Poly Royal security

All Cal Poly faculty and staff are reminded of the importance of being concerned for the security of university facilities. Poly Royal will begin at 10 am on Friday morning (April 23) and will continue until Sunday morning. As all are aware, the event is basically a student-planned and student-managed activity, but it is also this university’s official “open house” to the general public. With thousands of visitors on campus, security of facilities and equipment is particularly difficult.

Department heads should request from faculty or staff volunteers to serve for short periods of time as additional security help. The volunteers would be most helpful in making equipment and facilities more secure.

Any suspicious actions, such as “proposed” movement of equipment by other than properly identified and authorized personnel, should be questioned on the spot and reported immediately to the University Police Department, Ext. 2281.

However, the assistance of departments in providing adequate manpower for each departmental area during the hours when facilities are open to the public will minimize the security risk. When departmental areas are to be closed after Friday and Saturday visitations are concluded, personnel on duty should take special care to see that all visitors are out of the facility before the area is vacated and locked by department personnel.

Restricted parking for Poly Royal

University employees who will be parking on campus during Poly Royal on Friday and Saturday, April 23 and 24, will need either their employee identification cards or special passes issued by the Poly Royal Board to gain access to campus core parking areas after 8 am on both days. Chris Seymour, director of transportation and security for Poly Royal, said the revised arrangements for campus access are being made in response to problems experienced during recent Poly Royals. Barricades will be located at the Grand Ave. and Highland Dr. entrances to the central campus.

Thoroughbred brings record sales price

The Thoroughbred Project of Cal Poly set a new sales record at the California Thoroughbred Breeders Association sale when a two-year-old chestnut colt, The Judge’s Bag sold for $38,000.

The program offered eight two-year-old Thoroughbred racing prospects at the Hollywood Park sale March 20-25 and all eight sold, for a total of $109,500.

The price paid for The Judge’s Bag, by Traffic Beat out of Lot o’ Interest, broke the previous record of $36,000 paid for a 1981 prospect, Miss Audrey.

Three of the two-year-olds, including The Judge’s Bag, were university raised while four were bought as yearlings and one was on consignment from Dr. James Buell of Rancho J onata.

The herd of Thoroughbreds, as well as a herd of Quarter Horses, are maintained by the university to support a series of courses in horse management, part of the Animal Science Department curriculum.

Students are given the responsibility of exercising, training and caring for the young Thoroughbreds in preparation for the Hollywood Park sale.

Since Cal Poly began participating in the sale eight years ago, 90 percent of the horses sold have been starters and 77 percent have been winners. The list is topped by Poly Host, sold at Hollywood Park in 1977 for $1,400 and now with current earnings of over $111,000.

The Cal Poly Thoroughbred horse program was established in 1941 at the urging of the California Thoroughbred Breeders Association, which donated the foundation mares for the university herd. The program is currently overseen by Roger Hunt, university horse specialist.

Deadline April 29 for proposals/grants

The Chancellor’s Office has just extended the call for Academic Program Improvement proposals for 1982-83 in the areas of (a) academic excellence in high school preparation and (b) academic excellence in undergraduate curriculum. Details regarding the grants and the application process are included in materials that have been forwarded to the office of school deans. The local application deadline is April 29.

The application deadline for the submission of the Inter-campus Grant applications announced in the April 1 issue of Cal Poly Report has been revised to April 29. Applications should be submitted to the Office of the Vice President for Academic Affairs.

Additional information can be obtained by calling Frank Lebens (Academic Programs) Ext. 2051.
THINK SAFETY!
On The Job Site

Safety classes for equipment operators

CAL-OSHA requires that all operators of farm equipment be instructed in its safe operation through an initial safety program session followed by a yearly update session. All persons who plan to operate equipment, including forklifts, from the Farm Shop are required to attend the session Friday (April 16). Those people who attended one of the initial safety program sessions in 1981 can attend the yearly update session from 1:15-1:45 pm. New operators can attend the initial program session from 1:45-3:30 pm. The safety program sessions will be held in Agricultural Engineering Shop 6. This will be the only program held in Spring Quarter.

Which accounting?

Many persons on and off campus are not aware of the difference between the Accounting Offices and Accounting Department on campus. As a result, mail and phone calls often are directed to the wrong office. Please note the following for future reference.

ACCOUNTING OFFICE - STATE: The services offered through state accounting are: Accounts Payable, Ext. 2291; Accounts Receivable, Ext. 2293; Student Accounts, Ext. 2773; Accounting for Housing, Ext. 2812; General Ledger & AEL, Ext. 2256. Note that each has their own telephone number. The offices are located in the Administration Building. When in doubt as to which State Accounting service is needed call Ext. 2291.

ACCOUNTING OFFICE - FOUNDATION: The services offered through Foundation Accounting are: Accounts Payable, Ext. 1454; Accounts Receivable, Ext. 1125; Cashier’s, Ext. 2849; Payroll, Ext. 2451; Purchasing, Ext. 2218; Sponsored Programs, Ext. 1123; and Student Enterprises/Travel, Ext. 2423. Note that each has their own phone number. The offices are located in the University Union. When in doubt as to which Foundation Accounting service is needed call Ext. 1451.

ACCOUNTING DEPARTMENT: This is the academic department under the School of Business, where students are taught accounting. It is located in Business Administration and Education 101 and the telephone number is Ext. 1834. When sending on campus mail, please designate by Accounting Office - State; Accounting Office - Foundation; or Accounting Department.

FIRE SECTION PRAISED

'Thank you for my life'

"I was the emergency. I want to thank your department staff for being the quick expert resource that they are, and for having saved my life." Those are some of the words a Cal Poly support staff employee used in a letter expressing her appreciation for the treatment provided by staff of the University Fire Section early last month.

A fire apparatus engineer and two student firemen, all certified emergency medical technicians, responded to a "person down" call from the Home Economics and Mathematics Building.

On arrival, they found the victim unconscious, only to have her stop breathing before the ambulance could arrive. After restoring her breathing, she was taken by ambulance to a San Luis Obispo hospital where a doctor identified her problem as an anxiety attack.

"I was prone to take this lightly until I was informed by the doctor that people can die of such attacks. I don't take the event lightly any longer, or the life saving treatment I received from your staff. How does one say thank you for their life. I guess they just say it 'Thank you for my life,'" she concluded.

Part of the Public Safety Department, the Fire Section is believed to be one of only two such units on a college or university campus in California. In addition to Capt. Carmon Johnson, the section has a complement of four apparatus engineers and 15 trained and certified student firemen.

The section responds to all fire and medical emergencies reported on campus 24 hours a day, seven days a week throughout the year.

Surplus equipment

Faculty and staff are invited to inspect various items of surplus equipment, currently in storage at the State Warehouse, for use in their department. This does not include items previously designated as Instructional Replacement equipment.

Equipment will be transferred on a first-come basis to the requesting department's inventory. The department is responsible for moving all items and April 30 is the deadline for all transfers. All remaining items will be sold at the Surplus Sale on May 10, 1982.

Inspections may be made at the State Warehouse (Bldg. 70) from Monday (April 26) through Friday (April 30) between 8 a.m. and 3 p.m. For further information, contact the Property Office, Ext. 2570.
Who, What, When, Where

M. LeRoy Davis, Head, Agricultural Management, plus Jack Scott, John Rogalla, Robert McCorkle, Douglas Genereux, Gaylord Chizek, James Ahern, Martin Vix, and H. Clay Little, all Agricultural Management, participated in a professional conference held at the University of Santa Clara on March 5-6. Topics of presentations included: Uses of Micro Computers in Agricultural Production, Accounting, Finance, and Commodity Trading; Susy-Bel Case Study, and Developments in Agricultural Labor Relations. Agricultural economists from Fresno State University, Chico State University, University of Santa Clara, Cal Poly Pomona, Cal Poly, San Luis Obispo, and University of Nevada-Reno participated in the conference.

Habib Sheli and Gloria Jameson, English, attended the Annual Conference of California Teachers of English to the Speakers of Other Languages held in Sacramento March 12-14.

Satwant S. Rihal, Architectural Engineering, participated in the meeting of U.S. Advisory Committee of the U.S.-India Joint Research Program on strengthening of low quality masonry buildings to withstand earthquakes, held on Saturday, Feb. 27, during the 1982 EERI Annual Meeting in San Francisco.

Donald Floyd, Social Sciences, has been appointed to a three-year term as Cal Poly’s representative to the CSU Academic Council on International Programs, starting with the 1982-83 academic year.

D. Jan Duffy, Business Administration, presented a paper and led the discussion on employee privacy at the Midwinter Meeting of the American Bar Association Committee on “Individual Rights and Responsibilities in the Workplace” in Denver, Feb. 22.

Lockley Geoghegan, EOP, Ken Barley, Activities Planning and Carl Wallace, Student Affairs, gave a presentation at the California Personnel and Guidance Association convention at San Francisco on Feb. 14. The topic of their presentation was “Creating a Process for Developing Goals, Objectives and Priorities within Established Timelines.”

Bill Michaud, Agricultural Education, participated in a Computer Seminar sponsored by U. C. Cooperative Extension at Orland, California, on March 16. He presented the program titled “The Computer—Exposed and Illustrated” and a hands-on demonstration of software. Participants included county growers and ranchers as well as industrial representatives and educators.

Joseph Sabol, Agricultural Education, attended the California Community College Placement Association’s Annual Conference held in Newport Beach on March 13, 1982. He conducted a workshop titled “Training/Teaching is More than Telling.” Workshop participants included Community College Placement Personnel and recruiters from major industries in Southern California.

Michael G. Silverstri, Chemistry, had an article titled “Enol Carbonates: Weakly Nucleophilic Precursors of Site-Specific Enolates” published in Tetrahedron Letters 23, 7, 1982. This article was written in conjunction with S. Danishefsky and M. Kahn at Yale University.

David L. Englund, Child Development and Home Economics, was invited to deliver two presentations titled “Step-Parenting: A Shared Responsibility” and “Pitfalls and Successes for Merged Families” at the Santa Barbara City Library on March 4 and March 11. The presentations were sponsored by the Family Service Agency of Santa Barbara and were attended by psychologists, psychiatrists, social workers and other professionals as well as being open to the public.

Lynn Jamieson, Tom Lee, Robert Meyers, and Carolyn Shank, all Recreation Administration, attended the California Park and Recreation Society Pacific Southwest Conference in Sacramento on March 4-8. Dr. Meyers completed his term of office as President of the Educators section by chairing the California Park and Recreation Educators meeting. Dr. Jamieson presented a commercial recreation portion of a panel discussion on Educational Trends; Paradise vs. the Real World.

Eric Johnson, Art, had two prints from his new series “Abandoned Highways” selected for inclusion in the 1982 U.S. Biennial, a national juried photographic exhibition. The exhibition extends from April 11 to May 15 at the Museum of Art, University of Oklahoma.

Meyers, as president of the Society, chaired the educators’ session. Jamieson was also a panelist in a session, “Educational Trends: Paradise vs. the Real World” regarding trends in commercial recreation.

Lark P. Carter, Dean, School of Agriculture and Natural Resources, has received an appointment to the International Science and Education Council (ISEC) Standing Committee on Technical Assistance representing the American Association of University Agricultural Administrators.

Victor Kamhl, City and Regional Planning, is senior author of an article appearing in the January-February, 1982, edition of Small Town. The article is titled “Ridesharing in Rural Areas.”

William Howard, Head, City and Regional Planning, presented a paper at the recent conference on New Perspectives on Planning in the West held at Arizona State University, Tempe. The title of his paper was “The Metropolitan Bailout, Small Town Renaissance, and the Search for the Ideal Environment.”

Allen Miller, Mathematics, gave a talk on “Powers in Problem Solving” at the annual meeting on March 26-27 of the Los Angeles Council of Teachers of Mathematics held at UCLA.

Jack Jones, Education, presented a paper titled, “What Do You Mean Every Teacher is a Teacher of Reading?” on March 21 at the annual conference of the Association for Supervision and Curriculum Development held at the Anaheim Convention Center.

Alden Shiers, Economics, gave a talk to the Atascadero Rotary Club on March 24. Title of the talk, “Why Interest Rates are Remaining High.”

Sabah Al-hadad, Mathematics, visited Iraq during school break on an invitation from the Iraqi Ministry of Higher Education and Scientific Research. While there he consulted with Iraqi institutions and universities concerning their programs in agricultural mathematics. He conducted discussions with deans and department heads at the Universities of Baghdad and Mosul as well as the Technical Institute of Agriculture in Baghdad.
Dateline
($ Admission charged.
(1 Admission free.

THURSDAY, APRIL 15
University Club: Polly Cooper will speak on "Passive Solar Residential Design for the Central Coast." Staff Dining Room, 12:25 pm. Faculty and staff invited. (1)

FRIDAY, APRIL 16
By George!: A musical review of the best of music of Gershwin and his contemporaries, with a cast of four San Francisco based performers. Cal Poly Theatre, 8 pm. Vintage Fine Arts series. ($)

Saturday, April 17

Film: "El Salvador: Another Vietnam." Fisher Science Hall, Room 286. Two showings - 7 pm and 9 pm. Sponsored by Central American Study and Solidarity Committee. ($)

SUNDAY, APRIL 18
Auction: Radio Station KCPR-FM fund-raising auction. Mustang Lounge in University Union, 4 pm to midnight. Public invited. (1)

Concert: The PolyPhonics. Cal Poly Theatre, 8 pm. ($)

MONDAY, APRIL 19
Last day to withdraw from classes without petition.
Last day to submit petition to take course for credit/no credit grading.
Last day to petition to change from credit to audit.
Last day to obtain approval to carry more than 20 units.

Who, What, When, Where
Laurence Talbott, Head, Industrial Technology, and a Certified Plant Engineer (CPE), recently earned recertification status from the American Institute of Plant Engineers (AIPE). To be recertified, a CPE must gain eight credits over a period of five years in AIPE-approved professional development activities. Talbott has been a member of AIPE for 12 years.

Judy D. Saltzman, Philosophy, read a paper titled "Madame Blavatsky, Theosophy, and Feminism" at the American Academy of Religion’s Western Regional Meeting at Stanford University March 25-27. At the meeting Saltzman was elected to the Executive Council of the academy.

Walter E. Rice, Economics, had a historical display on the transit history of Los Angeles and presented two papers at the Mass Transit Conference and Convention held in the Los Angeles Convention Center April 2-8. Titles of the papers are: "An Examination by Statistical Inference of the Southern California Rapid Transit District (SCRID) Operations as Compared to Other Major Bus Operations," and "Transit - An Economic Review and Reassessment for the 1980's."

Patrick Munroe, Graphic Communications, Pierre Rademaker, Art, and Tom Dresel, Graphic Communications, took part in the Computer-aided Graphic Arts and Visual Communications Conference March 11-12 in Los Angeles.

Position Vacancies
Vacant faculty and staff positions at California Polytechnic State University and the Cal Poly Foundation are announced in this column, and are posted outside the respective personnel offices. Contact those offices (University: Adm. 110, 805-546-2336—Foundation: University Dining Complex, 805-546-1121) for applications and additional position details. Both Cal Poly and the Foundation are subject to all laws governing affirmative action and equal employment opportunity. All interested persons are encouraged to apply.

CLOSING DATE: 5-14-82
Radiation Safety Officer, $2256-$2721/month, Department of Public Safety.

Instructional Support Technician II, $1708-$2055/month, Physics Department.

CLOSING DATE: 5-1-82
Part-time Lecturer, Salary commensurate with qualifications and experience. Psychology Department, School of Human Development and Education.

CLOSING DATE: 5-7-82
Lecturers, Salary commensurate with experience, qualifications, and time base. Engineering Technology Department, School of Engineering and Technology.

CLOSING DATE: 5-14-82
Part-time Lecturer, Salary is commensurate with qualifications and experience and will be adjusted according to assignment and qualifications. Metallurgical and Welding Engineering Department, School of Engineering and Technology.

CLOSING DATE: 6-1-82
Lecturer, $5804-$7632/quarter; based on a 15-unit teaching load; salary varies with teaching load and experience. Chemistry Department, School of Science and Mathematics.

CLOSING DATE: 4-29-82
Lecturer, $6956-$9628/quarter. Agricultural Engineering Department, School of Agriculture and Natural Resources.
