Accidental death rate in agriculture
third highest tally across the nation

WASHINGTON — The Labor Department is in the process of releasing a new report showing the third highest tally of accidental deaths in the U.S., with the death toll in the agriculture industry being the highest, followed by the construction and mining industries.

The report,有效数据表明，农业行业的事故死亡人数居全国之首，其次是建筑业和采矿业。它指出，尽管在农业中仍然存在一些问题，但总体上该行业的安全状况有所改善。

Architect to speak

Dr. Mary A. Aronson, John L. J. Architecture College on Tuesday, will give an address. The lecture will be open to the public. The lecture will be presented by the Visual and Performing Arts Department of the university.

State loans gone

No loans Guaranteed by the United States Government.
**Campus Capers**

**Press vs. police**

Robert Spitzer, a national San Francisco police officer, will speak at the Press Club meeting tomorrow at 7:30 p.m. in G9 202.

He will discuss police brutality. He feels that "we must look into the entire school system in which the police must go to the police lot to be left alone."

Mr. Spitzer worked for 25 years with the L.A. Police Department. Twenty of those years were spent in the detective and patrol units. He comes to Cal Poly after four years and has lived in San Luis Obispo for about four years.

**Decal contest set**

Interested in art? The Cal Poly Printers' Department is conducting a contest open to all students, to design a decal for the Printers, excluding all forms acceptable for reproduction.

The design must be submitted in a form acceptable for reproduction. The dimensions are 4"x4" with a maximum of 15 colors.

Interested students should see Mr. Bob Luke in the Printers building, Rob Luke, 61484, or Larry Riddle, 61484. All entries should be submitted to Mr. Luke in the Printers building by August 17.

**Guatemala-bound**

J. Conrad Gleeson, acting dean of the School of Agriculture, and a Tuesday evening trip to college projects in Guatemala.

While there he will visit William Stevenson, engaged in a general marketing program in Guatemala, and Jerry Arnold at the Bennett School and Robert E. McGinty, the mobile school project.

**Float needs funds**

Members of the Float Committee are selling tickets at the entrance of the Float room in G9 202. The drawing will be held at noon on Oct. 30, and the winning entries will be announced.

**Float needs funds**

The magnitude of non-student support is illustrated by the fact that the cost of all faculty and student activities is usually funded in the year. The Strecker support of new faculty is about $1,000 per year.

**Education increases**

In the coming year we will have a total of 14,000 students enrolled at Cal Poly. This is compared to 12,600 in the previous year.

**To communicate is the beginning of understanding**

Bob Dylan
I Bostrom stated, however, that fraternities and advisor groups are desirable and serve the stated purpose. When the fraternities succeed in doing their work, they are termed "enhancing the attraction to a fraternity." Quoting Mr. Johns about the "P" grade at the side of the bill, he said, "I want to show you that the majority of the Sigma Phi Pi University fraternity were given the only honor in the campus. Perhaps it is the slogan most important, since one can controvert that campus. It is a temporary grade and it is recognized. These fraternity members are the people who the government can control."

I would ask why the Greeks see their candidate but were halted in their cuudidute but. were halted. They were discriminated against for it. They reason why they should be discriminated against because of their candidate. The student, student directory, is nearing completion. In its first meeting of the housing department, it was decided that the student directory, is nearing completion. The Housing Department is at work. The editor, in poor toitn or libelon. All communication must be of the editor, in poor toitn or libelon. All communication must be given. It is permissible if the editor must change the spelling of the word. "Materials to "Moilhof" should not exceed 200 words. Include your name—this point should be considered."

Jungle turns green
will live 3 years

Jungle residents take heart! There will be greenery on campus next year. This was the announcement made by the representative of the reforestation committee when he visited the campus last week. The reforestation committee has been busy planting trees on campus. They have planted trees in the wooded areas and along the roadways. They have also planted trees in the athletic fields.

The representative of the reforestation committee said, "We are very pleased with the progress we have made. We have planted over 1,000 trees on campus. We expect to plant more trees next year."

Futurist's note:

I am interested in the idea of putting trees on campus. I think it would be a good idea to plant trees in the wooded areas and along the roadways. I also think it would be a good idea to plant trees in the athletic fields.

Jungle will live 3 years

We have been told that Jungle will live 3 years. This is good news for the residents of the Jungle. Jungle has been a popular attraction on campus for many years. It is located in the wooded area and is a favorite spot for picnics and outdoor activities.

Futurist's note:

I am interested in the idea of putting Jungle on campus. I think it would be a good idea to put Jungle in the wooded area and along the roadways. I also think it would be a good idea to put Jungle in the athletic fields.

Jungle turns green
will live 3 years
Wrestling team to face rugged home schedule

Wrestling fans will be able to see some of the best college wrestling action at home when the Mustangs host the College of the Pacific Tigers at 10 p.m. Dec. 29 in a dual meet at the Men’s Gym.

Coach Vaughn Hitchcock will send his 12-9 team (4-1 conference) into the meet in an effort to get the season off to a good start. Nicknamed the “Water Bucket” for their ability to keep the heat out during matches, the Mustangs rank fourth in the conference.

Coach Hitchcock said his team will need to compete hard in order to defeat the Tigers, who will arrive at the Men’s Gym with a 10-7 record (1-1 conference). The Tigers lost to Whittier, 38-7, last weekend.

According to Hitchcock, the Tigers will compete hard in order to keep the Mustangs from beating them.

The Mustangs will face a number of top teams in the region, including Cal Poly, UC Davis, and Cal State Fullerton, over the course of the season.

Returnees, transfers bid for Mustang hoop berths

Returnees, bid for Mustang hoop berths

Curry, the senior forward, is expected to lead the Mustangs this year. Curry, who averaged 10 points and six rebounds per game last season, will be counted on to provide leadership and experience.

Freshman forward Mike La Roche, a two-sport athlete, will also be counted on to contribute. La Roche, who played basketball and ran track for the Mustangs this year, will be counted on to provide a spark on the court.

Coach Chestnut is looking forward to the new season. "The team is excited and ready to go," he said. "We have a lot of potential, and the players are working hard to improve their skills."
