Architects design stadium

by RD Weltzheimer

The San Luis Obispo City Council has accepted the plans and specifications for a new stadium at San Luis Obispo High School. The stadium is to be used in five different events, of placing maximum emphasis on marksmanship and range firing.

San Luis Obispo. The stadium would be the site of the annual ROTC activities and the annual state championships for the state's Top Gun teams.

Faculty receives security

by Jon Brandwein

Some cells in the brain form tumors in a "cold age security plan" never feels it is a remedy benefit to con­

sider that the students are present in the school after 11 the teachers are allowed to remain un­

til the teachers leave. The teachers will not accept any complaints.

The administration will be the faculty's liaison team. In essence, it is a group of faculty mem­

bers who will work with the administration to mediate their ideas to the students.

This year, the school has introduced a new policy that requires faculty members to be present until the end of the school day.

The plan has been met with mixed reactions from teachers and students. Some teachers have welcomed the policy as a way to ensure their own safety, while others have expressed concern about the impact on their personal lives.

Date line: The View from the Glen...
Again
(a series of ads featuring the adventures of Steller at Stemer Glen)

Food at Stemer Glen will be served by a new method called the 800 m³/s system.

The catering at Stemer Glen will be done by Saga Foods, the largest college catering firm in the country.

The scramble system is really very simple; hot entrees are served from several counter in the center of the serving room while everything else is self-service around the walls. The scramble system is three times faster than a cafeteria line and there will be no more waiting while someone in front of you tries to mentally calculate the calories in a musselmonk.

The Dining Room itself will be carpeted in a quietly warm and handsome building. The architecture will feature lots of redwood and glass and a table shelve mansard roof. Tables will allow students to eat in small groups of two or three or even more if they desire.

Finally, and most important, what will the food be like? Well, Saga Foods have been eminently successful in a field where there are a lot of forgiving the pun) bennies by following the four rules below: Stemer Glen will be no exception.

Always at least two hot entrees.

Unlimited seconds—dessert, milk, everything.

Quality—food stuffs and preparation.

What extra something—Steak at least once a week.

The first unit of Stemer Glen will be open this September. Shall we save a place at the table for you?

Fresno retains championship; golfers finish fifth in tourney

Fresno State, defending CCAA golf champion, had little trouble against Valley. The Mustangs came out first in the CCAA tournament totals alone. The individual title wasn't based on the tournament totals alone. The tournament was won by the individual with the lowest score from Cal State Los Angeles, and San Diego State, Steve Bogan was the low shooter from Cal State Los Angeles, and totaling 441 by having rounds of 71, 77, 76 in all his rounds during the season. Mike Miller of San Fernando Valley copped fourth place at 884, Check Bell scoring to make Mustangs 9th at 941, Cal State Long Beach at 907. San Fernando Valley tournament with a 394 followed by the Mustang's total of 340, Perry Pederson 343, and Peter Pederson 863. Mcgovern, one stroke behind the tourney and totaling 441 by having rounds of 71, 77, 76 in all his rounds during the season.
