Local doctor available for Unit 3, 4 vision plan

Local San Luis Obispo optometrist Dr. Jeff Blue is now available to provide services in the voluntary vision care program for eligible Faculty Unit Employees (Unit 3) and eligible Academic Support Employees (Unit 4) as a result of collective bargaining agreements.

Dr. Blue is replacing Dr. Moessinger from Santa Maria. His office is at 1106 Pacific St. (543-4140).

This voluntary program is paid entirely through employee contributions, underwritten by Safeguard Health Plans, Inc., and administered by Sanders and Associates.

Detailed enrollment information was sent to all eligible employees in February. Employees interested in enrolling now because of the availability of a local doctor should complete the enrollment information (the Ded/Org Code is 075-083 and the Optometric Office No. is 8289) and forward it directly to Sanders and Associates.

Questions concerning the plan should be directed to Safeguard at 1-800-352-4341 or contact Pam Woodard or Barbara Melvin, Personnel Office, ext. 2236.

CAR deadline for summer

Faculty are asked to remind their students that CAR forms for Summer Quarter 1984 will be available in the departments Friday (April 27). Class schedules will be on sale at El Corral Bookstore also by Friday.

CAR forms for summer are due at the university Cashier's Office by 4 pm on May 9. After that date, students will have to late register and pay an additional $25 late fee.

2 more members on committee

Two names were inadvertently omitted from the story in last week's Cal Poly Report about the membership of the Public Safety Advisory Committee. Mike Ahler (Chemistry) is the Unit 9 representative on the Environmental Health and Safety Subcommittee, and Faye Wadlington (Health Center) is the Unit 2 representative on the Parking and Traffic Subcommittee.

'Portrait of Progress' next week

Spring is here, the motels are booked to capacity and our taste buds are primed for good food. All of these are signs that it's Poly Royal time!

Friday and Saturday, April 27 and 28, mark the 52nd anniversary of a 'country fair on a college campus.' This year's theme is 'Portrait of Progress.'

Opening ceremonies are scheduled for 10 am Friday in the University Union Plaza, with remarks by Poly Royal Queen Rebecca Olshausen, President Warren J. Baker and Honored Guest Marilyn Hamilton.

Hamilton is a 1971 Cal Poly graduate. She had taught for several years in California and Australia when a 1978 hang-gliding accident damaged her spinal cord, leaving both legs paralyzed. But within six months of the accident she was training for a statewide tennis tournament for the disabled. She went on to become a champion in tennis and a top competitor in the International Disabled Winter Olympics using the 'sit-ski.'

Today Hamilton handles advertising, promotion and marketing for Motion Design Inc., a company specializing in sports wheelchairs and other aids for the disabled.

Poly Royal entertainment begins even before the official opening ceremony, when rock-and-roll singer Eddie Money kicks off the weekend with a 9 pm concert on Thursday (April 26) in the main gym. General admission tickets are $10.75 in advance, $11.75 at the door.

Other performances include concerts by the combined choirs, the University Jazz Band, and the Symphonic Band; dramatic presentations; and fashion, art and flower shows.

On the competitive side, Cal Poly's nationally top-ranked rodeo teams will tangle with other Western Region schools at 7 pm Friday and at 1:30 pm and 6 pm Saturday in the campus rodeo arena. Tickets, ranging from $3.75 to $7.75, may be bought at the gate.

Poly Royal visitors will also be able to watch such intercollegiate events as rugby, lacrosse, volleyball, softball, track and field, soccer, and polo.

Competition is part of Poly Royal's academic dimension as well. Design Village, an architectural competition and conference, will last through the weekend in scenic Poly Canyon. On Friday some 800 high schoolers from across the state are expected to compete in the 32nd Poly Royal Math Contest. The university's Ornamental Horticulture Department is sponsoring a 'green thumbs' contest.

A mini-tractor pull and petting zoo should delight youngsters.

Visitors also can enjoy a variety of food, including several products produced in student labs. Student clubs offer choices ranging from Asian, Mexican and Middle Eastern cuisine to such American standards as hot dogs, ice cream and apple pie.

A complete listing of Poly Royal events will be available in the University Union, Administration Building and Robert E. Kennedy Library.
Light artist Turrell to speak

Los Angeles light-and-space artist James Turrell whose work draws words like "astonishing" and "entrancing" from national critics, will give an illustrated lecture at 8 pm Thursday, April 26, in Chumash Auditorium.

Tickets for Turrell's presentation on "Light and Perception in Outdoor Environments" are available in advance at the University Union ticket office. Cost is $4 general admission, $3 for students. The public is invited.

The artist will be the keynote speaker for Design Village Conference, an annual event sponsored by the School of Architecture and Environmental Design in conjunction with Poly Royal.

Both Turrell's appearance and the theme of this year's Design Village conference — "New Aesthetics" — mark a broadening of an architectural event into one dealing with design in a larger sense.

In his work, Turrell uses light to create what are described as "illusionary but real" spaces. The scale varies from a small room to his current project in a volcanic crater in Arizona. His "installations" have been shown nationally and internationally, including at the Whitney Museum in New York and the Museum of Modern Art in Paris.

Film festival Wednesday

Award-winning films from the International Mountain Film Festival in Trento, Italy, will be shown at 7:30 pm on Wednesday (April 25) in Chumash Auditorium.

The five films are:

- "Everest — Fight for the Face" — an attempt led by Chris Bonnington to conquer the southwest face of Mt. Everest.
- "Out of the Shadow, Into the Sun" — a climb of the north face of the Eiger, considered by many to be Europe's greatest mountain-climbing challenge.
- "Little North Face" — two climbers' ascent of a difficult peak in the high mountains of New Zealand.
- "Abyss" — Roberto Sorgato's epic climb of the west peak of Lavaredo in the Italian Alps.
- "Solo" — the thrill, excitement, sheer beauty and personal satisfaction of climbing, photographed on several climbs in Canada and the United States.

Tickets, available at the door, will be $1.50 for Cal Poly students, children and senior citizens and $3 for the public.

The film festival is a presentation of the ASI Outings Committee.

Coronation Ball April 21

The Poly Royal Coronation Ball will be held from 9 pm to midnight Saturday, April 21, in Chumash Auditorium. It promises to be an elegant and festive event.

The University Jazz Band will perform for the semi-formal, coat-and-tie affair, and refreshments will be served.

Members of the Poly Royal Board revived the tradition of the Coronation Ball last year after a nearly 15-year lapse. They are inviting all students, faculty and staff to enjoy the fun and watch the crowning of the 1984 Poly Royal Queen Rebecca Olshausen.

Tickets are $10/couple and may be purchased at the Poly Royal Office, ext. 2487.

For the ideal summer trip...

Now's the time to start thinking about that trip to Japan you've been wanting to take.

The Cal Poly Alumni Association and Educational Development International are co-sponsoring the annual "friendship" trip to Japan in June. EDI has sponsored more than 6,000 friendship exchanges during the past 11 years in San Luis Obispo and Japan.

The 19-day adventure begins June 10 with a flight from Los Angeles. The itinerary includes visits to Osaka, Kyoto and Tokyo, and sightseeing and staying with families in other cities throughout Japan.

For more information call Jeff or Karen Bynes of EDI at 543-9080 between 9:30 am and 12:30 pm daily.

Parking restricted for Poly Royal

Faculty and staff who will be parking on campus after 8 am on Friday and Saturday of Poly Royal will need special passes to get through the barricades located at the Grand Ave. and Highland Dr. entrances to the campus core. The passes are available from the Public Safety Department, said Richard Cardoza, director of security and transportation for Poly Royal.

Parking lot G-4, behind the H.P. Davidson Music Center, will be reserved for the handicapped. Employees who usually use this lot must park elsewhere during Poly Royal.

Public safety tip

Beware of the parking permit bandit! More than 150 parking permits have been stolen this school year, 15 in the past two weeks. Remember to keep your car windows closed and your doors locked (even when parked downtown) if you have a permit hanging inside the car. To protect your bumper permit, use a razor blade to slash through the permit vertically two or three times or in an X. This will keep the permit from being pulled off completely.
New London-study Program Launched by Cal Poly

Four Cal Poly faculty members and sixty-five students gathered for Spring Quarter classes last week in London — the first group to test a program that could open up a new range of educational opportunities for the university's students.

The participating faculty members are Thomas Johnston (associate dean, School of Communicative Arts and Humanities), who will teach art; Robert Burton (History); Nancy Lucas (English); and Patrick McKim (Anthropology).

The group began studies April 12 in regular Cal Poly courses, taught by Cal Poly instructors, paying Cal Poly fees. Its "on-campus equivalency" is what makes the one-quarter program new and makes it potentially the best foreign-study alternative for the greatest number of Cal Poly's 15,000-plus students.

Johnston said the London Study Program is the most affordable because fees are the same as for study on the Cal Poly campus.

The pilot program was designed by Dean Jon M. Ericson of the School of Communicative Arts and Humanities to meet general-education requirements in the social sciences, arts and humanities, while also offering the advantages of overseas study. It was approved by the California State University Chancellor's Office and by Provost Tomlinson Fort Jr. to continue for three successive spring quarters as an experiment.

Security during Poly Royal

All Cal Poly faculty and staff are reminded of the importance of being concerned for the security of university facilities. Poly Royal will begin at 10 am on Friday and will continue through Saturday evening. As all are aware, the event is basically a student-planned and student-managed activity, but it is also this university's official "open house" to the general public. With thousands of visitors on campus, security of facilities and equipment is particularly difficult.

Department heads should request faculty or staff volunteers to serve for short periods of time as additional security help. The volunteers would be most helpful in making equipment and facilities more secure.

Any suspicious actions, such as "proposed" movement of equipment by other than properly identified and authorized personnel, should be questioned on the spot and reported immediately to the University Police Department, ext. 2281.

However, the assistance of departments in providing adequate manpower for each departmental area during the hours when facilities are open to the public will minimize the security risk. When departmental areas are to be closed after Friday and Saturday visitations are concluded, personnel on duty should take special care to see that all visitors are out of the facility before the area is vacated and locked by department personnel.

‘‘If the program is successful,’’ Ericson said, ‘‘it will be proposed as a regular annual program, ultimately integrating courses and faculty from other schools and disciplines within the university.’’ He said he is also considering the possibility of a Fall Quarter London program that could begin as early as 1985.

Classes are held on the campus of a former college of education on Kensington Square. Students live nearby. While Cal Poly provided the faculty and academic programs, arrangements for housing and support services were made through the American Institute for Foreign Study Inc., a nationwide organization specializing in such programs.

Johnston, who is serving as resident director, said student response was better than expected, especially on short notice. All students are eligible, although the group this quarter is mostly juniors and seniors.

An informational meeting for students interested in participating in the Spring 1985 London Study Program will be held at 11 am on Thursday, May 17, in University Union 207. The faculty selection process is already under way.

Dateline

($) - Admission Charged
(!) - Admission Free

FRIDAY, APRIL 20

Exhibit: "Connections," an exhibit of work by Cal Poly art students, continuing through April 30. University Union Galerie, Monday and Tuesday, 10 am-6 pm; Wednesday and Thursday, 10 am-8 pm; Friday, 10 am-4 pm; Saturday and Sunday, noon-4 pm. Public invited. (!)
Craft Classes: Interested in learning a new craft? Check out the UU Craft Center for classes, ext. 1266. Faculty, staff and students welcome. ($)
French Table: All levels of language ability welcome. Staff Dining Room, noon-2 pm. Sponsored by the Foreign Languages Dept. Faculty, staff and students invited. (!)
Women's Tennis: Cal Poly Pomona. Upper courts, 1:30 pm. Public invited. (!)

**Position Vacancies**

Candidates for positions on the faculty of the university are presently being sought, according to Janet Pieper, director of personnel and employee relations. Those interested in learning more about the positions are invited to contact the appropriate dean or department head. This University is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. All interested persons are encouraged to apply.

**CLOSING DATE: 4-30-84**

Lecturerships, part-time, salary commensurate with qualifications and experience. Computer Science and Statistics. Duties and responsibilities include teaching lower-division statistics or computer science courses. Candidates for the statistics option must possess a master's degree in statistics or related area; candidates for the computer science position must possess a master's degree in computer science. Preference will be given to candidates with demonstrated excellence in college or university teaching and/or industrial experience involving applied statistics or computer science. Appointment for Fall and/or Winter and/or Spring and/or Summer quarters, 1984-85.

**CLOSING DATE: 5-11-84**

Student Affairs Officer III (Assistant Test Officer), $20,148-24,216; academic year, full-time, available Sept. 1, 1984 to June 30, 1985 with possibility of extension, Counseling Services. Duties include research and questionnaire design, and analysis; test administration; consultation. Qualifications are completion of doctoral degree in statistics or related area; candidates with demonstrated excellence in college or university teaching and/or industrial experience involving applied statistics or computer science. Appointment for Fall and/or Winter and/or Spring and/or Summer quarters, 1984-85.

**CLOSING DATE: 5-11-84**

Computer Center Technician I (depending upon experience), $905.50; temporary through Executive Order 11246 and Title IX of the **Read advertisement—Extension of CLOSING DATE: 5-30-84**

Lecturers or Tenure Track, rank and salary commensurate with qualifications and experience. Architecture. Positions available for 1984-85 academic year in the building support systems area of the curriculum. Full-time and part-time lectureships require substantial professional experience in architecture or related fields. Tenure-track positions require master's degree in architecture or terminal degree in related fields as well as substantial professional experience.

Vacant staff positions at Cal Poly University and the Cal Poly Foundation are announced in this column and are posted outside the respective offices. Contact those offices (State: Adm. 110, 805-546-2236—Foundation: University Dining Complex, 805-546-1121) for applications and additional position details. Both Cal Poly and the Foundation are subject to all laws governing affirmative action and equal employment opportunity. All interested persons are encouraged to apply.

**CLOSING DATE: 5-4-84**

Clerical Assistant II-B, $1152-1360/month, Personnel Office.

Animal Health Technician, $905.50-1634.25/month, temporary through Dec. 31, half to three-quarter time base, Veterinary Clinic.

Clerical Assistant III-A or Evaluations Technician (depending upon experience), $1267-1745/month, Evaluations Office.

Clerical Assistant II-A, $546.50-644/month, half-time, noon-4 pm, Aeronautical and Mechanical Engineering.

Clerical Assistant II-B, $1152-1360/month, Physical Education and Recreation Administration.

Clerical Assistant II-A, $1093-1288/month, June 1 to Nov. 30 with possibility of extension, Plant Operations.

Data Control Technician, $1215-1437/month, Computer Center.

On-Call Custodians, $6.38/hour, on-call, intermittent, Residence Hall Services.

**CLOSING DATE: 5-11-84**

Student Affairs Assistant II, $1769-2128/month, available Sept. 1, 1984 to June 30, 1985 with possibility of extension, Counseling Center. Two vacancies.
