Sonoma rancher gives Appaloosa stallion; horse to be used for breeding purposes

He was wired by Red Eagle PRESS, a national newspaper, to be a reserve stallion for the American Press Association. He was sired by the American Horse Association, Inc., and was classified under the reserve category for horse stallions under 6 years old.

At the time, Redwood's stallion was the first Appaloosa in the college's horse herd of 60 Thoroughbred and Quarter horses.

As a result, the horse will be used to expand the college's breeding program and to establish a stallion stud that will be available to students for research and academic purposes.

**Army gives rank posthumously**

The rank of the deceased soldier was posthumously awarded in recognition of his service and sacrifice.

**Judges pick 5 to vie for queen**

The judges selected five candidates to compete in the upcoming pageant. The pageant will be held on the evening of the announcement.

**Aero Wives Club**

The meeting of the Aero Wives Club will be held on a specified date and location. Details will be announced at the upcoming meeting.

**Imitation milk offers challenge for dairymen**

The challenge is open to dairymen to test the quality and production of imitation milk. Instructions and entry forms will be provided by the college's Dairy Science Department.

**COMMISSION AWARD**

The commission award recipients will be honored in a ceremony to be held at the college. Details will be announced at a later date.
Intramural sports are underway this week with a variety of activities available to all students.

Intramural activities will continue through the end of the month, with a variety of events scheduled. Some of these events include a debate tournament, a soccer game, a tennis match, and a basketball game. All students are encouraged to participate in these activities.

The debate team has been newly formed and is looking for interested students to join. The team meets every Thursday at 7 p.m. in the Debate Room. Anyone interested in participating is encouraged to attend.

Intramural sports are a great way to stay active and have fun with friends. So come out and join in on the fun!
British style teaching lecture begins series

ON CAMPUS

Earl Ford will give the first in a new series of lectures on "The British Style" on Monday, October 10, at 8:00 p.m. in the auditorium in the school building.

Mr. Ford, who is head of the British branch of the British Council, will lecture on "The British Style in Art" and "The British Style in Literature." The lectures will be given in English and will be followed by a discussion with the audience.

Mr. Ford has been a journalist and literary critic in London and has written extensively on British culture. He is a member of the British Council and has been involved in the promotion of British culture in the United States.

The lectures are open to all students and will be followed by a reception in the school's art gallery.

Kennedy opens meeting

"Many people put the wrong ideas into a school," said Robert S. Kennedy, Jr., today at a meeting of the faculty at Cal Poly.

"You're constantly exposed to new fields and new ways of thinking. It's a great place to work," said Kennedy.

Kennedy is a member of the faculty at Cal Poly and has been involved in the school's development for many years.

Aerial survey class

"We're going to be able to solve your problem," said John Smith, professor of aeronautical engineering.

"The aero survey class will be a great help in your studies. We're going to be able to give you a lot of input on the problem." Smith is a member of the faculty at Cal Poly and has been involved in the development of the school for many years.

Grad bombs Cong

"I'm going to bomb the graduates of今年's class," said John Smith, professor of aeronautical engineering.

"I'm going to bomb the graduates of this year's class," said Smith.

Smith is a member of the faculty at Cal Poly and has been involved in the school's development for many years.

Engineering and Science at IBM

"The interdisciplinary environment keeps you technologically hot."

"The interdisciplinary environment keeps you technologically hot," said Nick Donofrio, an Associate Engineer at IBM.

Donofrio is a 1967 graduate in Electrical Engineering and is currently working on a project in Thailand.

"I'm using my technical background to design circuits for computer memory systems," said Donofrio.

"I'm using my technical background to design circuits for computer memory systems," said Donofrio.

Donofrio describes the project as a "great opportunity to work in a cutting-edge field."

Swat by Pomona, 15-49

Harriers beat Fresno

Giving it a team effort, the Pomona Harriers once again managed to shut out Tech, winning 4-15, in the rammy, fifth game of the season under Coach September.

Tech took the lead in the first two minutes on a goal by Andy Hall. Pomona then dominated the game, playing sterling defense and scoring four goals in the second period.

Soccer team faces tough openers

The Pomona soccer team is facing a tough schedule this season. The team will face several strong opponents, including Cal Poly Pomona, Cal State Fullerton, and Cal State Long Beach.

Mormon deal double losses by top teams

"They were the best teams" was the comment of Coach M. after last week's games against BYU and Harvard. The team lost both games, 8-1 and 1-0, respectively.

Encouraged by first game—Lee

The Pomona Mustangs were encouraged by their first game against Cal Poly Pomona, winning 1-0. The team played well, scoring a goal in the first half and holding on for the victory.

Building a way to victories in the first three matches of the season on a 1-2 record, which was recognized in the end result, by Pat Veranda, assistant coach.

Paul Ramsey returned to the team after a three-month absence due to injury, but his return did not prevent the Mustangs from falling to a 0-2 record in the season opener.

The game was an exciting one, with both teams putting up a good fight. The Mustangs were able to hold off a late comeback effort by the visiting team, sealing the victory for Pomona.

The win gave the Mustangs a good boost of confidence and set the stage for the upcoming matches. The team is looking forward to facing more strong opponents and improving their performance in the upcoming games.
