Cal Poly's undergraduate degree program in landscape architecture has been re-accredited by the American Society of Landscape Architects, the sole accrediting authority for landscape architecture programs. It is the first time the program has been accredited since landscape architecture was established as a separate department in 1978. The program was first accredited in 1975, three years after it began.

Department Head Gerald Smith said the ASLA evaluation team reported "a significant sense of camaraderie among the students and faculty of the department." The team also was impressed with landscape architecture students' "spirit of enthusiasm, energy, and commitment" and found the faculty "enthusiastic and innovative."

Full accreditation by ASLA means that Cal Poly's is one of only 45 undergraduate and graduate programs in the nation that meet the society's standards, Smith said. It is one of only three accredited undergraduate programs in California, he added.

Rockwell VP banquet speaker

Peter Cannon, vice president for research of Rockwell International Corp. and vice president of its Science Center in Thousand Oaks, will be the speaker at Cal Poly's annual Engineering Week Banquet Tuesday, Feb. 22.

The banquet, which begins a week of activities sponsored by the School of Engineering and Technology student council, will be held at Trader Nick's Restaurant in Pismo Beach. A no-host cocktail hour at 5:30 pm will precede the banquet, which begins at 6:30 pm.

Cannon is a Fellow of the Royal Society of Chemistry; a senior grade chemist of the American Chemical Society; and a member of the American Physical Society, in which he holds a senior professional license. He was honored by the National Management Association with a "Silver Knight" award in 1981 and was elected a director of the Industrial Research Institute, an affiliate of the National Research Council, in 1982.

Aid-United Givers campaign successful

A record total of $37,677.30 was raised during the Fall 1982 AID-United Givers Fund Drive at Cal Poly. The total is more than $2400 higher than the amount contributed during the 1981 campaign.

In making the announcement President Baker thanked the 643 state and Foundation faculty and staff members who contributed. The number of Cal Poly participants is up from the 615 who gave to the previous campaign.

Funds contributed in the campus drive are distributed by AID-United Givers to nonprofit youth and service agencies operating in San Luis Obispo County plus those specific charities designated by the contributors.

CSU Administrative Fellows Program

Faculty and staff members interested in a possible career in university administration or management may apply now for the California State University Administrative Fellows Program.

March 18 is the deadline to apply for 1983-84 academic year fellowships. Applications and confidential evaluation forms must be submitted to the President's Office.

Application is open to academic and administrative personnel in a tenured, permanent or probationary position. The purpose of the Administrative Fellows program is to provide an opportunity for upward mobility. It is especially intended to ensure that women and people from ethnic-minority backgrounds have equal opportunity for placement and advancement in administrative, managerial and executive positions in the CSU.

Fellows normally are assigned to a campus other than their own. They receive their regular salary, vacation and retirement benefits. The state does not reimburse relocation expenses incurred for the program.

Fellows are to be selected in late May. Appointment will be contingent on funding in the final state budget, to be signed about June 30.

For more information and an application, call or visit Smiley E. Wilkins, affirmative action coordinator, Adm. 110, ext. 2062.
Orienteering event

Finding one’s way across rugged country with a map and compass is the point of the Fifth Annual Montana de Oro Orienteering Meet, which is scheduled for Saturday, Feb. 12, and open to the public.

Beginners, intermediates, and experts will use different courses. Trophies will be awarded to the fastest, most accurate finishers in each level. The competition is free. Maps and compasses will be provided by the Military Science Department, which sponsors the morning-long event.

Registration is to begin at 8:30 am at Camp Keep, located behind the ranger station on the left just past Hazard Canyon. Signs will be posted from the Montana de Oro State Park entrance for those with their own transportation. A car-pool caravan is to leave for the Orienteering Meet from the Robert E. Kennedy Library at 7:45 am.

Additional information and group instruction on orienteering are available from Maj. John Walsh at Cal Poly, ext. 2769.

Lawrence Livermore speaker Feb. 17

A description of a power supply system at the Lawrence Livermore Laboratory will be the topic of a presentation sponsored by Cal Poly’s Electric Power Institute. The speaker will be Royce D. Eckard, project manager for the advanced vapor laser isotope separation facility at the laboratory. He will speak from 11 am to noon Thursday, Feb. 17, in Room 126 of the Dexter Building.

Complex high-power injector systems are required to initiate and sustain a plasma at fusion temperature in the laboratory’s Mirror Fusion Test Facility. Eckard’s presentation will describe the 250-megawatt neutral beam power supply system used in the facility.

The Electric Power Institute is affiliated with Cal Poly’s Electronic and Electrical Engineering Department and is underwritten by major utility companies and electrical equipment manufacturers.

Library exhibit

An exhibit of designs and personal artifacts belonging to Julia Morgan is on display in the Special Collections and University Archives Department of the Robert E. Kennedy Library. The exhibit is open to the public Monday through Friday, 9 am - noon and 1-4 pm during the month of February.

Julian Morgan is best known as the architect of Hearst Castle, and a model of Hearst Castle is included in the display. Personal artifacts such as medals and diplomas are shown, as well as photographs of her early years. Hearst Castle designs never used, designs of buildings and tiles, and other interesting aspects of her works are also available for viewing.

Ms. Morgan was the first female to graduate from the Paris Ecole des Beaux Arts and the fourth woman graduate of U.C. Berkeley’s School of Engineering.

CSU Washington Office closed

The CSU Governmental Affairs Office in Washington, D.C. has been closed as a result of budget reductions. The Washington office was established in 1966 to assist the CSU in developing and maintaining the closest possible relationships with the legislative and executive branches of government.

Women’s Club

The annual Cal Poly Women’s Club Party Night will take place Feb. 25. The party will start at three designated homes of members. It will continue in Oceano where the participants will attend a performance at the Great America Melodrama Theatre. For information and reservations please call Clara West, 543-2792, or Ellen Marie Amato, 543-7497, by Feb. 18.

Tennis tournament scheduled

The Intramural Office is sponsoring a faculty/staff single elimination consolation tennis tournament. It carries the distinctive title of “The You Phone Your Partner and Play Whenever You Want Tennis Tourney.”

Play begins Tuesday, Feb. 15. Entry deadline is 4 pm Monday, Feb. 14. For more information contact the Intramural Office in UU 104 (ext. 1366) and look for flyers posted in the Staff Dining Room.

Peace Corps meeting

The Cal Poly Peace Corps Liaison Office is working with former Peace Corps Volunteers—faculty, staff and students—to organize a returned Peace Corps volunteer association. The first meeting is scheduled for 7 pm Friday, Feb. 11. The meeting will take place at 711 Murray St. in San Luis Obispo. Interested faculty and staff are encouraged to contact Steve Orloff at ext. 1320 or 544-0547 for information on this meeting and upcoming events.
Board of Trustees’ actions

The Board of Trustees of The California State University took the following actions at its Jan. 26 meeting:

- Accepted the report of the systemwide Committee on the Future titled “Toward 2000: Visions and Provisions” and resolved that the Trustees state their encouragement of the process of long-range planning and endorse the necessity for undertaking the next steps in such planning. Further resolved that the Trustees:
  - direct that staff be assigned specific responsibilities for long-range planning, to analyze further the data made available through the 1981-82 project, to prepare a fuller report which deals in more depth with the various issues, and to manage the next steps in the planning process;
  - direct that a systemwide Symposium on the Future be held during 1983;
  - will consider sympathetically allocating resources to pilot programs which begin to implement directions chosen in areas such as faculty development, establishment of more varied modes of teaching, and consideration of more varied program structures; and
  - direct that the Chancellor and the Chairman of the Board jointly delineate the steps to bring about the directives above after formal consultation and written commentary from the Executive Council, Associated Students, and Academic Senate before establishing a further study group to consider the mission and goals for the CSU.

- Approved the amended projections in the Academic Master Plans for the 19 campuses, covering the years 1983-84 through 1988-89 as the basis for facility master planning.

- Adopted internal regulations for travel expenses and allowances and for rates for housing and lodging to reimburse CSU employees who travel on state business.

- Resolved that the following changes in budget authority of the Board of Trustees and the campuses constitute high priority objectives:
  - Reappropriation of savings;
  - Exemption from computer procurement restrictions; and
  - Exemption from Department of Finance budget control.

- Adopted the 1983-84 Legislative Report Number 2, as amended.

- Accepted the Trustees’ Audit Staff report on Library Automation, number 82-19.

- Adopted revisions in the Policies and Procedures for the Trustees’ Audit Staff.

- Approved a proposed agenda for a joint meeting of the Board of Trustees and the Board of Regents of the University of California, to be held sometime in spring 1983.

- Received a report from the Committee on Collective Bargaining that it ratified the tentative agreement between the CSU and the State Employees Trades Council for Unit 6, Skilled Crafts.

Mobile Health Testing Unit to visit Cal Poly

The Health Examinetics Mobile Health Testing Unit will be at Cal Poly from March 9 through March 12. The annual health screening program is sponsored by the Association of California State University Professors.

The testing unit will be located in parking lot C-1. The testing hours are from noon to 9 pm on March 9, 10 and 11, and from 10 am to 7 pm on March 12. The program is available to all faculty, staff and their families (age 13 and above).

More than 50 different health tests are performed by nurses and physician-trained technicians during the 40-minute examination. The confidential results are sent to the physician of your choice. Employees are urged to check with their local physician to confirm that the physician will accept and discuss the results.

The cost for this program is listed. Participation in this preventive health program is by appointment only. Call toll-free 800-542-6233 to schedule your appointment.
