Wesley F. Higdon

President Kennedy

It's going to be a great year! We welcome new students to our campus and are excited about the opportunities that lie ahead for our students.

There are many new things happening at Cal Poly this year, and I am confident that our students will thrive in this environment.

I want to take this opportunity to introduce some of our new students. They are wonderful and have a lot to offer our campus.

I am also very pleased to announce that we have appointed a new dean of engineering. Dr. Wesley F. Higdon is a distinguished engineer and has served in several leadership positions.

We are excited to have him join our team and look forward to his contributions.

I want to thank Dr. Higdon for his dedication and leadership. He has a wealth of experience and we are confident that he will do great things for our students.

I am proud to be here at Cal Poly and I look forward to a successful year.
