Associates’ April 13 book sale will aid Cal Poly Library

Outstanding bargains in old and new books await buyers at the sixth annual Cal Poly Library Associates Book Sale on Saturday, April 13.

More than 5,000 books, sorted into subjects from agriculture to zoology, will go on sale at 10 am in front of the Robert E. Kennedy Library on the university campus.

In a change from previous years the sale will continue on Monday, April 15, and Tuesday, April 16, from 10 am to 3 pm in the Library Courtyard.

Bargain items, including new and used trade, text, and children’s books, both hardbound and paperback, will be for sale at 50¢ per inch. Books about architecture, engineering, English literature, mathematics, computers, and paperback fiction will be available. A table of specially priced items will also be featured.

Books have been donated by members of The Library Associates; Cal Poly faculty, staff, and students; and other Central Coast residents. Proceeds from the sale will be used to purchase additional materials for the Kennedy Library.

Also available at the sale will be information about The Library Associates, a community-based organization founded in 1979 to support the programs and services of the Cal Poly library.

Trustees approve fees for ’85-’86

Trustees of The California State University acted to hold 1985-86 systemwide student fees at existing levels, and to reduce some charges.

The action supports provisions in Gov. Deukmejian’s state budget for the coming fiscal year. The budget is currently under deliberation by the Legislature.

The trustees’ action, if funding is sustained in the Legislature, will result in a 1985-86 State University Fee (SUF) of $573 for the academic year for students taking 6.1 or more units.

Students taking up to 6.0 units will pay a $333 State University Fee for the coming academic year, the same as 1984-85.

The State University Fee is separate from fees for instructionally related activities, health facilities, student body center and student association fees assessed by the campuses.

Campus Instructional Computing Coordinator named

Dr. Leslie S. Bowker has been granted one-half time assigned from his regular duties with the Biological Sciences Department to serve as interim Campus Instructional Computing Coordinator (CICC) through spring and summer 1985. A formal search will be conducted during that time for a tenured or tenure-track faculty member to accept one-half assigned time to serve a two-year appointment beginning with the fall 1985 quarter.

Under general direction of the Associate Provost for Information Systems, the CICC will represent Cal Poly faculty and students in various planning and policy-making activities, including serving on and maintaining a close working relationship with the Instructional Advisory Committee on Computing (IACC), and other official faculty or student groups concerned with instructional computing.

Additionally, the CICC will work with the Instructional Support Group (ISG) as a senior advisor and coordinator. He will help in planning and setting operational policy for student and faculty access to computing facilities, in developing and coordinating statistical reports on instructional computer usage and needs, and in setting up seminars and training programs for faculty and students.

Bowker formerly served on both the School of Science and Mathematics and the campus-wide Instructional Computing Committees. Coordinator of computing activities for the Biological Sciences Department, he divides his teaching duties between that department and Computer Science. His primary computer-related interests involve course development and utilization. He also established and designed computer communications for the Fisher and Science North buildings. He has taught at Cal Poly for 11 years, nurturing a growing interest in instructional computing since 1977.

Bowker will maintain office hours with the Instructional Support Group in Chase Hall, ext. 2516/2593. His immediate activities will include a review of the instructionally-related portions of the annual Campus Information Resources Plan (CIRP) and FY 85-86 budget requests.

Cabinet member recognized

The New York Times recently recognized Pacific Bell for filing a patent that would allow a single telephone line to carry two voice conversations and five streams of data at the same time.

One of the men who oversaw the technology was Michael Bandler, vice president of network engineering and planning at Pacific Bell. He is a member of the President’s Cabinet at Cal Poly.
Spring Quarter schedule for computing resources seminars

During the first three weeks of Spring Quarter, the Instructional Support Group (ISG) of Computer Services is offering several seminars for faculty, staff and students. They are:

#1 — How to Log on to Cal Poly’s Computer Systems
A) Fri., April 5 ................ 11 am to noon
B) Tues., April 9 ............. 3 pm to 4 pm
C) Wed., April 10 ............. 1 pm to 2 pm

#2 — Full Screen Editing on the CYBER with FSE
A) Thurs., April 4 ............ 2 pm to 4 pm
B) Mon., April 8 .............. 10 am to Noon
C) Tues., April 16 ............ 1 pm to 3 pm

#3 — EDT Line Editor on RSTS
A) Tues., April 9 ............. 10 am to Noon
B) Mon., April 15 .......... 2 pm to 4 pm

#4 — Beginning CCL
A) Fri., April 12 .............. 3 pm to 5 pm

#5 — Getting Started with SPSS
A) Mon., April 8 ............. 2 pm to 3 pm
B) Tues., April 16 ............ 11 am to Noon

#6 — Getting Started with Minitab
A) Wed., April 10 .......... 9 am to 10 am
B) Thurs., April 18 ......... 1 pm to 2 pm

Due to space limitations, attendance is by reservation only. For more details on these seminars, see the information sheet sent to your department; or call the Instructional Support Group. If you wish to reserve space in a seminar, call ISG at ext. 2516 and tell us the corresponding NUMBER and LETTER of the seminar and session you wish to attend.

Trustees add Sandwich Plant funds for ’85-’86

The Board of Trustees of The California State University took the following actions at its March 13, 1985 meeting:

Approved a name change for California State College, Stanislaus from “College” to “University,” subject to the approval of the California Postsecondary Education Commission. The campus meets the criteria and compliance levels for university status established in 1972.

Amended the 1984-85 Non-State Funded Capital Outlay Program to add Remodel Sandwich Plant at a project cost of $325,000 at Cal Poly, San Luis Obispo.

Approved the “Categories and Criteria for the Capital Outlay Program 1986-87,” which includes “Categories and Criteria to Be Used in Setting Priorities in the 1986-87 Capital Outlay Program” and “Categories Separate from the Priority List.”

Pins will fall tonight

Spring Quarter bowling for faculty and staff begins tonight. Anyone interested in joining should come to the UU at 6:30 pm. Beginners are welcome. There is also bowling on Tuesdays, from noon to 1 pm.

Dow presents $20,000 research grant

The Dow Chemical Company has given the Graphic Communications Department a $20,000 grant to study flexographic printing inks.

The research under the direction of Herschel Apfelberg, a member of the graphic communications faculty, will examine polymers for printing plates and press fountain rollers believed to be compatible with flexographic ink systems which contain Chlorothene SM brand solvent.

The work will take place in the Graphic Communications Department’s Press Laboratory using its Mark Andy 820 flexographic printing press. Several inks will be tested in this program on a printing image form designed by Prof. Apfelberg to evaluate whether or not the printing plates, ink fountain rollers, and the printing substrates meet industry standards after being exposed to the test inks.

Evaluations will also be made of the comparative blending ease of the inks, of the viscosity profiles and control of the ink formulations, and of the resiliency and swell of the polymer on both plates and rollers before and after printing. Ink transfer characteristics, abrasion resistance, and durability of the polymers will also be studied.

Financial responsibility for vehicles

On July 1, 1985, new state legislation known as the Robbins-McAllister Financial Responsibility Act, will take effect. It requires any motorist stopped by law enforcement officers to show evidence of auto liability insurance.

State employees driving state vehicles will be exempt from this law. The Fiscal Responsibility Act will apply to privately owned vehicles, whether driven on state business or otherwise.

While the new legislation does not specify the exact acceptable format for such evidence, employees are encouraged to contact their insurance agent or insurance company to obtain a card certifying that they are insured.

The Robbins-McAllister Act provides for severe penalties to be assessed against motorists who fail to have such evidence in their possession.

Firewood for sale

The Plant Operations Department has 20 tiers of cut and split wood for sale at a price of $35 per tier. All tiers will be reserved for purchase by contacting Dick Tartaglia. He will reserve tiers on a first-come, first-served basis. Payment will be made at the Plant Operations Office prior to pickup. For your reservation and/or information call Dick Tartaglia at ext. 2321.
Collective bargaining proposals available at Kennedy Library

Trustee procedures require that copies of the exclusive representatives' proposals and, subsequently, management's proposals be made available to the public in the main library at each campus.

Janet L. Pieper, director of Personnel and Employee Relations, has forwarded to the Reserve Room of the Robert E. Kennedy Library copies of the initial collective bargaining proposals submitted by the Board of Trustees for the following bargaining units:

- Unit 1 - Physicians
- Unit 2 - Health Care
- Unit 4 - Academic Support
- Unit 5 - Operations Support
- Unit 6 - Skilled Crafts
- Unit 7 - Clerical/Adm. Support
- Unit 8 - Public Safety
- Unit 9 - Technical Support Services

A copy of each proposal is also available in the Personnel Office.

Classes planned by Recreational Sports

A number of classes have been planned for Spring Quarter by the Cal Poly Recreational Sports programs. The classes include: Aerobics, Jazzercize, Social Dancing, Sign Language, Women's Weight Training, Massage, Hatha Yoga, Beginning Street Dancing, and Country Western Dancing.

Also, faculty and staff are reminded that Family Swim is scheduled for 3 to 5 pm on Saturdays in Crandall Pool. Faculty and staff use the pool from 5 to 7 pm on weekdays.

For more information, please call Rec Sports at ext. 1366.

Dateline

($) - Admission Charged
(!) - Admission Free

THURSDAY, APRIL 4

Speaker: Michael Orth (English) will discuss "The Pleasures of the Imagination" as part of the Arts & Humanities Series, UU 220, 11 am. (!)

Speaker: Frank Naughten (National Science Foundation's Institutional Relations and Special Projects Office) will discuss "National Science Foundation Program Emphases in Fiscal 1986." Fisher Science, Room 287, 11 am. (!)

University Club: William Alexander (Political Science) will discuss "Peace Corps Service After 50: Kenya." Staff Dining Room, noon. (!)

Men's Tennis: Chapman College, 2 pm. (!)

Speakers: Four panelists will discuss the issue of abortion. Chumash, 7 pm. ($)

FRIDAY, APRIL 5

Craft Classes: Sign up for auto repair, woodworking, silkscreening and more in the Craft Center, UU 111. ($)

Outdoor Workshops: Sign up for outdoor cooking, caving and cross-country skiing techniques in the Escape Route, UU 112. ($)

Film: "Revenge of the Nerds," Chumash, 7 pm. 2nd showing follows. Continues on Saturday, April 6. ($)

SATURDAY, APRIL 6

Women's Tennis: Cal State L.A., 11 am. (!)

TUESDAY, APRIL 9

Baseball: Cal Poly Pomona, SLO Stadium, 2:30 pm. ($)

WEDNESDAY, APRIL 10

Books at High Noon: Randy Schullit (realor) will review "Nothing Down: How to Buy Real Estate With Little or No Money Down," by Robert G. Allen. Staff Dining Room, noon. (!)

Men's Tennis: Utah State, 2 pm. (!)

Baseball: Cal Poly Pomona, SLO Stadium, 2:30 pm. ($)

Film: "Sixteen Candles," Chumash, 7 pm. 2nd showing follows. ($)

THURSDAY, APRIL 11

Speakers: Discussion of Sanctuary Movement - a nation-wide effort to prevent the deportation of Central American refugees. The film, "An Act of Subversion Love," will also be shown. UU 220, 11 am. (!)

Speaker: Raymond Bonner (foreign correspondent) will discuss U.S. involvement in Central America. Chumash, 8 pm. ($)

FRIDAY, APRIL 12

Softball: LaVerne, Softball Field, 1:30 pm. (!)

Men's Tennis: Cal Poly Pomona, SLO Stadium, 2 pm. (!)

Film: "2010," Chumash, 7 pm. 2nd showing follows. Continues on Saturday, April 13. ($)

Workshop: Froydis Ree Wekre will conduct a workshop for French horn players and players of other brass instruments. Room 216, Davidson Music Center, 3:30-5 pm. For details, call ext. 2406. (!)

Concert: Froydis Ree Wekre (Norwegian French horn musician) will perform. Theatre, 8 pm. ($)

Who, What, When, Where?

Bill Michaud, Agricultural Management, presented "Computers on Campus" at the National Convention on Technology in Education in Fort Worth, Texas.

Barbara Weber, Home Economics, presented a program on clothing for disabled people at the Biennial Convention of the California Home Economics Association in Sacramento.

Frances Parker, Home Economics, participated in the research reporting session at the Biennial Convention of the California Home Economics Association in Sacramento.

Satwant Rihal, Architectural Engineering, discussed "Recent Research into the Behavior of Non-Structural Building Portions and Ceiling Components During Earthquakes" at a recent meeting of the Structural Engineers Association of Southern California in Los Angeles. The meeting was attended by 250 people, including 90 university students from the Southern California area.

David Walch, Instructional Resources, recently served as a member of the Western Association of Schools and Colleges Accreditation Team for the California Institute of Technology, Pasadena.

Robert Hoover, Social Sciences, presented a paper, "The Changing Landscape of Mission San Antonio," at the second annual meeting of the California Mission Studies Association (CMSA) at Mission San Jose in January. He is a member of the CMSA executive board.
Position Vacancies

Vacant staff positions at Cal Poly State University and the Cal Poly Foundation are announced in this column and are posted outside the respective offices. Those interested in learning more about the positions are invited to contact the appropriate dean or department head. This University is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. All interested persons are encouraged to apply.

State

CLOSING DATE: 4-19-85

Equipment Technician I-Mechanical, $1797-$2160/month, School of Agriculture (Farm Shop).

Clinical Aid I, $1133-$1333/month, Student Health Services.

Candidates for positions on the faculty of the university are presently being sought, according to Jan Pieper, director of personnel and employee relations.

Those interested in learning more about the positions are invited to contact the appropriate dean or department head. This University is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. All interested persons are encouraged to apply.

CLOSING DATE: 4-15-85

Lecturers (part-time), salary commensurate with qualifications and experience and will be adjusted to assignment. Metallurgical Engineering, available for the 1985-86 academic year. Department is establishing a pool of applicants for possible part-time positions. Bachelor’s degree in metallurgical engineering and current equivalent industrial experience desirable. Professional engineer’s registration desirable.

Lecturers (part-time), salary commensurate with qualifications and experience, Theatre and Dance. Positions available each quarter dependent upon available resources within the department for the 1985-86 academic year. Subjects in theater include teaching stage lighting, children’s drama, and directing a mainstage production; in dance they include teaching ballet, modern, jazz, folk and social dance and possibly assisting in an annual dance production. Requirements include a Master’s degree in theater or dance (equivalent professional experience also considered) and a minimum of two years successful teaching experience in dance at the college level; in theater, some teaching or directing experience or related theater experience required.

CLOSING DATE: 4-30-85

Lecturers (part-time), salary commensurate with qualifications and experience, Construction Management. Positions may be available Fall, Winter, or Spring Quarters of 1985-86 academic year. Master’s degree in construction management or related field preferred; minimum 5 years experience in construction management required.

CLOSING DATE: 5-3-85

Lecturers (part-time), salary commensurate with qualifications and experience, Speech Communication. Positions available for Summer Quarter 1985 and for Fall, Winter and/or Spring Quarters of the 1985-86 academic year. Probable openings for teachers in communication disorders, phonetics and related subjects. Master’s degree in speech pathology or closely related field required; teaching and clinical experience with children desired. Also, probable openings for teachers of public speaking and critical thinking. Appropriate degree and successful college teaching required; M.A. in speech communication preferred.

CLOSING DATE: 5-15-85

Lecturers (part-time), salary commensurate with qualifications and experience; approximately $7,352-$8,840/quarter, based on 15-unit teaching load with adjustment in accordance with actual number of units assigned, English. Possible part-time position for Fall, Winter, and Spring Quarters of the 1985-86 academic year. Some annual appointments, some quarterly, depending on qualifications, student demand and budgets. Duties include teaching composition. A Master’s degree in English is required; experience in teaching composition is preferred.

Lecturers (part-time), salary approximately $1,514-$1,874/quarter, based on a 4-unit teaching assignment with adjustment in accordance with actual number of units assigned, experience, and progress toward the Master’s degree, English. Possible part-time positions for Fall, Winter, and Spring Quarters of the 1985-86 academic year. Concurrent enrollment in the department’s graduate program is required. Duties include teaching composition. CLOSING DATE: 5-30-85

Lecturer, salary commensurate with qualifications and experience, Theatre and Dance. Available Fall and/or Winter Quarters 1985-86 only. Duties include teaching 12 hours per quarter including beginning acting, children’s drama, and introduction to theater, as well as directing one mainstage production. Qualifications include Ph.D., D.F.A. or M.F.A. in Theatre at time of hiring with a minimum of three years teaching experience in theater at the college or university level.

CLOSING DATE: 6-1-85

Assistant or Associate Professor (tenure track), salary commensurate with qualifications and experience, Theatre and Dance. Available Fall and/or Winter Quarters 1985-86 only. Responsibilities include teaching 12 hours per quarter in dance activity courses and professional preparation courses. M.F.A or Ph.D. degree desired in dance at time of hiring, and a minimum of three years teaching experience in dance at the college or university level.

CLOSING DATE: 8-1-85

Lecturers (part-time), salary commensurate with qualifications and experience, Mathematics. Available for 1985-86 academic year including Summer Quarter 1986. Duties include teaching lower division courses in the department’s service area. Requirements include a master’s degree with work toward Doctorate desirable.

Lecturers (part-time), salary commensurate with qualifications and experience, Mathematics. Available for 1985-86 academic year including Summer Quarter 1986. Duties include teaching one or more lower division courses in mathematics. Candidates must possess a degree in mathematics or an appropriate field. Concurrent enrollment in the department’s graduate program required.
