Special CPR being planned

Because the CSU budget story is such a complex one, with almost daily changes, the Cal Poly Report staff is working on a special issue that will be out soon. President Baker will address all the issues concerning the 1982-83 budget cuts as well as the latest developments with the 1983-84 budget.

Former ambassador to Mexico will speak

During his tenure as United States ambassador to Mexico, Julian Nava administered the largest American Embassy (with a staff of 1,200) in one of the nation's most important diplomatic posts. Nava, who served under both Presidents Carter and Reagan, will give an insider's perspective of U.S.-Mexico relations in two free public addresses at Cal Poly on Thursday, Jan. 20.

At 11 am he will deliver an "Inside View of Mexican-American Relations" in University Union 220.

At 8 pm he will speak in Chumash Auditorium on the subject of "Problems and Prospects in Mexican-American Relations."

Nava has had extensive experience as a scholar and author and has spent a great deal of time in Venezuela, Puerto Rico, Spain, Colombia, and Mexico.

Nava was a history professor at CSU, Northridge in 1980 when he was granted a leave of absence to accept President Carter's nomination for ambassador to Mexico and was unanimously confirmed by the U.S. Senate. He served in the sensitive diplomatic post until he was replaced by John Gavin in 1981.

Dr. Nava's visit to Cal Poly is cooperatively sponsored by Speakers Forum and the Cultural Advisory Committee of the Associated Students Inc.; Student Academic Services, a department of the Student Affairs Division; and the Political Science Department.

Ag Management alumni seminar

The biennial Cal Poly Agricultural Management Alumni Seminar to be held on Friday and Saturday, Jan. 21 and 22, will feature keynote speakers former legislator Carol Hallett and Harold Oppenheimer of Oppenheimer Industries.

Mrs. Hallett, former minority leader of the State Assembly, will open the program on Jan. 21. Oppenheimer will be the guest speaker at the Jan. 22 luncheon. (Oppenheimer Industries is one of the nation's largest agricultural management firms.)

Seminar topics on Jan. 21 include alternative energy sources for agriculture, the future of water, and international agricultural trade. On Saturday, the seminar topics will include computer applications for agriculture and agricultural finance in the 1980s.

The seminar will begin at 8 am on Friday and 8:45 am on Saturday. It is intended primarily for alumni of Cal Poly's School of Agriculture and Natural Resources. More information may be obtained by contacting Robert McCorkle of the Agricultural Management Department faculty at ext. 2594.

CSU employees not affected

The State Controller's Office recently notified heads of State agencies that, starting with the February pay period (checks issued on March 2), the State may be forced to issue registered warrants in place of pay checks. These warrants could be cashed only when the State had sufficient funds to cover them.

Because of the legal status of CSU, warrants CANNOT be issued to employees of The California State University. Therefore, any warrants program will NOT involve Cal Poly.

Fee waiver deadline

Information and application forms are available in the Personnel Office for State employees to participate in the fee waiver program. Faculty and staff who take Cal Poly courses under an approved program of career development, or who have had courses approved as work related, may be eligible for waiver of certain fees.

Deadline for return of completed, approved fee waiver forms for Spring Quarter 1983 is Wednesday, Feb. 2. This deadline has been set to correspond with the deadline for application for admission to the university and so that forms may be processed through the Personnel Office and forwarded to the employee to meet the Employee Computer Assisted Registration deadline of March 1.
IT honor society to elect officers

The Cal Poly chapter of Epsilon Pi Tau, chartered less than three months ago, will hold its first election of officers during a banquet meeting beginning at 5:30 pm on Friday, Jan. 28, at Vista Grande Restaurant.

The fraternity, an international honor society for education in technology, has over 13,000 members internationally organized into 90 chapters.

The chartering of the Cal Poly chapter culminated a 10-year process to establish a chapter on campus, according to Laurence Talbott, head of the Industrial Technology Department and trustee of the new Cal Poly chapter. Raymond Wysock, a member of the IT Department faculty, serves as co-trustee.

Talbott said both students and professionals are members of the chapter, which draws its membership mainly from the campus and professionals working in the Los Angeles and San Francisco areas.

Membership is open to students with junior and senior standing in the top 10 percent of their class and to professionals, primarily in the construction and manufacturing industries.

Students or professionals desiring more information about the banquet or membership in the organization should contact Talbott at ext. 2676 or Wysock, ext. 2129.

“Dance Illusions”

Cal Poly’s Orchesis Dance Club will present its 13th annual concert on Thursday, Friday, and Saturday, Jan. 27, 28, and 29, at 8 pm in the Cal Poly Theatre. Theme of the concert will be “Dance Illusions.”

Reserved-seat tickets for the performances are $5 for the public and $4.50 for students. Tickets are available at the University Union Ticket Office. Hours for the Ticket Office are 10 am to 4 pm, Monday through Friday. Further information can be obtained by telephoning ext. 1421.

“Dance Illusions” will be an evening of 19 pieces choreographed and performed by the 40 members of Orchesis. This year’s performance will feature special guest performances by Miss City of San Luis Obispo, Michelle Marie Franchi, and Natural Resources Management Department faculty member James R. Vilkitis.

The Orchesis Dance Club, under the direction of Moon Ja Minn Suhr of the Physical Education Department, is made up of Cal Poly students, alumni, faculty, and staff. Admission to the club is by audition.

Symphonic Band concert Jan. 29

A Pops Concert featuring selections from “Annie” and a medley of Beatles tunes will kick off the 1983 Concert Series of the Cal Poly Symphonic Band on Saturday, Jan. 29, at 8 pm.

Scheduled for Chumash Auditorium, the concert will be performed in the grand style of the late Arthur Fiedler and the Boston Pops Orchestra. Seated at decorated tables, the audience will enjoy the exciting sounds of popular and semi-classical music in a symphonic setting while being served sparkling cider, coffee, tea, and dessert.

Tickets are available either individually or by season subscription for the four concerts in the 1983 series. Individual tickets for the Pops Concert are priced at $6.75 for the public and $4.50 for students. Season tickets are available at $15 for the public and $7.25 for students, representing a 20 percent savings over the individual prices for the four concerts.

Tickets for the Pops Concert are available from the University Union Ticket Office, Premier Music Co. in San Luis Obispo, and from members of the band.

Chinese New Year feast

In the Chinese calendar Feb. 13 begins the Year of the Boar, 4681.

Cal Poly’s Chinese Student Association (CSA) will celebrate the traditional occasion eight days early with its annual Chinese New Year banquet and show at 6 pm on Saturday, Feb. 5, in San Luis Obispo’s Veterans Memorial Building.

On the menu this year (the 26th year CSA has presented the banquet) is fried wonton, lemon chicken, beef kabob with a Chinese sauce, stir-fried pork with vegetables, white rice, mixed vegetables, tea, almond pudding, and cookies.

The program will consist of the lion dance, ribbon dance and fan dance; a martial arts demonstration; and a performance on the jung, an ancient Chinese stringed instrument. Members of CSA will perform the entertainment.

The public is invited. All tickets are priced at $7.50. They are being sold by Dick Wong, who can be contacted by telephone at 544-2389, or Mrs. Stella Louis, 543-1445.

The Chinese Student Association is a member group of the Multicultural Center of the Associated Students Inc.
Professor leads California architects

Long-time Cal Poly architecture professor Paul R. Neel has taken over as president of the largest state organization of architects in the nation.

Neel is the first full-time educator to lead the California Council of the American Institute of Architects (CCAIA). In late 1981 he was elected to the combined post of first vice president and president-elect. He officially assumed the one-year presidency Jan. 1.

California has more than 12,000 architects (about 15 percent of the nation’s total) and the largest state AIA council, Neel said.

More than half of the state’s architects are AIA members, he said, and many others work for AIA members. San Luis Obispo County architects are represented by the Central Coast Chapter and Santa Barbara County architects by the Santa Barbara Chapter—two of 18 local chapters throughout California.

Courseware Design contest

The Chancellor’s Office, in conjunction with the Coordination Center for Computer Aided Instruction (CAI) on the CSU, Fresno campus, is sponsoring a statewide CAI Courseware Design contest. The purpose of this project is to encourage faculty and students on the 19 CSU campuses to design original CAI courseware and to share these materials throughout the system. No programming, only the design, is required.

Faculty members and students are encouraged to form design teams consisting of specialists in the following areas: the subject matter, learning and motivation theory, and use of the microcomputer.

Winning designs will be programmed for the Apple microcomputer by the Coordination Center for CAI at CSU, Fresno. Completed programs will then be distributed for use throughout the system. The programs will be copyrighted and made commercially available outside the CSU. Teams will receive 25 percent royalties.

Faculty and students interested in participating should come to Computer Science, Room 250 on Thursday, Jan. 27, at 11 am. Rules, procedures and scheduling for the contest will be discussed at that time. If you do not have a team but are interested, come anyway. You may find partners there! For more information contact Jackie Bayne at the Computer Center, CSC 114, ext. 2004.

Star Trek’s Scotty will speak

“Beam me up Scotty,” became part of the popular language thanks to the pervasive influence of the TV series, “Star Trek.”

The character referred to in the phrase was played by actor James Doohan, who portrayed the Star Ship Enterprise’s confident chief engineer with a gift for dialects. Doohan will speak at Cal Poly on Friday and Saturday nights, Jan. 21 and 22.

Titled “Star Trekking with Scotty,” the event will be open to the public, and will be held in Chumash Auditorium beginning at 7 pm both nights.

Tickets, priced at $3.75 advance for students and $4.50 for the public, are on sale at the University Union Ticket Office, Boo Boo Records in San Luis Obispo, and all Cheap Thrills locations. Door tickets are $4.50 for students and $5.50 for the public.

Doohan will speak at 7 pm, and will show a reel of “Star Trek” outtakes and bloopers, plus the “Star Trek” episode, “Space Seed,” which is the basis for the second “Star Trek” feature film, “The Wrath of Khan.”

Following his presentation, there will be a screening of the film, “Star Trek II: The Wrath of Khan,” starring the “Star Trek” cast and Ricardo Montalban.

“Star Trekking with Scotty” is a joint presentation of Speakers Forum and Films Committee, both Program Board agencies of the Associated Students Inc.

Veal sale

Get together with friends, relatives and neighbors and buy delicious Cal Poly milk-fed veal! Calves are raised as part of the student enterprise milking doe/veal calf project. Place your order now; it’s selling fast. The next group of calves won’t be ready until May 1983!

Slaughtered, cut and wrapped:

1/4 carcass (rear quarter)
40-45 lbs ................ $3.50/lb (1 available)

1/4 carcass (front quarter)
40-45 lbs ................ $3.00/lb (5 available)

For more information contact Colleen Childers, Animal/Veterinary Science Department, ext. 2538 or ext. 2419.
