Meet a national resource named Steve

Steve is a cross-country trash man, an artist, and an explorer of worlds that do not exist. This toothpick model is an attempt to study what lies beyond our three known dimensions.

At the 1966 International Science Fair, Steve won a ribbon for his theory of dimensions. But he didn't stop there. He believes the number of other dimensions is limitless, and is hard at work to prove it.

Why our interest in Steve? Because young people are our greatest national resource.

World War I Ace Snooping Around for a New Car

Dear BE:

I'm a former World War I Ace Air, and when it comes to buy-
ing a new car, I can really fly off the handle. Frankly, the whole thing is a dogfight, and I need of the car that I will drive, and have got my sights set on a performance model that's true in my price, and that, in the end, I can't wait to get. So, what do I do? You are on the job. I got a Sheraton Student ID Card, and have got your hands on a new car. Sheraton Hotels and Motor Inns...
