Minor alterations to administration of university

President Baker has announced minor restructuring of the administration of the university, including the return to the organizational model which provides for a vice president for academic affairs.

In addition, President Baker plans to give the academic vice president the additional title of senior vice president. He or she will act for the president when the president is away from campus.

Provost Fort has announced his intention to step down July 1. It is hoped that an interim vice president for academic affairs will take over on that date. President Baker intends to appoint the interim vice president by April 1 or as soon as possible after that date to provide for a period of transition. In addition, President Baker will ask the individual to take up a full-time position in Academic Affairs to facilitate the organizational change.

The target date for the appointment of a permanent vice president for academic affairs is Jan. 1, 1987.

Baker designates April as Savings Bond Month

President Baker has designated April as U.S. Savings Bond Month at Cal Poly.

During last year’s successful drive, Cal Poly was second among the CSU campuses in the number of new savers, and 10 percent of the new savers systemwide were Cal Poly employees. Only San Jose State signed up more new savings bond purchasers.

Average interest rates on U.S. Bonds between 1982 and 1985 was almost 10 percent. Other advantages are:
- Ease of purchase through payroll deduction.
- Interest exempt from state income taxes.
- Virtually risk-free investment.
- Guaranteed minimum return of 7.5 percent when bonds are held at least five years.
- No fees to buy or redeem bonds.
- Deferral of federal income taxes.
- Liquidity.

During the second week of Spring Quarter, information sessions will be conducted for area representatives and for other employees who seek more information on purchasing bonds.

Packets of information provided by the U.S. Department of the Treasury are available immediately. Contact Mary Smith (ext. 2236), Carol Clifford (ext. 2605) or Jan Pieper (ext. 2844).

Gov. reappoints Hampton to board

Los Angeles educator Dr. Claudia H. Hampton has been reappointed to the California State University board of trustees by Gov. George Deukmejian. A trustee of the 325,000-student system since 1974, Hampton is the first board member ever appointed by three governors. Her new term is for eight additional years.

Until her retirement in 1981, Hampton was director of the Human and School-Community Relations Resource Office of the Los Angeles Unified School District.

Hampton is the first black woman to be appointed to the 24-member CSU board and the first woman to serve as its chairman.

Morgan Collection material used on national TV show

A San Luis Obispo County “home” will be featured on national television next month.

“Pride of Place: Building the American Dream” is an eight-part series beginning later this month on public television. The one-hour programs will examine American architecture in its historical and cultural context. The host is Robert A.M. Stern, a noted architect, teacher and writer.

The third show in the series, “Dream Houses,” will feature William Randolph Hearst’s San Simeon — “a ranch fit for a king.” The program will also include material from The Julia Morgan Collection housed at the Robert E. Kennedy Library.

The program will begin on Monday, March 24 at 8 pm on KQED in San Francisco, with the “Dream Houses” show scheduled for April 7. KCET will show the first episode on Sunday, March 30 at 10 pm, with the San Simeon program set for April 13.

Baker to address Academic Senate

President Baker will discuss strategic planning at the Academic Senate meeting on Tuesday, April 1 at 3 pm in UU 220. All faculty and staff are invited.
Reporting of taxable payments

Faculty and staff are reminded that payments other than regular payroll may be taxable. These payments are not included in the amount reflected on the W-2 forms received by employees, and no other end-of-year notification is provided by either the state or the university.

The number of tax problems experienced by recipients of such payments appears to be increasing. This may reflect an improvement in the ability of the Internal Revenue Service to match the magnetic tape payment reports provided to them by the State Controller with the related tax returns.

Payments may be received directly from the university or from the State Controller. They are normally accompanied by a Remittance Advice or other document. These documents should be retained for tax purposes. A message to this effect is usually printed on the document.

Employees should review any such documents received by them with their tax advisors to determine which payments, if any, must be reported as income.

Academic Senate elections unit seeks individuals

President Baker has requested the Academic Senate Elections Committee to conduct an election for the purpose of selecting individuals to serve on a consultative committee to recommend candidates for the position of Vice President for Academic Affairs.

One tenured faculty member from each of the instructional schools elected by their respective faculties and one tenured member representing librarians and other non-teaching academic employees elected by Professional Consultantative Services need to be selected.

Interested faculty and staff members must be nominated using a petition requiring 10 signatures from faculty and staff members from each school or appropriate area.

At this time the elections committee is soliciting nominations for those interested in serving on the committee. Nominations will close at 4 pm on Thursday, April 3, with the campuswide election occurring the week of April 7-11.

The nomination petitions are available from the Academic Senate Office (FOB 25H). Completed petitions need to be returned to the Academic Senate Office by the April 3 deadline.

Those interested in serving on the committee should consider the possibility that some of the committee's deliberations and interviews may take place during academic holidays or Summer Quarter.

Life Action Singers will perform

A musical production celebrating the joys of the family will be visiting San Luis Obispo for the first time on Thursday, March 27.

"The Family: Holding on for Life," performed by the Life Action Singers, will be presented in the Cal Poly Theatre at 7:30 pm. Admission will be free.

The multi-media event uses music and visuals to discuss issues affecting and changing American families today. The Life Action Singers is a group supported by Life Action Ministries, a Christian revival team based in Michigan.

The event is sponsored by the Fellowship of Active Christian Thinkers, an organization for Cal Poly students.

CSU marks Silver Jubilee

The California State University's 25th anniversary was saluted in presentations by Gov. George Deukmejian and the Legislature to CSU's board of trustees.

Deukmejian proclaimed March 9 through 15 as "California State University Silver Jubilee Week." Trustees, chaired by Roy T. Brophy, received the governor's proclamation at a luncheon in the Capitol with Deukmejian. Later, during a meeting in the Sacramento Convention Center, Senate Concurrent Resolution No. 54 was presented by Sen. Walter Stiern, D-Bakersfield.

Gov. Deukmejian's proclamation and SCR 54 both noted CSU's importance to California, evidenced in its 1.2 million graduates from 19 campuses from Humboldt to San Diego.

In California more than half of all bachelor's degrees, and one-third of all master's degrees, are conferred by the CSU, according to both of the presentations.
