Alum bequeaths $5,000 to Poultry Dept.

A 1955 graduate of Cal Poly's poultry program has bequeathed $5,000 to the Poultry Department, James Landreth, director of business affairs, has announced.

Ralph L. Snyder Jr. left $5,000 in his will to his alma mater and $5,000 to the University of California at Davis, where he worked 22 years as a research poultry specialist.

In a letter to Landreth, Ralph's brother, Harry, said the two had had a conversation and "in discussing his will during the last few days of his life he told me that he had always felt good about the education he received at Cal Poly and he wanted the (Poultry) department to be remembered to the extent of $5,000."

Library Associates sponsor book sale

Outstanding bargains in old and new books await buyers at the fourth annual Library Associates Book Sale to be held on Saturday, April 16, from 10 am to 3 pm in front of the Robert E. Kennedy Library.

Bargain items include new and used trade books and textbooks, hard-bound books and paperbacks, and children’s books, all for sale at 50 cents per inch. Specially priced items include a 23-volume set of the works of Alexander Dumas, Carl Sandburg's four-volume biography of Abraham Lincoln, a 15-volume set of Britannica Junior, and a two-volume boxed set of Jefferson Davis's "Rise and Fall of the Confederate Government."

According to Library Associates Executive Secretary Ilene Rockman, books for the sale have been donated by members of both the Library Associates and the Cal Poly faculty, as well as other Central Coast area residents. Proceeds of the sale will be used to purchase additional materials for the Kennedy Library.

Roy Brophy appointed Trustee

Gov. George Deukmejian has appointed Roy Brophy, a Sacramento-area builder and developer, to the Board of Trustees of The California State University. He replaces Blaine Quick of Coronado, whose term expired. Brophy, if approved by the State Senate, will serve until March 1, 1991.

Brophy, 61, a Republican from Folsom, had been appointed to the board in 1972 by Gov. Ronald Reagan, and he served through 1979. He was chairman of the board from 1977-79.

Pro rodeo's Cotton Rosser honored

Cotton Rosser, prominent rodeo stock contractor and Cal Poly graduate, was honored at a gala dinner/dance sponsored by the university and the Cal Poly Rodeo Boosters Club. The event was held at the Madonna Inn. Over 150 persons paid tribute to Rosser for his loyal support of the university's rodeo program over the past 25 years.

Rosser graduated from Cal Poly in 1952 with a degree in animal science and many collegiate rodeo trophies. He entered the ranching business while pursuing a pro rodeo career to help pay the bills, but a tractor accident in 1955 ended his rodeo career. In 1957 Rosser invested money in a rodeo stock contracting business with partner Lex Connell that became the Flying U Co., now one of the nation's busiest operations.

Summer fee waiver deadline May 4

Information and application forms are available in the Personnel Office for state employees to participate in the Fee Waiver Program. Employees who take Cal Poly courses under an approved program of career development, or who have had courses approved as work related, may be eligible for waiver of certain fees.

Deadline for return of completed, approved fee waiver forms for the Summer Quarter 1983 is Wednesday, May 4. Class schedules should be available for sale in the bookstore by April 29.
CSU English Equivalency Examination

The California State University English Equivalency Examination will be administered at Cal Poly and at the system's other 18 campuses on Saturday, April 16. Testing Coordinator Stefanie Shuman will be conducting the testing at Cal Poly in the Snack Bar starting at 8:30 am.

Although applicants are usually high school seniors, the examination is open to all individuals who believe they can demonstrate that their skills and knowledge are equal to those they would learn in freshman courses.

Students whose scores equal or surpass the grades of typical collegians who have already completed freshman English will qualify for six semester units, or counterpart quarter units, upon enrolling in 1983-84 at any CSU campus, in addition to being excused from the campus's English Placement Test.

Other students, according to past experience, will score well enough on the English Equivalency Examination to be excused from the English Placement Test, although not at a level to qualify for academic credits.

Chevon and veal sale

Veal

Delicious Cal Poly milk-fed veal! Raised as part of the student enterprise milking doe/veal calf project. Place your order now. Slaughtered, cut and wrapped:

- Family Swim, noon - 2 pm, Saturday, Crandall. Obtain pool pass from Rec. Sports Office, UU 104.
- Racquetball Tournament, Saturday, April 30. Also—archery and golf competition available.

Health Fair '83 sites listed

Eight San Luis Obispo County sites where free health screenings will be available have been announced by the coordinating committee for "Health Fair '83."

Nearby locations for the screenings are Arroyo Grande High School; Madonna Road Plaza, San Luis Obispo; the Veterans Memorial Buildings in San Luis Obispo and Cambria; Morro Bay Convalescent Hospital; American Legion Hall, Templeton; Nipomo Community Medical Center; and Sierra Vista Hospital, San Luis Obispo.

Upon arrival at any of the locations, participants will register and then move through a series of basic health tests, including height and weight, blood pressure, anemia, vision, and blood chemistry, the only one of the tests for which there will be a charge. Additional tests will be offered at individual Health Fair sites, depending on the particular location or host facility.

A complete list of sites for "Health Fair '83" activities is being distributed to university employees by campus mail. Additional information about the screenings can be obtained by telephoning ext. 8551.

Jack House Collection

A new source of material on history of San Luis Obispo County is available as a result of a recent gift to the Special Collections Department of the Robert E. Kennedy Library.

Consisting of almost 14,000 different items identified as the Jack House Collection, the material was given to the university by the City of San Luis Obispo. The transfer was recommended by the Jack House Committee, a group formed by the city to comply with the stipulations of the grant deed that transferred ownership of the Jack residence to the city.

Included in the collection are such documents as bank statements and checks, bills and receipts, business and personal correspondence, telegrams, and deeds and mortgages. Also included are maps, photographs, printed material, and other business and legal records.

The Jack House, located on Marsh St. in San Luis Obispo, was built by Robert Edgar Jack and his wife, the former Nellie Hollister, in the early 1870s. It remained in the family until 1975 when it and its contents were given to the city.
Use of insecticides will be examined

Jan William Simek, a professor in the Chemistry Department, will discuss the use of insecticides Thursday, April 14, in the first Spring Quarter program of the Arts and Humanities Lecture Series. Simek’s lecture, “Insecticides—Whose Poison?”, will begin at 11 am in the Cal Poly Theatre.

The lecture is sponsored by the School of Communicative Arts and Humanities and will be open to the public without admission charge.

Simek expects to focus on some aspects of the insecticide issue, such as, scientific achievements in insect control technology, values applied to insect control in such cases as DDT and the Medfly crises, and insect control agents of the future.

Sacramento president accepts new position

President W. Lloyd Johns of California State University, Sacramento, has been named president of Gallaudet College in Washington, D.C., effective Oct. 1. Johns’ appointment to head the prestigious 119-year-old federally funded school for the deaf was announced at a press conference in Washington. His departure will end a 19-year CSU career. He became president of CSU, Sacramento, in 1978.

More women going to college

Women are going to college in ever-increasing numbers, according to a U.S. Census Bureau report. Women began to outnumber men on college campuses in 1979. By 1981 there were 108 women in college to every 100 men.

Enrollment in colleges jumped by a third from 1972 to 1981, to a total of 12.1 million, with the number of men in college up 12 percent, and the number of women up 63 percent.

Women, the report said, made up half of the full-time undergraduates under the age of 35, and 45 percent of the graduate students.

As the children of the baby boom years have grown older, the number of elementary school students has dropped about 18 percent from the peak of almost 34 million in 1970 to 27.8 million in 1981. High school enrollment was down nine percent to 14.6 million from its apparent peak in 1976-77.

Who, What, When, Where

Jim Alken, Counseling Center, has been elected to the American College Personnel Association’s Commission VII for counseling centers in higher education. The Commission is charged with reviewing issues and setting standards for counseling practice.

Kris Morey, Child Development/Home Economics, had an article, “Protein Quality of Fish in Modified Atmospheres as Predicted by the C-PER Assay” published in the August 1982 issue of the Journal of Food Science.

Larry Rathbun, Agriculture & Natural Resources, was named the 1983 Honorary Member by the South Coast Region Future Farmers of America in recognition of his services to the FFA members from Santa Barbara through San Jose.

Fredericka Churchill, Foreign Languages, has been awarded a stipend by the German government to participate in a three-week seminar for university teachers of German in Freiburg, Federal Republic of Germany. Since only 26 applicants were selected for this summer’s seminar from the U.S. and Canada, it is an honor to have been chosen to participate.

Royce Lambert, Soil Science, was recently awarded the professional designation of Certified Professional Erosion and Sediment Control Specialist by the American Registry of Certified Professionals in Agronomy, Crops and Soils (ARCPACS).

Dan Piehl, Art, was the judge for the Pacific Grove Art Center’s 1983 Central Coast Biennial Competitive exhibition. Over 400 persons attended the opening reception on Feb. 25.
Dateline
