CSU trustees' actions

Following are excerpts of the actions taken by the Board of Trustees of The California State University at its meeting Nov. 17 in Long Beach:

- Amended Title 5 of the California Administrative Code, Section 42902, to provide a maximum of two days per month vacation accrual for those employees designated as management, supervisory, and confidential under the Higher Education Employer-Employee Relations Act.

- Amended Title 5 of the California Administrative Code, adding sections 40752.1, 40802.1, and 41040, to establish minimum admissions standards in English competence. All applicants whose preparatory education was principally in a language other than English will have to demonstrate competence in English by achieving at least a minimum score on the Test of English as a Foreign Language (TOEFL): 500 for undergraduates, 550 for graduate or postbaccalaureate applicants.

- Amended Title 5 of the California Administrative Code, Section 40510, Policy on Requirements for Master's Degrees, to require that a culminating experience be successfully completed before a master's degree is awarded: a thesis, a project, or a comprehensive examination. Definitions of thesis, project, and comprehensive examination are included.

- Conferred the title "Trustee Emeritus" upon Charles Luckman, who served three terms on the Board from 1960 to 1982 and served as Chairman of the Board from 1963 to 1965.

- Announced the designation of Andres Segovia to receive an honorary Doctor of Humane Letters degree February 19, 1983 at CSU, Northridge. Segovia is an internationally renowned musician and guitarist.

Placement Center relocates!

Effective Jan. 3, 1983 the Placement Center will be relocating from Administration 213 to Heron Hall. Heron Hall is building #117 on the campus map and is located across the street from Chase Hall. The telephone number for Placement will remain the same, Ext. 2501.

New CSU chancellor to visit Cal Poly

W. Ann Reynolds, chancellor of The California State University (CSU) since Sept. 1, will be meeting with faculty, staff and students Friday, Dec. 3.

An Open Forum has been set from 9:30 am to 10:15 am in University Union 220. All faculty, staff and students are encouraged to attend.

In a message to each of the 19 campuses in the CSU, she said that she is “looking forward to visiting each campus and benefiting from your insights and recommendations.” Cal Poly is her 11th stop in a series of visits that will run through February 1983.

Dr. Reynolds was provost of Ohio State University at the time she was selected to succeed Dr. Glenn S. Dumke, who retired after 20 years as chancellor of the CSU.

A native of Coffeyville, Kan., Dr. Reynolds is a widely published scholar in developmental biology. She began her teaching career in the biology department at Ball State University and then moved to the anatomy faculty at the University of Illinois College of Medicine. She was associate vice chancellor for research and dean of the graduate school at the University of Illinois Medical Center prior to becoming provost at Ohio State in 1979.

A developmental biologist who has specialized in fetal growth and nutrition, Chancellor Reynolds is an associate fellow of the American College of Obstetricians and Gynecologists.

She earned her undergraduate degree in biology and chemistry at Kansas State Teachers College, Emporia, and two advanced degrees in zoology at the University of Iowa.

Final Exam Policy

Instructors are reminded by Tomlinson Fort Jr. (Vice President for Academic Affairs) that final examinations in lecture courses are to be held at the time and place designated in the quarterly class schedule. Final examinations in non-lecture courses are held during the last class meeting in the regularly assigned meeting location. No deviation from the published schedule is permitted except under the special circumstances described in CAM 484 and with the approval of the school dean.
Celebration of Christmas

Christmas carols from around the world will be performed by Cal Poly's combined choirs in their third annual Celebration of Christmas at 8 pm Saturday, Dec. 4, in Mission San Luis Obispo de Tolosa.

Under the direction of James Dearing (Music), the three choirs will also perform separately.

The Cal Poly Men's Chorus with chamber orchestra will perform "Jubilate Deo" by Henry Purcell.

"Concierto de Navidad," a Cuban concerto for harp and women by Paul Csonka, will be performed by the Cal Poly Women's Chorus, with guest harpist Maureen Sullivan accompanying the chorus.

Monteverdi's "Laetatus Sum" will be performed by the University Singers with chamber ensemble.

In addition, the audience will be invited to join with the choirs in a traditional carol sing.

Tickets for the concert are $2 for students and $4.50 for the public. Tickets are on sale at the University Union Ticket Office and will also be sold at the door the evening of the performance.

Two-year commemoration

A speaker and a film will be presented Thursday, Dec. 2 to remember four Catholic Maryknoll nuns murdered in war-ravaged El Salvador Dec. 2, 1980.

Maryknoll priest Father Ted Von Der Ahe, who has served as a missionary in Latin America for eight years, will speak at 11 am in University Union 220.

The film, "Seeds of Liberty," a 30-minute advocacy documentary dealing with the murders, will follow.

The program will be repeated in the Youth Center Room of Mission San Luis Obispo de Tolosa at 7 pm. The church presentation will begin with a 30-minute prayer vigil.

Both the on-campus and off-campus events are free and open to the public.

The Cal Poly Central American Study and Solidarity Association, a student organization, is sponsoring the events in cooperation with Bread and Justice, a group associated with the Mission Church.

CPR instruction offered

Beginning in January 1983 the American Red Cross Cardiopulmonary Resuscitation Modular System of emergency first aid will be offered to interested faculty, staff and students by the Cal Poly fire station on a continual basis every Monday, Wednesday and Friday from 1 pm to 4 pm. Pre-registration is required, and each class will be limited to 12 students. The American Red Cross charges $10.00 (including text) per person for the three-day class.

The Cal Poly Fire Section has identified a need to improve the emergency medical service on campus for respiratory and circulatory emergencies by giving instruction in CPR.

The American Red Cross CPR Modular System is a self-paced instructional course which teaches basic and immediate emergency first aid for respiratory failure and cardiac arrest for victims of all ages. The course consists of seven learning modules:

- Mouth-to-mouth resuscitation
- One-person CPR
- Two-person CPR
- Care for choking victim (conscious)
- Care for choking victim (unconscious)
- Respiratory emergencies for babies and children
- CPR for babies and children

These modules are designed to be completed in a classroom setting through self-study, practice, testing and supervision of all skills by an American Red Cross instructor (Cal Poly fire personnel).

Faculty, staff and students interested in taking this course may contact the Cal Poly Fire Section at Ext. 2281 for further information and/or registration.

Pen-and-ink exhibit

An exhibit featuring the works of artist Hsiao-Yen Yeh is on display in the Robert E. Kennedy Library Gallery and will continue through Friday, Jan. 7. Admission is free.

The exhibit, consisting of mainly black and white drawings on handmade paper, represents a break from traditional Chinese brush painting and is a reflection of the artist's feelings about the world around us.

Ms. Yeh, who was born in China, received a bachelor of arts degree from the University of Oregon and a master's of education degree from the University of Minnesota. She has studied various art styles, and her works have been exhibited both in Taiwan and the United States.

She started from the traditional Chinese art form of painting a prearranged picture and crossed to impressionistic renderings. The pen-and-ink landscapes and compositions are a result of the style she has evolved.
Grants from Halliburton

The School of Engineering and Technology has received a $5,000 grant from Halliburton Foundation Inc., an auxiliary of the Dallas-based Halliburton Co. William F. Horton, associate dean, accepted the award on behalf of the school from Stan Shryock, division engineer for the Los Angeles branch of the company.

The Placement Center also received a foundation award of $1,000, presented to Richard Equinoa, placement director.

Shryock said the foundation makes direct grants primarily to colleges and universities whose graduates form a significant percentage of the Halliburton workforce. "Because of the highly technical nature of our operations, these grants are given to engineering schools and selected business schools," he said.

The grants are restricted to use for professional development activities of the faculty, incentive awards and salary supplements, he said.

The Halliburton Co. is an international oilfield services, engineering and construction firm. The Halliburton Foundation was organized by the company to provide funds to accredited colleges and universities where the company recruits.

Research report available

Reprints are available for the late Robert J. Rodin's (Biological Sciences) ethnobotany research report. It is titled "Ethnobotany of the Kwanjama Ovambos, South West Africa, 1973." It is reprinted from National Geographic Society Research Reports, volume 13, pp 521-543, Washington, D.C., 1981.

Simply put your request and name and department into campus mail labelled Rodin, Biological Sciences.

Ag Management awarded grant

The Agricultural Management Department has been awarded a $14,000 grant from Salyer Land Company. Salyer Land Company, a large farming company in the San Joaquin Valley, has been sponsoring an internship program for Cal Poly students for several years. Fred Salyer, company president, wrote, "Through your efforts in helping our company obtain the finest management personnel, we are able to donate these funds."

LeRoy Davis (Agricultural Management Department head) said that funds will be used to complete a microcomputer lab. The lab will have sixteen microcomputers that will be used to give agriculture students hands-on experience with the latest software being used in the agricultural industry.

Dateline

($) - Admission Charged
(!) - Admission free

THURSDAY, DECEMBER 2

Breakfast: Business Leaders' Breakfast, featuring Dennis Lopez, community relations manager for the Pacific Telephone Co., San Jose, speaking on "Improving Your Telephone Image." Vista Grande Restaurant, 7:30 - 9 am. Sponsored by the San Luis Obispo Chamber of Commerce and Cal Poly's Extended Education Office and School of Business. Public invited; reservations required (x2053). ($)

Seminar: Richard Kranzdorf (Political Science) will discuss "Politics, Media and Cultural Imperialism." Faculty Offices Building, Room 24B, 11 am. Sponsored by the Political Science Department. Faculty and staff invited. (!)

University Club: J. Barron Wiley (Retired Emeritus, Education), "Travels with Wiley." Staff Dining Room, noon. Faculty and staff invited. (!)

FRIDAY, DECEMBER 3

Last day to clear holds to avoid warning on student list for Winter Quarter.

Open Forum: Chancellor W. Ann Reynolds, UU 220, 9:30-10:15 am. Faculty, staff and students invited. (!)

Women's Volleyball: NCAA Division I Playoff, vs. U. of Pittsburg. PE Building Main Gymnasium, 3 pm. ($)

Concert: "Band-O-Rama '82, A Wind Instrument Spectacular," the annual fall concert of the Mustang Marching Band. Chumash Auditorium, 8 pm. Sponsored by the Music Department, School of Communicative Arts and Humanities, Associated Students Inc., and Instructionally Related Activities Fund. Public invited. ($)

Men's Basketball: Aggie Tournament, featuring Humboldt State University; CSC, Stanislaus; and Puget Sound, continuing through Saturday (Dec. 10). PE Building Main Gymnasium, 7 and 9 pm. ($)

SATURDAY, DECEMBER 4

Christmas Garden: Open house and design show. OH Unit, 9 am to 5 pm. Design shows at 10 am and 2 pm. Sponsored by the Ornamental Horticulture Department. Fun and refreshments. (!)

Concert: Third Annual Celebration of Christmas, featuring Cal Poly's combined choirs—Men's Chorus, Women's Chorus, and University Singers. Mission San Luis Obispo de Tolosa, 8 pm. Sponsored by the Music Department. ($)

MONDAY, DECEMBER 6

Final examinations for Fall Quarter begin, continuing through Friday (Dec. 10).

TUESDAY, DECEMBER 7

Christmas Party: Fellowship Room of the First Baptist Church, 2075 Johnson Ave., San Luis Obispo. Sponsored by the Cal Poly Women's Club. Refreshments served. (!)

FRIDAY, DECEMBER 10

End of Fall Quarter.

Women's Volleyball: NCAA Division I Northwest Regional Playoffs. Semi-Finals. PE Building Main Gymnasium, 7 and 9 pm. ($)

Men's Basketball: College of Notre Dame. PE Building Main Gymnasium, Time to be announced. ($)

SATURDAY, DECEMBER 11

Women's Volleyball: NCAA Division I Northwest Regional Playoffs. Finals. PE Building Main Gymnasium, 7:30 pm. ($)

Men's Basketball: Sonoma State University. PE Building Main Gymnasium, Time to be announced. ($)
Position Vacancies

Candidates for positions on the faculty of the University are presently being sought, according to Donald L. Shelton (Director of Personnel Relations). Those interested in learning more about the positions are invited to contact the appropriate dean or department head. This University is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. All interested persons are encouraged to apply.

CLOSING DATE: 1-28-83
Assistant/Associate Professor (Choral Conductor), $19,044-$28,884/year dependent upon qualifications and experience. Conduct large and small choral ensembles and teach beginning theory or voice classes. Master’s degree in choral conducting required; Ph.D. preferred. Music Department.

CLOSING DATE: 1-30-83
Lectureships, available September 1983 for one year only. Ph.D., or M.S. with previous teaching experience required. Duties: teaching general chemistry, introductory courses in a chemical specialty, and biochemistry. Chemistry Department.

CLOSING DATE: 2-14-83
Lecturers, salary commensurate with experience and qualifications. Positions available 1983-84 academic year. Ph.D. in mathematics or a closely related field required. Teaching experience at a career-oriented university or relevant professional experience desirable. Teaching a minimum of 12 hours of undergraduate mathematics courses. Mathematics Department.

CLOSING DATE: 2-15-83
Assistant/Associate Professor, salary commensurate with experience and qualifications. Full-time tenure track position available beginning September 1983. Duties include teaching undergraduate courses in soil mechanics/foundations and structures areas. Ph.D. required. Architectural Engineering Department.

CLOSING DATE: 3-15-83
Art Historian, $19,044-$28,884 per academic year commensurate with qualifications and experience. Position available for 1983-84 academic year. Teaching undergraduate level in art history, which includes contemporary upper division and lower division broad survey courses in Western art. Ph.D. in art history required with preference given to those with experience. Graduate emphasis areas should include late nineteenth and twentieth century art. Art Department.

CLOSING DATE: 3-31-83
Assistant/Associate Professor, appointment level and salary commensurate with qualifications and experience. Ph.D. in agricultural engineering preferred; M.S. required. Experience in design of irrigation systems and equipment highly desirable. Duties include teaching a basic course in irrigation water management, drainage, hydraulics, hydrology, and service courses in surveying. Position available September 1983. Opportunity for contract research exists. Agricultural Engineering Department.

Who, What, When, Where

Michael R. Malkin, Speech Communication, together with his wife Pamela (children’s theatre author, teacher, and director), authored two chapters in the book, Learning through Dramatics: Ideas for Teachers and Librarians, which has just been released by Oryx Press.

George Hasslein, dean, School of Architecture and Environmental Design, has been presented with a plaque for contributions to the growth of the Roofing Industry Educational Institute during the first three years of its existence.

Gerald Smith, Head, Landscape Architecture, is the new president of Sigma Lambda Alpha, the national honorary fraternity for landscape architects. Smith was elected to a one-year term after having been on the society’s board of governors for the past three years. He was chosen by the board and by chapter advisors.

John Calver, Political Science, has been appointed to the Committee on Professional Development of the Western Political Science Association.

Anthony Knable, Natural Resources Management, has been appointed by the president of the American Fisheries Society to membership on the society’s awards committee. The American Fisheries Society is an international organization of fisheries and aquatic science professionals. It is the world’s oldest and largest scientific group dedicated to the advancement of fisheries science and conservation of renewable aquatic resources.
