not just for the football games.

We'd like to clear up what appears to be a misunderstanding: It is somewhat popular on campus to invite a business executive on the grounds that you may become one. And this was not done.

We don't own this place, and we can't say anything about it. However, the management and supply unit of the Bell System, 6 and 10 Bell graduates who have joined in the past 10 years, for example, have been asked to bring their own coffee. Here's how for them:

Wide World Yellow Pages has employed some degree while working for us. Over 800 have been asked for, as of February 1, 1967. The Bell telephone network will make advanced communications equipment. And the Bell telephone network makes it easier to get advanced degree. For the state of New York, New York State, is where it lives.

At Western Electric, what's happening in the exchanges and what's taking place in the Bell System, we're trying to answer, and our opinion is that you're seeing for, check it out. And grab us a drink.

Mailbag

Boys

Editor:

It was with great interest that I read 's obituary which appeared in the June 24, 1967, issue of the American Architectural Journal. His career was outstanding, and we are more than a little sorry he was not more successful.

The Architectural and Architectural Engineering Foundation is staffed by the National Architectural Association Board. Can we have a full report of the current position of Architecture in New York City?

The work of approximately half a million people, students and faculty, is being jeopardized in the nation's colleges. The problem is one which should concern us all, not just the people in the nation's colleges. It is a problem which affects every person in the world. It is a problem which affects the future of our country and the future of the world. It is a problem which affects the way we live and the way we work.

The question of the support of the colleges is one which has been discussed for many years. The question has been whether the colleges should be supported by the state or by the federal government. The question has been whether the colleges should be supported by the private sector or by the public sector. The question has been whether the colleges should be supported by the students or by the taxpayers.

The question has been raised in the past and it will be raised again in the future. The question is not easy to answer. It is a complex question. It is a question which involves many different factors.

The colleges are facing a difficult situation. The budget cuts are forcing the colleges to make difficult decisions. The colleges are trying to do the best they can with the resources they have. They are trying to provide a quality education for their students.

The question of the support of the colleges is one which should concern us all. It is a question which affects every person in the world. It is a question which affects the future of our country and the future of the world. It is a question which affects the way we live and the way we work.
**Muscle and John Yusuda, 122 pounds, set the stage for the Mustangs’ men’s wrestling championship with 18 first-place finishes, earning the team the second-place position among collegiate teams in California.**

**Coach Vaughan Hilditch**

The Mustangs took eight firsts, two seconds and a third, for the fifth straight championship.

Miller placed second at 152 pounds.

**Coach Hilditch**

The Mustangs are up for the challenge to top the Bulldogs after receiving a unanimous first-place ranking in the seeding round at the CCAA championships.

The Bulldogs scored 140.10, while Fresno Poly scored 140.15, and Cal Poly Pomona scored 140.16.
