Committee for VP for Information Systems named

President Baker has announced the formation of a consultative committee for the vice president for Information Systems position. Members are David Yang, Joanne Temple, James Strom, James Landreth, Duane Bruley, Robin Grinnell, Harry Hazebrook, Jens Pohl, Dan Williamson, and Ilene Rockman. A student representative was expected to be named at last night’s Student Senate meeting. Jan Pieper and Smiley Wilkins will serve as ex officio members of the committee.

The vice president will be the principal administrative officer for Information Systems operating under the general direction of the president. The vice president will be responsible for the development and implementation of overall campus policy related to Information Systems including the university computer systems and communication networks.

Library book sale will be held April 12

Outstanding bargains in old and new books await buyers at the seventh annual Cal Poly Library Associates Book Sale on Saturday, April 12.

More than 6,000 books, sorted into subjects from agriculture to zoology, will go on sale at 10 am in front of the Robert E. Kennedy Library on the university campus.

The sale will continue on Monday, April 14, and Tuesday, April 15, from 10 am to 3 pm in the courtyard of the library.

Bargain items, including new and used trade, text, and children’s books, both hardbound and paperback, will be for sale at 50 cents per inch. This year's sale is particularly strong in books about business, communications, social sciences, and engineering. Fiction is also featured.

Books have been donated by members of The Library Associates; Cal Poly faculty, staff, and students; and other Central Coast residents. Proceeds from the sale will be used to purchase additional materials for the Kennedy Library.

For more information about the sale or membership in The Library Associates, call the Library's Special Collections Department at ext. 2305.

Ind. Technology reaccredited

The Bachelor of Science degree program in industrial technology has been reaccredited by the National Association of Industrial Technology, the national accrediting agency.

The Cal Poly curriculum was first accredited in 1973 for four years, and reaccredited in 1978 for six years. A one-year extension was granted in 1984, because of major changes in the program, and a move from the School of Engineering to the new School of Professional Studies and Education. The latest accreditation is for the maximum six years.

Planning pioneer Hendricks dies

Francis H. (Frank) Hendricks, 66, a pioneer in the planning profession, and a Cal Poly professor for 14 years, died last month at his San Luis Obispo home. Burial and graveside services will be at 11 a.m., Friday (April 4) at the National Cemetery at the Presidio of San Francisco.

As a professor in the City and Regional Planning Department from 1969 until his retirement in 1983, he played a major role in creating the university’s graduate and undergraduate planning programs.

As chief planner for the Ninth Naval District based in Monterey, he planed a role in the design of Concord and Lemoore Naval Air Stations using an early application of systems theory and methods.

Task force on athletic scholarships

President Baker has named a 14-member committee to look at the funding of athletic scholarships. The committee, with Russ Brown as chairman, will analyze athletic scholarship funding options and the implications and impact of these options.

A deadline of May 15 has been set for the committee to forward recommendations to President Baker. In addition to Dean Brown the members are Andy Higgins, Joe Kennedy, John Rembao, Linda Eberl, John Gilliland, Frank Lebens, Jim Landreth, George Lewis, Al Amaral, Lezlie Labhard, Dwayne Head, Don Valley (member SUMAT board), and Vincent Crooks (president, Cal Poly Football Alumni).
University Singers plan Home Concert

Cal Poly's University Singers, a 51-voice mixed ensemble, will present its annual Home Concert on Friday, (April 4) at 8 pm in the Cal Poly Theatre.

Conducted by Thomas Davies, the University Singers will perform music which represents many different musical styles, including works by Scarlatti, Handel, J.C. Bach, Hildor Lundvik, and John Rutter, and spirituals by Jester Hairston and William Dawson.

The featured works of this year's tour program are the "Te Deum" by Mozart and "Lux Aeterna" by Edwin Fissinger.

Also performing during the Home Concert will be the newly formed Cal Poly Madrigal/Jazz Ensemble. This group of 16 singers will perform a number of English madrigals as well as several pieces in vocal jazz style.

The concert will conclude a five-day tour of Southern California by the University Singers.

Tickets for the Home Concert are reserved and are $4 for the public and $2 for students. They are available at the UU Ticket Office and in downtown San Luis Obispo at Cheap Thrills and Boo Boo Records. Reservations may be made by calling ext. 1421.

The concert is sponsored by the School of Communicative Arts and Humanities, Music Department and ASI.

Cellist Rejto will perform April 11

On Friday, April 11, cellist Peter Rejto will appear in concert as part of the 1985-86 Quintessence Series. Curtain time will be 8 pm in the Cal Poly Theatre.

One of America's leading cellists, Rejto has appeared throughout the U.S. and abroad in hundreds of recitals and concerto performances.

He has been a guest artist at the Mozart Festival in San Luis Obispo, performed with the Dallas and St. Louis Symphonies, toured with "Music from Marlboro," and is a regularly featured artist at the Carmel Bach Festival and the Round Top Festival of Texas.

Equally known as a soloist, chamber musician and teacher, Rejto is also a member of the Los Angeles Piano Quartet and professor of music at Cal State Northridge.

Accompanying him during the concert will be pianist Francoise Regnat. Born in France, Regnat is a graduate of the Paris Conservatory and has studied at Indiana University, where she received an Artist Diploma and the Performer's Certificate. She is also a professor of music at Northridge.

The program for the recital will include Sonata in A Major by Boccherini, Fantasie-Stucke by Schumann, Sonata (1915) by Debussy, Sonata #1 in E Minor Op. 38 by Brahams, and "Suite Populaire Espagnole" by Falla.

Tickets for the concert are $8 for preferred seating, $7 for adults, and $4 for students. All seats are reserved. They will be available at the UU Ticket Office and in downtown San Luis Obispo at Cheap Thrills and Boo Boo Records. Reservations may be made by calling ext. 1421 between 10 am and 4 pm on weekdays. The concert is sponsored by the Center for the Arts and the Music Department.

Animation festival set for April 12, 13

The International Animation Festival World Tour: 1986 will premiere at Cal Poly on Sunday, April 12 and 13, in the Cal Poly Theatre.

The festival includes 15 animated films from the U.S. and abroad that will be presented at each of the five scheduled performances.

Showtimes are 7 pm and 9:20 pm on April 12, and 4, 7, and 9:20 pm on April 13. Each showing will last approximately two hours, with the average length of each film being six minutes.

The animation festival will delight all audiences, but parents are cautioned that most of the films are of a more complex nature than the Gumby cartoons, one of which is included in the festival, and may not be as entertaining for some children.

Presented will be the best in classic animation as well as some of today's most exciting new "computer" animation.

Among the films being shown will be "The Great Cognito," an Academy Award nominee in 1982; from Canada the thought-provoking "Every Child," which won an Academy Award in 1979; and the computer graphics film "Revelation," winner of the Silver Plaque at the 1983 Chicago International Film Festival.

In addition, two "pencil test drawing" films from The Disney Studio (the "Bug" and "Bubba") will be shown. Pencil tests are drawn prior to starting color gels to make sure that the concepts "work."

All seats for the festival are $4.50 in advance and $5 at the door. Tickets are available at the UU Ticket Office, and at Cheap Thrills and Boo Boo Records in downtown San Luis Obispo. Reservations can be made by calling ext. 1421 between 10 am and 4 pm on weekdays. The festival is sponsored by the Center for the Arts, ASI, Fine Arts Committee, and Pioneer Pacific Entertainment.
Pianist, composer to perform Apr. 6

Pianist, flutist, and composer Scott Cossu will be at Cal Poly on Sunday, April 6. His performance will begin at 7 pm in Chumash Auditorium.

The Windham Hill artist, whose latest album, "Islands," introduced jazz to the recording label last year, will be performing solo pieces which integrate his diverse musical traits.

Advance tickets, priced at $5.50 for students and $6.50 for adults, are available at the UU Ticket Office and at Cheap Thrills and Boo Boo Records in San Luis Obispo. Prices will be $1 more at the door. The concert is sponsored by the ASI Fine Arts Committee.

Pro wrestling returns to gym April 9

Pro wrestling returns to the Cal Poly gym on Wednesday, April 9, with International Pro Wrestling champion Chief Jay Strongbow Jr. facing "Wildman" Jack Armstrong. A number of other matches are scheduled.

The competition begins at 8 pm. Tickets are $9 for ringside, $7 for general admission, and $5 for students and children under 12. They are on sale at the UU Ticket Office, Cheap Thrills and Boo Boo Records. Tickets will also be available at the door.

The program is sponsored by International Pro Wrestling and the Athletics Department.

Student-built off-road vehicles to race April 16-19

Student engineers from the United States and Mexico will put their self-built, off-road vehicles to the test in a 1986 Mini-Baja West at Cal Poly April 16-19.

This will be the first time the Cal Poly chapter of the Society of Automotive Engineers has hosted one of the national "Mini-Baja" events inspired by the professional endurance races in Baja, CA. Twenty-nine teams have entered the five-part competition.

After registration on Wednesday, April 16, competition begins on Thursday, April 17, with static judging that can earn a car 300 of the 1,000 points possible for the entire event. Vehicles are inspected for competition requirements, design, presentation, safety, and cost.

On Friday, April 18, teams will compete in a drag race, hill climb, and maneuverability run, all on the Cal Poly campus. Each will be worth 100 points in the final scoring. The events will be held in three sessions lasting from 9 to 11 am, noon to 2 pm, and 2 to 4 pm.

The ultimate test is a four-hour endurance race scheduled for 9 am on Saturday, April 19, at the Santa Maria Spillway Park. It will be worth 400 points.

The purpose of the Mini-Baja is to give engineering students a real-world problem in designing and building an actual vehicle under real-world conditions.

The rules require that students, with no direct faculty help, build a single-seat, off-road vehicle with an 8 h.p. engine, designed for sale to the general public at a projected price of no more than $1,750 each for an imaginary production run of 4,000 vehicles a year.

‘Visual Poems’ exhibit set

"Visual Poems," an exhibition of works by Karl Kempton, will be on display through April 30 in the back gallery of the Robert E. Kennedy Library.

The display will feature a large number of individual designs in addition to books, magazines and covers dealing with the specialized field of visual poetry.

Kempton describes his intricate compositions, done entirely on a typewriter, as the "wedding of language to image." He takes his inspiration from such precursors of written language as ancient prayers, chants, sacred songs and spells. Indian hieroglyphs and petroglyphs, which he calls "glifs," surface in his works, as do characters found in Islamic calligraphy.

YMCA offers discounts for swim lessons

The San Luis Obispo YMCA is offering swimming lessons for children and adults. There is a special discount for Cal Poly employees.

The next swim sessions (on Saturdays) run from April 5 through May 31. Programs are set for 9 and 10 am. Another series (on Monday and Wednesday evenings) takes place from 7:15-8 pm.

For information please call Janis at the Y, 543-8235.

Wellness Decathlon set for April 8

A Wellness Decathlon will be held on Tuesday, April 8, in the UU Plaza from 10 am to 3 pm. Fourteen stations will be available to faculty, staff and students interested in assessing physical, social, emotional, and intellectual health.

All programs are free. For more information contact the Health Center at ext. 1211.
Students honored for community service

President Baker recently presented awards to students and organizations in recognition of outstanding community service.

The individual award for continuing service to a single project was given to Denise Addington, a graduate student in counseling.

Addington has worked with Special Olympics in a variety of capacities for the last three years. She serves on the Games Committee which plans the annual area meet and has served as a coach and chaperone for Special Olympics athletes.

Honorable mention was awarded to William Proll, a senior political science major, who has volunteered over 1,500 hours of service since September 1984 as a reserve officer with the San Luis Obispo Police Department.

The individual award for continuous, broad-based service was given to Tina Metzger, a senior landscape architecture major.

Metzger helped the Atascadero Historical Society with fund raising and educational events and organized the San Luis Obispo County cultural activities surrounding the annual Mozart Festival.

She also served as a member of the Atascadero Architectural Standards Advisory Committee and organized the donation of student-made toy models to migrant children in south San Luis Obispo County.

Honorable mention was awarded to Colleen Kramer, a senior child and family development major. Kramer is president of Student Community Services, a Cal Poly student-run program for community volunteers.

She also works as an intern at the Equal Opportunity Commission’s Child Care Resource Center in San Luis Obispo and has established a county-wide child care group for school-age children.

The group award for outstanding service to a single project was given to the Cal Poly student chapter of the Associated General Contractors. The group performed construction and repair work at the Rancho de los Animales for the disabled in Nipomo.

Honorable mention was awarded to SCARAB, a society of Cal Poly architecture and environmental design students. The group redesigned and constructed the outdoor patio area of a housing complex for the elderly.

The group award for continuing history of service was given to both the Circle K Club and to the Newman Catholic Fellowship.

Circle K, a service organization affiliated with Kiwanis, was cited for its work at Rancho de los Animales and for helping with Disability Awareness Day at Cal Poly.

The club has also been involved in projects at the Dalidet Adobe historical site in San Luis Obispo, the Camp Fire camp near Paso Robles, and a home for elderly people.

Newman Catholic Fellowship was cited for its service to People’s Kitchen in San Luis Obispo, Atascadero State Hospital, Hacienda-Hill Haven Convalescent Center in San Luis Obispo, and to shut-in elderly persons.

Students looking for projects

The ASI is in need of individuals and community organizations that could use some help from student workers.

Saturday, April 12, will mark the third annual Good Neighbor Day, when students representing the university’s 350 student clubs and organizations do odd jobs for the needy.

Organizers are now looking for projects to assign to the expected 600 volunteers. Ideal projects are those that would take two or more people from one to three hours to complete. Examples include simple home repairs, maintenance chores, clean-ups, small yard projects, moving, or washing cars.

The students will provide the labor. Those receiving assistance must furnish materials, supplies, and any tools needed for their project.

Good Neighbor Day was organized three years ago to call attention to the assistance university students give to the community’s needy throughout the year. It also gives students a means of repaying the community for all it has provided the students.

To register a work request, individuals or groups should call the Cal Poly ASI Office, at ext. 1292 between 8 am and 4 pm on weekdays through Tuesday, April 8.

Chicano art topic of talk

A Stanford University professor will be the featured speaker today in the opening program of the Spring Quarter in the 1985-86 Arts and Humanities Series.

Dr. Tomas Ybarra-Frausto will examine "Chicano Art: An Alternative 'California Vision'" at 11 am in UU 220. The program is part of the "California Vision" series sponsored by the university’s School of Communicative Arts and Humanities.

The illustrated slide show will explore aspects of contemporary Chicano art from California within a social context. "In form, style and content, Chicano art projects a cogent and alternative view of the 'California Vision,'" says Ybarra-Frausto.

The Stanford professor notes that in California the Mexican Americans/Chicanos make up 20 percent of the population, yet remain effectively "other."

"Marginalized as exotic foreigners or integrated within the region’s Hispanic ‘fantasy heritage,’ Chicano contributions in art, music and literature remain largely unknown," he says.
German deputy consul will speak April 10

Dr. Klaus Rupprecht, deputy consul general in Los Angeles for the Federal Republic of Germany, will discuss "Some Current Problems of West Germany as a Post-Industrial Society," on Thursday, April 10, at 11 a.m.

The talk, to be held in UU 220, will also explore aspects of German-American relationships. It will be sponsored by the Foreign Languages Department.

The German official previously held posts in China, NATO-Europe, and Latin America. He will also answer questions.

Local walk will aid the hungry

A 10-kilometer walk will help the hungry of the country and of San Luis Obispo when a coalition of Cal Poly student organizations sponsors a hunger walk on Saturday, April 12.

The walk-a-thon will begin at 9 a.m. at the Cal Poly Theatre lawn. The walk will take participants through downtown San Luis Obispo and circle back to end at the theatre.

Money raised through pledges will go to various groups dedicated to helping the hungry of America. Seventy-five percent of the funds will be donated to national organizations, and the remaining 25 percent will be distributed locally to Grassroots II and the People's Kitchen.

Individuals interested in taking part in the walk can obtain sponsor sheets by contacting Father Scott Sorensen at 544-2133 or Dave Smiley, 544-3710. Sponsors of the walkers will be asked to pledge an amount for each kilometer completed.

The hunger walk is being staged by the Canterbury Club, Latter Day Saints Student Association, Lutheran Students Association, Newman Catholic Fellowship, Wesley Foundation, and Westminster Fellowship. All are affiliated with the ASI.

Trustees endorse State Prop. 51

The board of trustees of The California State University took the following actions at its March 11 meeting.

• Endorsed State Proposition 51, the initiative statute on multiple defendants liability for tort damages, on the June ballot.
• Amended the Standing Orders of the Board to delegate authority to the chancellor to take positions on pending legislation on behalf of the board of trustees.
• Approved the five-year Academic Master Plans for the campuses, covering the years 1986-87 through 1990-91, as the basis for facility master planning.
• Amended the State Funded Capital Outlay Program to request additional funding for preliminary plans and working drawing funds of $268,000 (from $160,000) for Cal Poly's remodel of Engineering East.

Statistical consulting service offered

The Statistics Department provides a statistical consulting service to the university to facilitate research design and data analysis in a wide variety of disciplines. This service will continue during Spring Quarter.

Dr. Robert K. Smidt will be serving as the main consultant. He is available to help in design and analysis of faculty and student research projects. In addition, he will be available to lead seminars or tutorials on requested topics and offer advice on various computer packages currently available at Cal Poly.

If there is some special area concerning statistical inference that is of interest to a group in your department, feel free to contact Prof. Smidt to arrange possible lectures on that subject.

Faculty members or students interested in utilizing the consulting service are encouraged to contact Prof. Smidt at 204 Computer Science or call ext. 2001 or leave a message at ext. 2709.

Walk-in consulting hours are from 2:10-3 pm on Mondays; 1:40-2:30 pm on Tuesdays; 3:10-4 pm on Wednesdays and 2:10-3 pm on Thursdays. Appointments may be scheduled by calling during walk-in consultant hours or during office hours for students.

Office hours for students are from 3:10-4 pm on Mondays; 2:30-3 pm on Tuesdays; from 2:10-3 pm on Wednesdays and 1:40-2:10 pm on Thursdays.

Hewlett-Packard gift aids school

The School of Business will be able to open a second microcomputer laboratory thanks to a gift from the Hewlett-Packard Corp.

The company's grant of more than $75,000 worth of equipment brings to $150,000 the amount that Hewlett-Packard has donated to the Cal Poly school over the past three years.

The donation includes 25 Hewlett-Packard Vectra microcomputers, and other accessories. Lloyd Taylor, director of corporate information systems for Hewlett-Packard, said, "I can't imagine any other institution where such a grant will be more productively utilized."
Topics announced for Academic Program awards

The Chancellor’s Office has recently sent final guidelines to the campuses for the 1986-87 Academic Program Improvement competition. The categories of support for proposals are:

1. Internationalizing Undergraduate Education — (Maximum request is $10,000. Each campus may submit only one proposal in this category.)
2. Involvement in Learning — (Maximum request is $10,000. Each campus may submit a maximum of three proposals in this category.)
3. Program Development — (Maximum request is $40,000 for General Education or $30,000 for specific disciplines. Each campus may submit one proposal for each of the two categories.)
4. Intercampus Grants — (a) Cross Cultural Perspectives in the Curriculum: Maximum request is $20,000. (b) Research in Action: Maximum request is $10,000. (Campus may submit one proposal for each of the projects in this category.)

Complete guidelines are available from the offices of the school deans or from the Research Development Office.

Because the campus is limited in the number of proposals it can submit, those intending to write a proposal must inform the Research Development Office in writing by April 15. Final proposals must be forwarded to the Chancellor’s Office early in May.

Spring Quarter ‘Books at High Noon’ program

Books at High Noon has a varied menu for the Spring Quarter.

Linda Halisky, English, will open the series on April 9, reviewing *When in Florence* by Richard Cortez Day.

She will be followed on April 16 when Glenn Wight, Chemistry, looks at *Yeager, an Autobiography* by Chuck Yeager and Leo Janos.

Peggy Lant, English, will be the reviewer on April 23. A week later (April 30) *Take Care of Your Heart: The Complete Book of Heart Facts* by Ezra A. Amsterdam and Ann M. Holmes will be reviewed by Rudy Dressendorfer, Physical Education.

The final critic will be Barbara Hallman, History, who will talk about her new book *Italian Cardinals, Reform, and the Church as Property: 1492-1563*.

This outreach program of the Robert E. Kennedy Library is held Wednesdays in the Faculty/Staff Dining Room beginning at 12:15 pm. Faculty, staff, students, and guests are welcome.

More computer short courses

Spring is the time to update your computer skills, and the Instructional Support Group (ISG) of Computer Services will offer a number of computer short courses during the Spring Quarter. (A complete list of the courses was included in the 3-20-86 issue of Cal Poly Report.)

For more information please call the ISG at ext. 2516.

Faculty Vacancies

Candidates for positions on the faculty of the university are presently being sought, according to Jan Pieper, director of personnel and employee relations. Those interested in learning more about the positions are invited to contact the appropriate dean or department head. This university is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. All interested persons are encouraged to apply.

CLOSING DATE: 4-30-86

Lecturers (part-time), salary commensurate with qualifications, experience: approximately $8,056-$9,688/quarter, based on 15-unit teaching load with adjustment in accordance with actual number of units assigned, English. Possible part-time positions for Summer, Fall, Winter and Spring Quarters of the 1986-87 academic year. Some annual appointments, some quarterly, depending on qualifications, student demand and budgets. Duties include teaching composition. A Master’s degree in English and experience in teaching composition are required.

Lecturers (part-time), salary commensurate with qualifications, experience: approximately $1,660-$2,053/quarter, based on a 4-unit teaching assignment with adjustment in accordance with actual number of units assigned, experience, and progress toward Master’s degree, English. Possilbe part-time positions for Summer, Fall, Winter and Spring Quarters of the 1986-87 academic year. Duties include teaching freshman composition. Concurrent enrollment in the department’s graduate program is required.

Lecturer (full-time), salary commensurate with qualifications and experience (approximately $24,168-$29,064/academic year), English, 1986-87 academic year. Non-tenure track position dependent on special state funding. Approximately half-time as University English Placement Test coordinator and half-time as writing teacher. Knowledge of EPT practices and procedures helpful.

Lecturer (full-time), salary commensurate with qualifications and experience, Agriculture, as leave replacement for 1986-87 academic year. Primary responsibilities include U.S. history survey and an upper-division course in area of specialization. Secondary area in world history or area studies would enhance employability for teaching of upper-division general education courses in 20th century world history. Ph.D. in history and teaching experience in higher education required.

Lecturer (full-time), salary commensurate with qualifications and experience, Philosophy, available Summer Quarter 1986. Duties include teaching up to five sections of critical thinking. Minimum qualifications: M.A. in philosophy and recent experience teaching the subject. Apply to Professor Lascola, Philosophy Department.

Lecturer (full-time), salary commensurate with qualifications and experience, Philosophy, available Summer Quarter 1986. Duties include teaching courses in agribusiness marketing management, agricultural sales, agricultural communications/marketing strategy, agricultural economics, agricultural policy, and agricultural computer applications. Master’s degree in an agricultural management area is minimum requirement; doctorate preferred as well as significant agribusiness industry experience.

CLOSING DATE: 6-1-86

Assistant Professor, salary commensurate with qualifications and experience, Food Science and Nutrition, full-time, tenure-track position starting Sept. 15, 1986. Duties may include, but are not restricted to, teaching courses in unit processing operations, plant management, statistical quality control, food engineering and packaging, and supervision of undergraduate senior research activities and enterprise projects. Collaborative research activities are encouraged. Qualifications: Ph.D. in food science or food engineering. Candidates should have a primary interest in teaching. Preference may be given to applicants having recent industry experience in food processing engineering with a proven ability to teach at the undergraduate level.

CLOSING DATE: 9-1-86

Associate Professor/Professor, Industrial Technology. Full-time, tenure-track position beginning September 1986 or January 1987. Applicant must be willing and qualified to accept position of department head if so appointed beginning January 1987. Primary teaching fields are electrical and mechanical systems and professional courses. Minimum of five consecutive years industrial experience at professional/management level. Doctorate in business, engineering, industrial/technical education, a physical science or related field preferred. Teaching experience at post-secondary level preferred. Applicants enrolled in ongoing doctoral programs will be considered.

CLOSING DATE: 4-18-86 or until filled

Lecturers (part-time), rank and salary commensurate with qualifications.
and experience, Electronic and Electrical Engineering. Possible part-time positions available for Summer, Fall, Winter or Spring, 1986-87. Who, What, Where, When

Donna P. Duerk, Architecture, has been elected to serve on the nine-member board of directors of EDRA (Environmental Design Research Association). This is a three-year term commencing in April. She coordinated the EDRA annual conference in 1984 at Cal Poly.

Donald R. Floyd, Social Sciences, has published an article, “The Gota Canal,” in The Dictionary of Scandinavian History. It was published by Greenwood Press.

George Brown, Ag Engineering, was the guest lecturer at a San Luis Obispo workshop on Agricultural Accident Rescues.

Eric Johnson, Art, has had two photographs from his series “Duskwork” selected for inclusion in the exhibition “New American Talent” sponsored by the Texas Fine Art Association. One of the pieces received a cash award designated by Juror Peter Plagens.

Michael Fahs, Speech Communication, was elected to two offices of the Western Speech Communication Association at its annual conference in Tucson. He is now vice chairman of the Communication and Law Interest Group and will succeed to Chairman for 1986-87. He was also elected to a three-year position as the Reviewer/Critic for all research submissions to the Organizational Communication Interest Group.
