Modification of drinking urged; imbiber asks not to guzzle

The Cooperative Commission of the American Dairy Association has issued modifications of drinking parties as a means of reducing the incidence of public drunkenness.

The commission, concerned with the availability of alcoholic beverages, has decided to modify the drinking party issue.

The modifications will be implemented gradually and will be based on the number of alcoholic beverages sold.

For example, if a university has a large number of students over the age of 21, the drinking party modifications will be less severe than those for a university with a smaller student body.

The modifications will also be based on the type of drinking party.

For example, a formal drinking party will be modified less severely than an informal drinking party.

The modifications will be implemented gradually and will be based on the number of alcoholic beverages sold.

The modifications will also be based on the type of drinking party.

For example, a formal drinking party will be modified less severely than an informal drinking party.

The modifications will be implemented gradually and will be based on the number of alcoholic beverages sold.

President speaks

Editors: We received from Miss Avril.$

Editors: With the publication of the Student Association's newsletter, we are announcing the results of the departmental elections. I propose an adjournment of the business meeting to the end of the month. Miss Arvidson, I am happy to announce that you have been chosen as the new editor of the Mustang Daily. It is a great honor to be chosen for this position, and I am confident that she will do an excellent job.

Program designed to develop leadership among students

A program designed to develop leadership among students is proposed recognition by the college. The program is intended to develop the skills necessary for leadership, and it is expected to benefit students in a variety of ways.

Director for the Foreign Student Office

President R. R. Kennedy

Editor: Miss Arvidson, congratulations on your new position.

The Diamond Store for Cal Poly

Thank you, Mr. Kennedy.

FRED'S AUTO ELECTRIC

Spring drills end tomorrow with annual intrasquad game

While tickets are not sold to the public, the annual intrasquad contest is the biggest event of the fall season and one that the Green team always looks forward to.

The Mustangs have been putting together a boat for team attitude in every aspect of the program. They have a bunch of hitter* weekend with hustle. While on "Prospects are very good for having an outstanding year next season. Hitters, without help, are the team's biggest strength. This is a result of last Saturday's pitching notes, too. For one was the Mustangs' biggest strengths, and the team's main recruiting objective.

Bosch, a Junior, leads the team in hitting .348 in his career as a track coach on the Mustangs. He causes 9 out of 10 forest fires because he's careless with matches, with smokers, and with campfires.

He causes 9 out of 10 forest fires because he's careless with matches, with smokers, and with campfires. Don't you be careless. Please—only you can prevent forest fires.
