Proposed 1969-70 ASI budget under fire

Subsidies are being cut and adjustments made

The proposed 1969-70 ASI budget, which was turned over to President Strong in the last week, has already come under a great deal of fire. The projected budget, which was presented at last week's ASI meeting, has been published on the front page of the Mustang Daily with a headline that read: "Proposed 1969-70 ASI budget under fire."

According to Mustang Daily, the proposal is to cut $475,900 from the budget, primarily in the areas of construction projects and student activities. The cuts would result in a $1.5 million deficit, which would be covered by the issuing of $2,000 in new bonds.

The budget proposal was presented to the ASI by the budget committee, which is comprised of representatives from each of the college's departments. The budget proposal includes a decrease in the amount of money allocated for student activities, with a reduction of $250,000 in the budget for the academic year 1969-70.

The proposed cuts have been met with strong opposition from the student body, and the ASI is expected to vote on the budget next week. The budget proposal is expected to be presented to the ASI for final approval on April 21, 1969.

RICHARD VAUGHN COMMENTS ON MONTANA DE ORO

Richard Vaughn comments on Montana de Oro

by George Hannon

Chief Editor

The Mustang Daily is pleased to announce that Richard Vaughn, a member of the editorial board, will be joining us as a regular contributor to the newspaper. Vaughn, who has written extensively on the subject of Montana de Oro, has agreed to provide regular updates on the latest news and developments in the area.

Vaughn, who is currently working on a book about the history of Montana de Oro, will be writing about his experiences in the area, as well as providing insights into the latest developments in the region. His contributions will appear regularly in the Mustang Daily, and will be available to all subscribers.

We are excited to have Vaughn join our team, and we look forward to his contributions to the Mustang Daily.
Facts being known

Slowly the facts are coming to the surface concerning the incident that took place on Mustang Drive the day the police were being bashed and forth concerning the exorbitant of the police and the people on the beach. As Mustang Daily looks at the facts, several points will find this an area of doubt.

First of all, the use of electronic equipment is still unproven. Free University officials note that they got permission to use the equipment. However, park rangers deny saying anything. They told you to get off the top of the whole thing will find this an area of doubt. Another area to be looked at is the undercover agents going in the Bar-Be. As reported in today’s edition, Richard Vaughn said he could be reasonably certain that drugs and alcohol were present, as well as a high number of nicologic and would probably make the same connections. However, this also puts the police in a bad spot. It would appear they all pick on this type of events to make stories. It seems doubtful the undercover agents would go to a business’s conference, where drugs might be.

The final point is in relation to the use of obscene gestures. A majority of arrests at Montana de Oro were made because of vulgar language and the use of obscene posturing. This point was emphasized by Robert Andreini, Mustang Daily reporter, at a press conference this week. Andreini noted that David Freeman, one of the 16 arrested, observed several guests going down Mustang Drive when the governor arrived on campus for the State College Board of Trustees meeting.

Mustang Daily reporters and photographers also noted obscene gestures being made at Gov. Rutland Reagan. If such is a practice, the incident was made at Montana de Oro, why wasn’t that the case during the demonstration?

Truly, the incident makes both sides look bad. However, Mustang Daily feels that the gesture was made at Montana de Oro, why wasn’t that the case during the demonstration, and Mustang Daily can see the justification for the arrest. But, we do not see the reasons for excessive force being used to make the arrest.

Crandall gym replaced

Crandall Gym will be the site of a brand new gym in the next year or two. The word is that the new gym will be ready for use in 1970. The new gym will allow more people to use the facility for their recreational needs.

Letters to editor

Julian Bond holds hope of nation—Key

Dear Editor:

I feel that Cal Poly is a training school for the future, in the right direction. It is a training school for those who are willing to work and want to make it work. In the words of Dr. Julian Bond, it is a training school for the future of professional blacks. In the words of Dr. Julian Bond, it is a training school for the future of professional blacks.

Sincerely,

The two points that are most important in this article are:

1. The feeling that not all of the public feels that democracy works. It is a shame that you must resort to such a tactics to make your point. I believe that the article misrepresented the feelings of those who live in our area.

2. The feeling that the public is not satisfied with the government. I believe that the article misrepresented the feelings of those who live in our area.

Sincerely,

Potter gets fellowship and travels to Utah

Larry Potter, who lives in the mountains of California, has been named the recipient of a three-year fellowship to Utah State University.

This fellowship is worth $16,000 and is intended to support Potter's graduate studies in the Department of Industrial and Technological Education at Utah State. The fellowship will cover tuition, fees, and a stipend for living expenses.

Potter plans to use the fellowship to complete his master's degree and eventually pursue a PhD in the field of industrial education.

The fellowship is awarded annually to students who demonstrate exceptional academic achievement and potential for leadership in the field of industrial education.

Potter is currently pursuing a master's degree at Cal Poly and has been a model student, earning high grades and actively participating in extracurricular activities.

He has also been involved in various community service projects and has shown a strong commitment to improving the quality of education in the region.

The fellowship will provide Potter with the financial support he needs to continue his studies and further his career goals.

In addition to his studies, Potter plans to use his fellowship to travel to Utah State University and conduct research in the field of industrial education.

He is excited about the opportunity to work with faculty and students at Utah State and contribute to the advancement of the field.

Potter is grateful for the support of the fellowship and is determined to make the most of this opportunity.

He looks forward to returning to California after completing his studies and bringing back new knowledge and skills to benefit the community.

The fellowship is a testament to Potter's dedication and hard work, and he is grateful for the support of those who have made it possible.

He hopes to use his fellowship to inspire others and encourage them to pursue their dreams and goals.

Potter is a shining example of the type of student who will make a positive impact on the field of industrial education and the community at large.

He is a model of excellence and a true asset to the field.

The fellowship is a great opportunity for Potter to achieve his goals and make a significant contribution to the field of industrial education.

He is grateful for the support and looks forward to making the most of this opportunity.

Fencers stab Gauchos

The Mustangs won four of five from Friday’s effort to pass the Gauchos by a 103-74 margin. Frank West, who helped win one of those matches, scored 2 over the Gauchos, and helped the Mustangs won the 17-3 team victory.

Leader for the well-rounded at­tacks of Jean Hillig and Dave Oster was the golden goal scorer for the Mustangs, scoring his first in the preliminaries to pass the Gauchos 103-74 margin. Frank West, who helped win one of those matches, scored 2 over the Gauchos, and helped the Mustangs won the 17-3 team victory.
