Telephone pioneers assist disabled students

Cal Poly students and employees with hearing impairments and speech impediments now have increased communication opportunities as a result of a recent gift from the Los Padres Council of the Telephone Pioneers of America.

Two new MCM/D telecommunication devices were donated to the Disabled Student Services Office. They make it possible for deaf and hearing-impaired individuals to communicate by telephone. The devices are portable and can be used with any telephone.

Also included in the gift, said Al Barcena, president of the telephone employees group, is free maintenance of the MCM/D units, which will be provided by council members.

Harriet Clendenen, director of disabled student services, said one of the new units has been placed on permanent loan to the Public Safety Department. It will be used by police, fire and other staff members dealing with the needs of persons with hearing impairments and speech impediments. The other device is available in the Disabled Student Services Office for short-term loans to students and employees.

Mrs. Clendenen said the new units bring to nine for use on the Cal Poly campus. Others are available in the Library, Student Health Center, Admissions Office, and Counseling Center, as well as at the information desks in the Administration Building and the University Union.

University Club barbecue set for May 12

The Cal Poly University Club is sponsoring its annual barbecue for members and their guests at 5:30 p.m. on Thursday, May 12, at Cuesta Park. The menu will consist of beef ribs, salad, beans, bread, beverage and dessert at a cost of $2.50 for adults and $1.00 for children under 12 years of age.

Tickets may be purchased until noon on Wednesday, May 11, from: Barbara Ciesielski, Adm. 125, ext. 2182; Fred Kelley, Duplication Center, ext 2195; Evelyn Little, Ag 129, ext. 1237; Jim Neelands, Sci C-36, ext. 2022; Ethel Spry, UU 202, ext. 1281; and Joan Stadt, Lib. 204, ext. 2344.

University takes Steps to implement Disaster Preparedness Plan

The university has begun action to implement a Disaster Preparedness Plan after President Warren Baker "approved the framework upon which it is based."

In a memo to vice presidents, deans and other key administrators, President Baker said he made his decision after reviewing the recommendations of the Disaster Preparedness Task Force, the Public Safety Advisory Committee, and the content of resolutions adopted by the Student Senate and the Academic Senate.

"However, there is a considerable amount of additional work that must be completed to assure that the plan can be put into practice...," President Baker said.

He directed that "the specific concerns and additional implementing procedures recognized as being needed... be specifically detailed and assigned to various individuals."

The individuals charged with these responsibilities are being asked to work with other members of the university community and report the results to the chairman of the Public Safety Advisory Committee.

A specific timetable has been developed, and status reports to the university community from the chairman of the Public Safety Advisory Committee have been set for early May, the end of the Spring Quarter and early in the Fall Quarter.

State FFA members set to convene at Cal Poly

The crowning of state champion judging teams and the election of new state officers are among the scheduled events during the 55th annual leadership conference of California's Future Farmers of America at Cal Poly from May 7 through 10.

The conference, with the theme "Education's Treasures—Discover Yours," opens on Saturday, May 7, with the all-day judging competition in various agricultural categories. Teams from throughout the state that have advanced in chapter and regional competition will vie for state championships.

The general session of the FFA delegates will take place Saturday night. The first delegate session is scheduled for 8 am Sunday, May 8, and President Baker is scheduled to welcome the delegates.
New Mexico teacher will speak at Cal Poly

A professor of art education and architecture from the University of New Mexico will discuss ways to create environments that enhance learning in a lecture at 11 am Thursday, May 5, in UU 220.

Anne Taylor's slide-illustrated talk is titled "The Effects of the Physical Environment on Learning and Behavior: Architectural Engineering for Humanistic Responses."

The lecture, one in the continuing Arts and Humanities Series, will be open to the public. Admission will be free.

Taylor, 33, a mother of three children, has spent the past decade studying the aesthetic development of children -- their self-expression and ability to make judgments about their environments.

The May 5 talk is sponsored by the School of Communicative Arts and Humanities.

Poly debate team excels at nationals

Two Cal Poly co-eds brought home the top prize from the national debate championships held April 13 through 18 in Estes Park, Colo.

Denise Krause, an agricultural management senior, and Lynette Frediani, a journalism sophomore, compiled a perfect 9-0 record at the Pi Kappa Delta National Championships.

Pi Kappa Delta is the national honor fraternity for collegiate debate and public speaking. The championships have been held every other year since 1917.

Don Swanson, a member of the Speech Communication Department faculty, is director of debate at Cal Poly.

Flower judging team national runnerup

North Carolina State University won another national championship but only after edging out Cal Poly by the scanlest of margins in the 42nd annual National Intercollegiate Flower Judging Contest.

Out of a total of 7,500 points possible, NC State won with 6,583 and Cal Poly finished with 6,578. Ohio State University placed third with 6,577 points. A total of 19 teams competed at the national championship at Colorado State University last month.

The Cal Poly flower judging team is coached by Virginia Walter, a member of the Ornamental Horticulture Department faculty.

Exhibit of drawings, paintings opens in library May 9

Gertrudis O’Neill, reference librarian at Cal Poly, is the featured artist in an exhibit to begin Monday, May 9, in the Robert E. Kennedy Library.

The art exhibit is titled "A Retrospective Exhibit of Drawings, Prints and Watercolors, 1956-1983." It will continue through Friday, June 3.

A reception for Ms. O’Neill is scheduled for 3 pm Sunday, May 15, in the Library Courtyard. Music will be provided by the Bay Wind Quintet. The public is invited.

Ms. O’Neill’s art consists of oils on paper, acrylics on paper, drawings in pencil, ink and wash, prints, and watercolors. Some of her work is a reflection of her travels in India, Turkey, Sri Lanka and Indonesia.

Ms. O’Neill studied at the Inter-American University, San German, Puerto Rico, and the Art Academy of Cincinnati. She received a master’s degree in fine arts from the University of Cincinnati.

‘The Good Doctor’ in residence at Poly

‘The Good Doctor,’ written by Neil Simon and based closely on the one-act plays of the Russian author Anton Chekhov, will be the Spring Quarter production of the theatre program of Cal Poly’s Speech Communication Department.

The play consists of 11 episodes presented in two acts. Each episode is a whole story in itself full of the funny and sad glimpses of life inherent in the works of both Chekhov and Simon.

Performances of the play are scheduled for 8 pm on Friday, Saturday and Sunday, May 13, 14 and 15 in the Cal Poly Theatre. Tickets are $3.50 and are available at the Ticket Office in the University Union or by calling ext. 1421.

The play is under the direction of Michael Malkin of the speech communication faculty.

Proficiency Exams

Certificate of Proficiency comprehensive exams will be given this Saturday in French and Saturday, May 7, in Spanish and German at 9 am in Dexter 220. The exams are for all students who have completed or are in the process of completing two years of the language. Applications are available in the Foreign Languages Department, English 201. A $10 fee is required.
Sanitation.

A county-wide talent show being staged at Cuesta College Auditorium April 30. Russell is a guitar and music appreciation-history teacher, and Williams is director of the University Jazz Band, which will provide music for dancing after the "Showcase '83" concert.

Dan Bertozzi, Business Administration, presented a paper titled, "Antitrust and the Herfindahl Index—Some Applications to the Brewing Industry," at the annual meeting of the Western Business Law Association in Monterey March 25-27.

R. A. Wysock, Industrial Technology, attended the annual executive committee meeting of the National Association of Industrial Technology April 8 through 12 in Ypsilanti, Mich. He is director of Region VI (Western United States, Alaska and Hawaii).

Richard J. Krejsa, Biological Sciences, presented a lecture and laboratory, The Biology of the Fish Integument, at Harvard University on March 8.

Denny Byrne, Recreational Sports, attended a National Intramural Recreational Sports Association conference in Nashville, Tenn. He was reassigned to the NIRSA Historical Committee and newly assigned to the Special Populations Committee.

Diane Michelfelder, Philosophy, presented a paper, "The Place of Hermeneutics in Heidegger's Later Philosophy," at the Western Regional meeting of the American Academy of Religion, April 7-9.

Judy D. Saltman, Philosophy, chaired a meeting on hermeneutics and presented a paper, "Paul Natorp and Rabindranath Tagore: A Dialogue on Religious Cultural Understanding," at the American Academy of Religion, Western Region, April 7-9, at CSU, Fullerton.

Gordon Curzon, English, presented a paper, "Poetry in the Schools: Right Brain/Left Brain Research," at the Silver Anniversary meeting of the California Association of Teachers of English in Los Angeles.

William L. Preston, Social Sciences, presented a lecture and discussion session April 13 at Cal Poly concerning the American overseas food aid program as detailed in the film, "Food Aid." The session was conducted in association with Hunger Awareness Week.

Michael T. Hanson, Natural Resources Management, attended the 48th North American Wildlife and Natural Resources Conference in Kansas City, Mo., March 20-23.

Robert S. Cichowski, Chemistry, is coauthor of "Science Expo '83," an article which provides guidelines for teachers who want to promote school science fairs. The article appears in Instructor and Teacher magazine April 1983.

Lynn M. Jamieson, Recreation Administration, was installed as president of the California Park and Recreation Society Educator's Section at the CPRS Pacific Southwest Conference in Anaheim March 4-7. Jamieson also presented a paper on private/commercial recreation.

J. Phil Adams Jr., Economics, attended the annual meeting of the Atlantic Economic Society in Paris, France, April 11-19. He served as a chairman for the discussion of professional papers in labor economics and human capital and contributed papers on international trade and the international monetary system.

Takis A. Papakyriazis, Economics, presented a paper at the International Atlantic Economic Conference, Paris, France, March 11-19. The paper was titled "A Control Theoretic Approach to Experimental Design for Time Series Econometric Models."
MONDAY, MAY 2

Craft Week: Ceramic demonstrations and instruction. For times, come by the Craft Center downstairs in the University Union or call ext. 1266. Public invited. (!)

Speaker: Robert E. Tobin of Los Angeles. West Coast consultant for the Portland Cement Association, will discuss tilt-up concrete structures. Dexter 221, 10 am. Sponsored by the Architectural Engineering Department. Public invited. (!)

Film: "How to Succeed in Business Without Really Trying." Mustang Lounge of the University Union, 7:30 pm. Public invited (!)

WEDNESDAY, MAY 4

French: Those interested in speaking French are invited to join Christine Marchant (Foreign Languages). Sandwicht Plant, noon. (!)

THURSDAY, MAY 5

Speaker: J. W. Wright of the Natural History Museum, Los Angeles, will discuss "Speciation in Parthenogenetic Lizards." Science E-27, 11 am. Sponsored by the Biological Science Department. Public invited. (!)

Speaker: Anne Taylor, professor of art education and professor, architecture and planning, University of New Mexico, will discuss "The Effects of the Physical Environment on Learning and Behavior: Architectural Engineering for Humanistic Responses." UU 220, 11 am. Public invited. (!)

Speaker: Steve Domenik, manager of Intel's Santa Cruz Design Center, on "Considerations in VLSI Graphics and Display Processor Design." Graphic Arts 104, 11 am. Sponsored by the Electronic and Electrical Engineering Department. Public invited. (!)

University Club: Mrs. Gloria Lambert will give a presentation on "Money Management: The Money Tree." Staff Dining Room, noon. Faculty and staff invited. (!)

Spanish: Those interested in speaking Spanish are invited to join Louise Noel (Foreign Languages) every Thursday. Sandwicht Plant, noon. Faculty, staff and students invited. (!)

Concert: The University Singers in conjunction with the CSU, Hayward Choir. Mission San Luis Obispo de Tolosa, 8 pm. Public invited. (!)

FRIDAY, MAY 6

Baseball: Chapman College. SLO Stadium, 7:30 pm. Public invited. (!)

SATURDAY, MAY 7

Baseball: Chapman College. SLO Stadium, double-header beginning at noon. Public invited. (!)

Women's Tennis: Loyola Marymount. Upper courts, 1 pm. Public invited. (!)

Position Vacancies

Candidates for position on the faculty of the University are presently being sought, according to Donald L. Shenton (Director of Personnel Relations). Those interested in learning more about the positions are invited to contact the appropriate dean or department head. This University is subject to all laws governing Affirmative Action and equal employment opportunity including but not limited to Executive Order 11246 and Title IX of the Education Amendments Act and the Rehabilitation Act of 1973. All interested persons are encouraged to apply.

CLOSING DATE: 5-10-83

CLOSING DATE: 5-18-83

Lecturer, Associate Professor, or Full Professor, Accounting, salary commensurate with qualifications and experience, full-time positions for 1983-84 to teach accounting courses. Doctorate or ABF's near completion, with degree or major in accounting. Teaching, research, publication, professional service and practical experience. Minimum of MBA and professional certification. Openings in September 1983.

Lecturer, Aeronautical and Mechanical Engineering, salary commensurate with qualifications and experience, possible temporary part-time positions as determined by need during the 1983-84 academic year, beginning Summer Quarter 1983. Teaching assignments in basic aeronautical, mechanical and/or HVAC engineering courses. Candidates must have a bachelor's degree in engineering, and teaching or industrial experience. Master's degree and/or professional registration preferred.

CLOSING DATE: 5-20-83

Lecturer, Animal/Veterinary Science, Summer Quarter 1983. Duties consist of teaching basic horse production courses to include a colt-training class. Additional duty involves supervision of student eruption preparing two-year-old quarter horses for a Fall sale. Bachelor's degree required plus experience in horse management and starting colts to ride.

Lecturers, Civil and Environmental Engineering, salary adjusted according to assignment. Part-time positions teaching courses in civil engineering for the 1983-84 academic year as needed.

CLOSING DATE: 5-21-83

Lecturers, Child Development and Home Economics, $5804-7632/quarter based on 15-unit teaching loads and will be adjusted depending on assignment, part-time positions anticipated for Fall and/or Winter and/or Spring and/or Summer Quarters 1983-84.
